A failing tiny nerve—no larger than the finest silken thread—takes from the heart its impulse, its power, its regularity. The Stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing stomach, heart or kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become fully convinced of its wonderful merit. Anyway, don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

Prof. H. A. Howell, of Havana, Cuba, Recommends Chamberlain's Cough Remedy.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold; the next day was worse and the following night his condition wos desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by W. E. Richardson.

Mr. Cecil Legate:—

Dear brother and fellow worker,—We the members of the Young People's Guild of Chalmer's church, Flesherton, Ont., desire to give expression to the high esteem in which you are held by us all, on this evening of your departure from amongst us. We have all enjoyed very much your presence with us, and have profited very greatly by your christian example and kindly spirit. Your love for the cause of Christ and your faithfulness have been clearly manifested by your service in and attendance of the meetings of the Guild to the full extent of your physicial ability. We are very sorry to lose you from our church and Guild, but we sincerely hope the change may become a great benefit to you and we hope it may be our fortune to have you come back again to us at no very distant day.

As a visible token of our good will and kindly appreciation of your amiable disposition and true christain character we ask you to accept this little volume of the scripture believing that owing to your love for the word of God it will afford you great pleasure and comfort of heart when far away from the "Old Folks At Home", than any other article that we might choose as an expression of the christian affection to you. Quite a "thriller" occurred above the mill dam on Monday of this week. Geo. Hesch was engaged getting out ice and had walked his $400 team over the same route of the ice on the river as usual when there was a crash, and in the horses went. As the team went down the sleigh shot up in the air. It appears that one horse got on top of the other in the water, with the result that it was turned on its back. It was indeed quite a mix-up. One horse, it is said, was lost sight of at one time as it went completely under the ice. By cutting the harness and under great difficulty the team were at length gotten out, but it was a very narrow escape. One horse was pulled out with a chain around its neck. Ten men were at work landing the other.—Hanover Post.
