Co-operation, Please

It is essential that more care be given cream during the hot weather.
Here are several hints which will help you and help us to maintain our high standard of quality butter:

1. Cool cream as rapidly as possible after separating. This can be done by placing the cream container in a vessel of cold water in the basement.
2. Send cream in by trurk or deliver at least twice a week.
3. Keep all dairy utensils in best possible sanitary condition.

Valley OF REVENGE
BY
JACKSON · COLE

• The story of the Red Cavalier—young Michael Valdez O'Brien—who sets out to avenge the crimes against his own family and to bring down the leaders of the bands which were plundering and killing the peons and eastern settlers in the desert valleys of the great Southwest.

It was the outlaw trail, followed by a man of character who had grown relentless in his thirst for revenge.

THINGS often overlooked in Poultry Marketing

WEIGHT
Selling your poultry at your farm, you avoid heavy weight shrinkage. Shipping to an outside market, you are certain to have a large weight shrinkage.

DON'TS
Do not sell your poultry at a quotation for the flock. Do not sell at so much per bird. That buyer is always playing safe — you are the loser.

BUYING
WE weigh and pay cash at your farm.

RESULTS
This is your vital interest. Our method assures you TOP CASH RETURNS.

SERVICE
Write or phone. Our trucks are in your district weekly.
