THE ARMY WORM WITH US

The army worm has made its appearance in this township. The first news we have heard of its proximity was furnished by Mr. R. Oliver of the South Line, who says he noticed its depredations first in a field of oats on Friday last, and since then has discovered its presence in thousands. He brought some specimens to town Monday morning and they are now on exhibition in this office. Mr. Oliver has seven acres of oats averaging 5 ft. 8 in. in height and the grubs are levelling this. It will no doubt be discovered in other localities, and farmers should be on their guard. Two weeks ago we gave a lengthy article on the habits of the grub and remedies for its destruction from the pen of Professor Panton, and this proved very timely, as it placed valuable information in the hands of those who were likely to be troubled with the pest. A farmer writing to the press from eastern Ontario states that he successfully combatted the grub a few years ago with quicklime, dusting it over the spots infested. This, it is claimed, will operate as well as Paris green and does not contain the dangerous elements of the latter. We intend to preserve some of the "pets" which Mr. Oliver presented us with on Monday, and the show is free to all who desire to make the acquaintance of Mr. "Leucania Unipuncta," as Prof. Panton informs us he is called in Latin. While the grub is partial to green oats he is not altogether averse to ripe grain, and trims off the leaves and grain head, cutting the stalk. As the season is pretty far advanced it cannot do so much damage as otherwise, but still it can do a great deal if it comes in sufficient numbers. Mr. Oliver informs us that he discovered myriads of minute worms just hatched, and no telling what these will do if not destroyed. Vigorous measures will no doubt be taken to annihilate them.

The North Grey Liberals have tendered the nomination for that constituency to Hon. Wm. Patterson of Brantford. Mr. McLaughlin will again be in the field as the Conservative standard bearer, and it will now be biscuits against biscuits, with chances in favor of the homemade article.
