WHEN TO USE DR. WILLIAMS' PINK PILLS

Dr. Williams' Pink Pills were originally a perscription used in the doctor's private practice and their benefit to mankind has been increased many thousand fold by their being placed on general sale throughout the world with the doctor's own directions for use. They are entirely safe and contain no opiate or habit-forming drugs.

Dr. Williams' Pink Pills are a remedy to use when the blood is thin as in anaemia; or impure, as in rheumatism, or when the nerves are weak, as in neuralgia; or lifeless in paralysis; or when the body as a whole is ill nourished, as in general debility. They build up the blood, strengthen the nerves and cure the troubles of women and growing girls, and many forms of weakness. That thousands of people have tried this treatment with good results is shown by the constantly increasing number of cures reported.

Mr. Paul Charbonneau, a young man well-known in the town of St. Jerome, Que., is one of the host who bear testimony to the value of Dr. Williams' Pink Pills. He says:—"When I left school I became a bookkeeper in an important office. Probably due to the confinement I began to suffer from indigestion and loss of strength. I became pale and seemingly bloodless and was often seized with palpitation of the heart and violent headaches. I tried several remedies, but they did not do me a bit of good. I was advised to try Dr. Williams' Pink Pills and did so, and the use of eight boxes brought me back to perfect health and strength. I have since enjoyed the best of health and cannot say too much in praise of this valuable medicine.

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box or six boxes for $2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

Jenkins—"Well, sir, I gave it to that man straight, I can tell you. He is twice as big as I am, too, but I told him exactly what I thought of his rascally conduct right to his face, and I called him all the names in the dictionary, and a lot of others as well." Studds—"And didn't he try to hit you, Jenkins?" Jenkins—"No, sir, he didn't. And when he tried to answer back, I just hung up the telephone receiver and walked away."

EVERY HOUSEKEEPER—must often act as a family physician. Painkiller for all the little ills, cuts and sprains as well as for bowel complaints, is indispensable. Avoid substitutes, there is but one "Painkiller"—Perry Davis', 25c and 50c.

When a farmer begins to call himself an agriculturist it's time for him to sell the farm and move to town.

You cannot be happy while you have corns. Then do not delay in getting a bottle of Holloway's Corn Cure. It removes all kinds of corns without pain. Failure with it is unknown.

10,000 GYMNASTS.

Once in every three years the gymnasts of Switzerland and the members of the affiliated clubs in other countries—for the most part composed of Swiss residents abroad—meet to compete in the great contest known as the Federal Gymnastic Festival, says the Illustrated London News. A carefully prepared series of exercises is gone through on gymnastic apparatus; there is Swiss wrestling, and there are competitions in the national games of Switzerland, including throwing the stone (a forty pound square block of granite). The festival closes with a display of combined extending exercises in which all the competitors take part. This year at Lausanne there were 10,000 amateur gymnasts in the arena at Beaulieu going through these exercises simultaneously. As they wore white with touches of color the effect produced was extraordinary. Gymnastics are the national pastimes of the Swiss boys and young men, and the clubs they form are recognized and encouraged by the Federal Government.

A man may be ambitious to enlighten the world, but his real mission is to pay his bills.

CITY OF BURNISHED COPPER.

Expedition to North Central Sahara Returns Disappointed.

The expedition which left the Pyramids of Gaizeh, Egypt, for the North Central Sahara returned on Sept. 8th without misadventure, after an absence of 49 days.

The expedition, headed by Mr. Dow Covington, an American archaelogist, set out in search of "a city of burnished copper." The existence of such a city had been more or less obscurely rumored, but has now been proved to be mythical.

The expedition asserts, however, that there undoubtedly are certain structures, according to corroborative testimony of the Sonussi, westward of the Siwa Oasis. They were unable to make a search for these structures, as they had given the Egyptian Government a signed promise not to proceed westword of Siwa, which is 16 days' camel ride west of Cairo.

They arrived at the unmapped oasis, tobogba (lat. 29.5, long, 26.40, approximate), three days east of Siwa, where they found large expanses of salt marshes.

The temples of the "King's Treasure" and Jupiter Ammon were visited at Siwa, and it was ascertained that no serious excavations had been effected there. The expedition are of opinion that a systematic excavation of bo. these temples would prove of great interest.

The attitude of the Senussi was at all times of a most friendly character. The Senussi Mamour (headsman) of Gara actually accompanied them to Tobogba, and preceded them into Siwa.

The expedition will make a fresh attempt to investigate the "burnished copper" story in the near future

PEACE A MERE DREAM.

There Will Always be War, Says the Kaiser.

Two versions are in circulation of a remarkable speech delivered by the Kaiser at Karlsruhe on the occasion of the parade which preceded the opening of the annual Imperial military manoeuvres. The official telegraph agency issues a version which states that his Majesty "spoke something as follows":—

We Germans are a people who rejoice in arms. Therefore we bear our armaments easily and gladly because we know they guard and preserve for us that peace amid which alone our labor can flourish. As long as there are wars our armed forces are the rock of bronze on which peace rests. To preserve this peace and guard the position in the world which is our due is the object of our forces and of the days of exertion imposed upon them. I am, however, firmly convinced that our army will stand its tests well, with God's help and under God's protection.

The sentences present in other versions, but omitted from the official report, are:

As long as the human race endures there will be enemies and enviers, and as long as there are enemies and enviers we must be protected against them. Therefore there will also be prospects of war and war itself, and we must be ready for all eventualities.

ADVICE FROM A MOTHER TO ALL OTHER MOTHERS

The young mother—the inexperienced mother—is always glad to get the advice of the more experienced in the care of her little one. Thousands of mothers have emphatically said that there is no medicine equal to Baby's Own Tablets for keeping little ones well, or restoring health if illness comes suddenly. The young mother can safely follow the lead of these others. Mrs. John Shortill, Georgetown, Ont., says:—"I would not be a day without Baby's Own Tablets in the house. I believe they saved my youngest child's life. At the age of three months she cried all the time with indigestion. Our doctor did all he could for her, but did not seem to help her. Then I got Baby's Own Tablets and they worked a wonderful change. They seemed to tone the stomach, moved the bowels regularly, and she has ever since been a healthy child." Sold at 25 cents a box by all dealers or by mail from The Dr. Williams' Medicine Co., Brockville, Ont.

THE POINT OF VIEW.

Jean Paul Laurens, the famous French painter, was the son of an honest cart-driver of Toulouse. At one time, when the painter was at the height of his Parisian reputation, it happened that two old women at Toulouse were talking about the Laurens family.

"Let me see," said one, "there were two boys, weren't there?"

"Yes."

"What became of them?"

"Oh, one's a grocer right here in Toulouse. He does a very good business."

"And the other one?"

"The younger one? He went off to Paris and became an artist."

"Dear, dear! And his father such a good, worthy man!"

GANANOQUE MAN OUT OF TROUBLE

HAD RHEUMATISM, BUT DODD'S KIDNEY PILLS CURED IT.

Hugh Abernethy on His Feet Again—Cure is Easy, Simple, Natural and Permanent.

Gananoque, Ont., Oct. 18.—(Special).—That Rheumatism can be cured surely, simply and permanently is the good news that Hugh Abernethy, a well-known resident of King Street, is spreading among his neighbors.

"I had suffered from Rheumatism and stiffness of the joints," Mr. Abernethy states. "My muscles would cramp. I could not sleep, and I had terrible headaches. I took many different medicines, but nothing did me any good till I tried Dodd's Kidney Pills. Six boxes put me on my feet again."

Others who have taken Mr. Abernethy's advice and used Dodd's Kidney Pills are also loud in their praises of the old reliable Canadian Kidney remedy. For Dodd's Kidney Pills cure Rheumatism and other blood diseases by curing the Kidneys. Sound Kidneys keep the blood free from impurities. And with no impurities, such as uric acid in the blood, you cannot have such painful and dangerous diseases as Pain in the Back, Rheumatism, Lumbago, Neuralgia, and Heart Disease.

Keep your Kidneys strong and well with Dodd's Kidney Pills and you can face the cold, wet days of fall without a fear of Rheumatism.

PUTTING OFF THE DAY.

She was trying to persuade her husband to give up smoking, and she had pointed out to him one day the exact amount of his expenses for tobacco during the course of a year.

"Besides, my dear," she persisted, "you will be better off, mentally, physically and financially, without the pipe and the cigars."

"Well, maybe so; but all great men have smoked," he argued.

"Well," she sighed, "just promise me, dear, that you'll give up smoking until you are great. Then I'll be perfectly satisfied."

A BOON TO MOTHERS.

When Children are Injured!

Children are always sustaining cuts, bruises, burns, etc., and not infrequently contract ringworm, scalp diseases, and similar skin troubles at school. Mothers will find Zam-Buk without equal for all these accidents and diseases.

Mrs. Thomas Allen, 156, Water Street, St. Mary's (Ont.), says:—"My daughter Mildred, 4 years old, was severely burned by falling on a hot flat iron. She was burned on the heel, instep, and on the thigh very badly. I at once applied some Zam-Buk, which eased the pain, and in the course of a few days the wounds were thoroughly healed."

Mrs. George Aldridge, 12, Louise Street, Stratford, says:—"While playing barefooted about the yard my son Bertram, 6 years old, stepped on a broken glass bottle, which cut very deeply into his big toe. The cut was so deep that I sent for a doctor and had the foot properly dressed, the doctor leaving a lotion to be applied daily. Under this treatment, however, the wound seemed to get no better, but on the contrary inflammation set in. A kindly neighbour then recommended Zam-Buk. We obtained a supply, and after a few applications the child seemed to rest better, and the pain was very much reduced. In a few days, under the Zam-Buk treatment, the wound assumed a better appearance, and from that time healing was very rapid. Inflammation and soreness were finally completely banished, and in ten days from the first application of Zam-Buk, we took the bandages from the foot. I feel sure that but for Zam-Buk the child would have had a very bad time, and might have had to sacrifice the toe."

Not only for cuts, burns, bruises, etc., is Zam-Buk effective, but also for serious skin diseases such as eczema, ringworm, ulcers, etc. It also cures poisoned sores, chronic wounds, bad leg, piles, festering sores, chapped hands, cold sores, frost-bite, and all skin injuries and diseases. Druggists and stores everywhere sell at 50c a box, or post free for price from Zam-Buk Co., Toronto; 3 boxes $1.25. You are warned against harmful imitations sometimes represented to be "just as good."

THEN TROUBLE BEGAN.

O'Flanagan came home one night with a deep band of black crape around his hat.

"Why, Mike," exclaimed his wife, "what are you wearing that mournful thing for?"

"I'm wearing it for your first husband," replied Mike, firmly. "I am sorry he's dead."

A writer tells of the sister of Lord Houghton who was frequently annoyed at the guests whom her brother brought to the house. "Do you remember, my dear," he asked her at dinner one day, "whether that famous scoundrel X. was hanged or acquitted?" "He must have been hanged," she replied, "or you would have had him here to dinner long ago."

CURED OF LAME BACK WHEN 54.

Mr. Samuel Martin, of Strathroy, Ont., passed twenty years of his life in misery, suffering tortures from Lame Back. He tried nearly all the advertised remedies and household recipes, but received no benefit from any of them.

Some months ago, seeing Gin Pills advertised, Mr. Martin purchased a box. The relief which Mr. Martin experienced after he had taken one box was so great that he knew he had found the right remedy at last. He used two more boxes and is now completely cured.

50c. a box, 6 for $2.50, at all dealers. Sample free if you write National Drug & Chemical Co., (Dept. W. L.) Toronto.

350 YEARS OF LABOR.

Six Men Whose Service With One Firm Reaches That Total.

A single firm of cutlery manufacturers at Sheffield, England, has in its employ six workmen who have been with the firm continuously for a total of 350 years. This means an average of almost sixty years of continuous work for each employee.

Two of these men are 76, two are 75, one is 74 and one 73. A picture of the group published in the Iron Age shows a sturdy looking set of men. That they must be, as they are still at work. Three of them are cutters and three grinders.

The same firm has people of three generations at the bench in its employ—from grandparents to their grandchildren. These workers began as children, according to custom, and have been continuously with the house ever since as piece workers.

Used according to directions, Dr. J D. Kellogg's Dysentery Cordial will afford relief in the most acute form of summer complaint. Whenever the attack manifests itself no time should be lost in seeking the aid of the Cordial. It will act immediately on the stomach and intestines and allay the irritation and pain. A trial of it will convince anyone of the truth of these assertions.

David Slowpay—"I shall bring you back those dark trousers to be reseated, Mr. Snip. You know I sit a good deal." Mr. Snip (tailor)—"All right; and if you'll bring the bill I sent you six months ago, I will be pleased to receipt that also. You know I've stood a good deal."

If allowed to roam over your house those few innocent-looking house flies may cause a real tragedy any day, as they are known to be the principal agents for the spread of those deadly diseases, typhoid fever, diphtheria and smallpox. No other fly killer compares with Wilson's Fly Pads.

Englishman—"Pardon me, sir, but where do you come from?" Paddy—"From County Cork." Englishman—"Then that accounts for your brogue." Paddy—"May I ask where you come from?" Englishman (proudly)—"From Worcester." Paddy—"Then that accounts for your sauce!"

Help your children to grow strong and robust by counteracting anything that causes ill-health. One great cause of disease in children is worms. Remove them with Mother Graves' Worm Exterminator. It never fails.

Parke—"You keep a joint banking account with your wife, don't you?" "Lane—"Well, yes; I deposit the money and she draws it out."

Red, Weak, Weary, Watery Eyes. Relieved By Murine Eye Remedy. Try Murine For Your Eye Troubles. You Will Like Murine. It Soothes. 50c At Your Druggists. Write For Eye Books Free. Murine Eye Remedy Co., Toronto.

It's difficult to settle a case in court while the litigants have any money.

Even the hotheaded man occasionally gets cold feet.

Away With Depression and Melancholy.—These two evils are the accompaniment of a disordered stomach and torpid liver and mean wretchedness to all whom they visit. The surest and speediest way to combat them is with Parmelee's Vegetable Pills, which will restore the healthful action of the stomach and bring relief. They have proved their usefulness in thousands of cases and will continue to give relief to the suffering who are wise enough to use them.

SOLDIERS OF THE SHAH.

The Persian Army is composed entirely of infantry, and no one beneath commission rank ever gets paid. There is just enough money to go round among the officers, but that is all. There is a uniform; but, as he is never provided with it, the Persian "Tommy" accepts the inevitable—and does the best he can. When he is on the march, there is no limit as to the amount of baggage that the private soldier may take with him. Two or three men generally club together, and buy a donkey, on whose unfortunate back is piled a regular mountain of water-jars, bedding, cooking utensils, and the like. Or, if he is exceptionally well to do, a soldier buys a donkey all for himself, and, stretching himself across the back of the unhappy little beast sleeps peaceably until it is time to get up and feed.

ROOM ON TOP.

"Why have we stopped, captain?"

"On account of the fog, madam."

"Oh, but my dear captain—surely not! Look! It's perfectly clear above!"

"Aye, ma'am; but we're not goin' that way, unless the boiler bursts!"

LIST SENT ON REQUEST

DOMINION SECURITIES CORPORATION LIMITED 26 KING ST E TORONTO

CANCER, Tumors, Lumps, etc., internal and external, cured without pain by our home treatment. Write us before too late. Dr. Bellman Medical Co., Ltd., Collingwood, Ont.

"And why were you discharged from your former place?" "For being too industrious—and that's the truth. "That's very strange. What did you do?" "I went into the cellar one day and dusted the old wine bottles."

A Simple and Cheap Medicine.—A simple, cheap and effective medicine is something to be desired. There is no medicine so effective a regulator of the digestive system as Parmelee's Vegetable Pills. They are simple, they are cheap, they can be got anywhere, and their beneficial action will prove their recommendation. They are the medicine of the poor man and those who wish to escape doctors' bills will do well in giving them a trial.

One day, a lady was travelling by a train to Cork. When the train stopped at a certain junction the lady looked out and said to a porter: "Is it raining, porter?" "Oh, no!" said the porter; "it is raining rain."

After making a most careful study of the matter, U. S. Government scientists state definitely that the common house fly is the principal means of distributing typhoid fever, diphtheria and smallpox. Wilson's Fly Pads kill the flies and the disease germs, too.

Mr. Headstall—"That horse you brought yesterday seeme a vicious-looking animal. Is he affectionate?" Mr. Cropper—"Affectionate? I should think so. Why, when he came out of the stable he stood upon his hind legs and tried to embrace me."

NO SUBSTITUTE FOR "The D. & L." Menthol Plaster, recommended by everybody for stiffness, plurisy, etc. Made by Davis & Lawrence Co.

Small Girl—"Give me a bite of your candy, Jimmy." Small Boy—"No fear! but you may kiss me while my mouth's sticky."

It is Known Everywhere. — There is not a city, town or hamlet in Canada where Dr. Thomas' Eclectric Oil is not known—wherever introduced it made a foothold for itself and maintained it. Some merchants may suggest some other remedy as equally beneficial. Such recommendations should be received with doubt. There is only one Eclectric Oil, and that is Dr. Thomas'. Take nothing else.

The other day a benevolent old gentleman was stopped by a tramp, who asked for money to get a night's lodging. "Well, look here, my man," the old gentleman said, "what would you say if I offered you work?" "Bless yer life, sir," came the reply, "I wouldn't mind a bit. I can take a joke same as most people!"
