Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the sneeze stage—they break, or head off these early colds. That's surely better. That's why they are called Preventics.

Preventics are little Candy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your total sickness. And don't forget your child, if there is feverishness, night or day. Herein probably lies Preventics' greatest efficiency. Sold in 25c boxes for the pocket, also in 25c boxes of 48 Preventics. Insist on your druggists giving you

When You Take Cold

One way is to pay no attention to it; at least not until it develops into pneumonia, or bronchitis, or pleurisy. Another way is to ask your doctor about Ayer's Cherry Pectoral. If he says, "The best thing for colds," then take it. Do as he says, anyway.

Ayer's — We publish our formulas. We banish alcohol from our medicines. We urge you to consult your doctor

When the bowels are constipated, poisonous substances are absorbed into the blood instead of being daily removed from the body as nature intended. Knowing this danger, doctors always inquire about the condition of the bowels. Ayer's Pills.

IF your baking goes wrong, investigate — find the cause. Look to your stove, your yeast, your baking methods.

If you succeed in pinning the trouble down to the flour—then take up the flour question in dead earnest.

Consider that flour, to be successful from a baking standpoint, must be *fine* to produce light bread or pastry, *pure* to make that bread or pastry wholesome, and *rich* in nutriment to make it nourishing.

Ogilvie's Royal Household

has these three qualities in the greatest degree.

Ogilvie's Royal Household is *milled* by the most modern methods, and made only from *Manitoba Hard Wheat* which contains the highest percentage of nutriment.

Royal Household Flour never disappoints.
