Tupper is Out

The Reform Party Sweeps the Country

And Will Have a Clear Majority of 26—Sproule for East Grey by 650, Landerkin for South and Clark for North.

Notwithstanding repeated warnings from friends in the House and throughout the country, Sir Charles Tupper persisted in his Remedial measure, and on Tuesday he reaped the whirlwind which The Advance predicted when the measure was before the House. It alone wrecked the party. This is an epoch to be remembered in the history of Canada. It is an epoch which brings out clearly the fact that the priesthood and bishops have lost to a great extent the power which they held in past years over temporal matters, for Quebec itself has given them unequivocally to understand this fact, seat after seat having been gained by the Liberals in that land of the mandement itself. Full returns place the Liberal majority over all at 26. In East Grey Dr. Sproule has been magnificently returned by the large majority of 650. North Grey has retaliated upon the government by electing a Liberal with a majority of 74. The three-cornered fight in South Grey has resulted in Dr. Landerkin's reelection by a good majority. Following are the returns for South Grey:

BY TOWNSHIPS.

ARTEMESIA—Allan 132; Jamieson 336, Landerkin 303. Majority for Jamieson, 33.

GLENELG—Allan 162, Jamieson 322, Landerkin 177. Majority for Jamieson, 145.

DURHAM—Allan 19, Jamieson 173, Landerkin 77. Majority for Jamieson, 96.

NORMANBY—Allan 171, Jamieson 426, Landerkin 375 Maj. for Jamieson, 51.

EGREMONT—Allan 474, Jamieson 116, Landerkin 290. Majority for Allan over Landerkin, 184. Majority for Landerkin over Jamieson, 174.

BENTINCK—Allan 274, Jamieson 294, Landerkin 568. Majority for Landerkin, 274.

MARKDALE—Allan 9, Jamieson 95, Landerkin 46. Majority for Jamieson, 49.

RECAPITULATION.

Majority for Landerkin, 74.

NOTES.

The election was marvellous in many ways. One young man came from Owen Sound to vote by the afternoon train. He was five minutes late and lost his vote. He had purposed coming in the morning but an emeny turned back his watch and he missed his train.

Euphrasia rolled up a big majority for Dr. Sproule. It is said that every vote was polled in that township with one exception and that man was in Montana and sent his regrets. The vote in this riding was also very large.

Dr. Landerkin's old majority was 3.

Clark, Osler, Lount and Robertson are the members for Toronto.

McMullen was again returned in North Wellington. Brandon returned McCarthy.

The Advance editor took a jaunt by wheel on Saturday afternoon last by way of Markdale, Goring, Rocklyn, Clarksburg, Heathcote and Kimberley, about 57 miles, and in all that distance saw no evidence of any grasshopper plague such as was feared. The crops, too, looked very fair along most of the route. The hoppers, no doubt, are plentiful in some sections, and have damaged some pasture and oat fields, but we do not think any general plague of the beasts need be feared.

Graham vs. Graham.

To the Editor of The Advance.

SIR,—As in your last issue there appeared a letter over the signature of John I. Graham in relation to the above action which makes reference to me, I respectfully request the insertion of a reply.

Mr. Graham practically admits the correctness of the newspaper report of his case except as to payments made by him since the family settlement in 1893. If he is correct in his contradiction it is strange he did not say what amount he paid in cash and in supplies. This would have made his objection much more valuable. He claims to have asked some one to buy some supplies, but nothing more.

His letter suppresses the fact that his offer of settlement in my office had the condition attached that his mother should accept supplies instead of the $100 annually in cash agreed upon. This she objected to. The same thing was sought to be effected by the family settlement which the court has disallowed.

Mr. Graham has been incautious in referring to the amount of judgment recovered against him by way of compromise, first because he resisted payment of the chattles reserved by his mother on the ground that he was protected by the statute of Limitations, and secondly because of the information given by his solicitors as to his financial standing and evident effect of a large judgment. The smaller the amount the more readily paid. He should not have complained of this and it cannot of course be the occasion of an advertisement for the sale of his property now published.

His letter is also incorrect as to costs as he pays his own costs under any circumstance.

His "lack of good advice," or rather of his ability to take it and of filial conduct are conspicuously displayed in his continued neglect and persistent refusal to pay his mother her annuity for 5 or 6 years past, during which as he suggests she has grown older.

I do not understand his closing sentences and have only to say if he refers to me it is a piece of gratuitous impertinence without foundation and that your correspondent should have plenty to do attending to his own affairs without bothering with more.

J. W. FROST.

Owen Sound, June 22nd, 1896.

County Council

The June Session of the County Council opened on Monday evening at the Court House, all the members being present except Mr. T. I. Thompson of Owen Sound. The Warden took the chair at 7.30 p. m. and after the usual routine business had been disposed of addressed the council briefly. He said it afforded him great pleasure to meet the members of the council in good health and spirits. They were all pleased to see their old friend Mr. Chisholm, the reeve of Owen Sound, back in his place after his serious illness. Nothing of importance had occurred since last session. His work had been entirely of a routine nature, and he was glad to say the country was at peace with its neighbors. He had signed a few small orders and he hoped this would be satisfactory to the Council. The treasurer's estimates would soon be brought down. They would be found rather higher than usual, owing to the increase of expenditure for judicial purposes. The farmers were to be congratulated on the prospects of better crops than they had last year, although parts of the country were threatened with a grasshopper plague. It would not be necessary for him to advise economy because he knew they would practise it without such advice from him. The warden concluded his address amidst applause.

A large number of communications were read and referred to the various committees to be dealt with later on.

The treasurer's estimates were presented showing an estimated expenditure of $32,188 for the year.

The council adjourned at 8 o'clock till 10 a. m. Tuesday.

TUESDAY MORNING.

Council met pursuant to adjournment. The Warden in the chair, members all present. After routine business, several accounts and communications were read and referred to the respective committees. On motion, the Council then adjourned till ten o'clock on Wednesday morning to allow committees time to consider matters referred to them.

WEDNESDAY MORNING

The Warden took the chair at ten o'clock. Members all present. Several communications were read and referred.

The County Clerk presented and read his report on matters referred to him at last session of Council, which was referred by the Warden to the committee on communications and memorials. The report stated that the two memorials which the Council had requested the clerk to draw up and forward to the Ontario Legislature, had been duly prepared and transmitted. The first memorial asks that the Industrial school at Mimico be made a provincial institution free to all municipalities. The second asks that the municipalities be relieved of the expense of paying for the polling booths in provincial elections. The clerk's report also stated that a bond for the deed for a road deviation had been registered in the registry office of South Grey in accordance with instructions; also that an index to the bylaws of the County had been prepared and printed in accordance with the instructions of the Council.

Mr. Howe presented report No. 1 of the finance committee, recommending that the Owen Sound General and Marine Hospital be granted $200; that the presentment of the Grand Jury be filed; that a bylaw be introduced to appoint a high constable for the county; that the application of C. C. Pearce and Henry Taylor, Owen Sound, and George Noble, Markdale, for that position be received and filed; that the auditor's report be filed; and that all accounts amounting to $10 71 be paid. The report was adopted and read.

Mr. Binnie introduced bylaw 571 to appoint a high constable, and Mr. Gilray bylaw 518 to fix the fees to be paid by county pupils at the high schools of this county. Both bylaws were given a first and second reading and passed through committee of the whole, and the former was filled in with the name of Geo. Noble, of Markdale, who therefore becomes high constable of the country.

Mr. Thomson, chairman of the special committee re the heading of the court house presented his report of same, accompanied by plans and estimates prepared by Messrs. W. J. Burroughes & Co., heating engineers, Toronto.

Council adjourned till 10 a. m. Thursday.

Sir Leonard Tilley is dying.

James Thompson was found guilty at the Orangeville Assizes of stealing 90c and got six months.

After two and half hours' deliberation the jury in the Agnew murder case found the prisoner, John Kearney, guilty of wilful murder. Mr. Justice Street sentenced the prisoner to be hanged on October 1.

FARMERS, READ THIS!

"King Pin"

18905.

By Knickerbocker 200, the sire of ten in the 2.30 list, and the sire of the dam of Alar 2.11, Chronos 2.12½ and eleven others. This shows that his stock is breeding on and in the very front ranks.

Knickerbocker is by the king of sires, Hambletonian 10.

King Pin's dam is Topsey by Kentucky Prince 2450, sire of Guy, 2.09¾, Eloise, 2.15, and over thirty others in the list, second dam by Forest King 1754, the sire of Lady Basset, 3.29¾, and others, and Forest King is by that great sire, Mambrino Patchen 58, sire of 25 in the list, and sire of the dams of 112 fast performers, including Ralph Wilkes, 2.06¾. King Pin's dam, Topsy, is in the great brood mare list, being the dam of Zerlane, 2.25. King Pin is 5 years old, a beautiful dark bay 16½ hands high, and weighs 1300. He is a horse of great style, quality, and a grand actor, and can now, without training, show a 2.40 gait. He has great substance, strong build, the make up of a sire, the speed to transmit and the breeding and blood lines to make him prepotent, and not only a sire of race horses but a sire of **elegant carriage and saddle horses** with grand knee and hock action, and large enough for all kinds of farm work.

This young stallion was imported by me last winter, did a large business last season, and is a sure foal getter. His service fee will be within reach of every farmer. See small bills later.

The principal stands for season of '96 will be: Priceville, at or near Hopeville, Proton Station, South-east Artemesia, Wareham, McIntyre, Maxwell, Eugenia Falls, Flesherton and home stable, Markdale.
