It may be far too intricate,
For a common-place woman to see,
But the present "tide in the affairs of man."
Seems awfully untidy to me.

VICTORIA CORNERS

Educational slides were shown at No. 4 school one afternoon recently, with Springhill and Proton Station pupils and teachers as guests.

Mrs. Ed. Stinson visited a few days with her daughter, Mrs. Fred Linton, and family, Maple Grove.

This winter seems to be a trying one on people, in the way of sickness. Each week we seem to have some mention of sickness and this one not to be counted out. We are sorry to record the illness of Mrs. Milton Bannon, having reached the hospitalization stage. She entered Markdale hospital Wednesday afternoon. We trust that her stay there may be of brief duration and that she may soon return home much improved in health. Mrs. E. A. Stinson has been treated at Markdale and Owen Sound hospitals during the past week for a back ailment, but did not have to remain in the hospitals.

Mrs. Gordon Acheson's many relatives and friends of this community are glad to know of her good progress following her operation in the Toronto General Hospital two weeks ago. Her uncle, Mr. Wilfred Gallaugher, visited her on Tuesday of last week, and at the week end Messrs. Gordon and Ren Acheson, Jas. Palmer, Mrs. Oscar Patterson, Mrs. Russell Patterson and Miss Ina Acheson visited with her.

Mrs. Carson went to Owen Sound on Thursday to spend the balance of the winter months with her daughter, Mrs. Wm. Dingwall, and family.

Visitors during the week end in the Milton Bannon home were: Miss Doris Bannon, Mr. and Mrs. Jas. Bannon and little son, Tommy, of Toronto. They also visited with their mother in Markdale hospital.

Mr. and Mrs. E. A. Stinson, Don and Bert, were recent guests of Mrs. Stinson's grandmother, Mrs. Bolen, at Corbetton. On Wednesday they attended the funeral at Dundalk of Mrs. Stinson's cousin, Mrs. Jas. Mulligan, whose sudden passing occurred in the Orangeville Hospital on Monday.

We are pleased to report Mr. Jake Williams progressing favorably toward good health at the home of his daughter, Mrs. Ross Lehman, in Toronto. His daughter, Mrs. W. G. Davies, who has been with him the past couple of weeks, expects to return to her home in Winnipeg this week.

In a recent report of the election of officers of Eugenia W.A., the name of Mrs. C. Martin was used as organist, when the name should have read Mrs. C. Magee.

CREAM

Our production of butter has been increasing from year to year, and in comparing the months of October, November of 1946, with the corresponding months of 1947, which are low production months, we find an increase in cream volume even in those months. We find that the answer to the increase in production is: always paying top market prices for your cream, and giving the very best creamery service to the farmer.

A further service we can render to the patrons who reside on the unplowed sideroads: you can telephone us and our truck will meet you on the highway, to have your cream picked up.

EGGS

The new export price on eggs becomes effective on February 1st, 1948, and we understand it will be higher than last year's export price.

POULTRY

We are year-around buyers of Fowl and Chickens, dressed or alive. You are always assured of top market prices for your Poultry.

THIS IS AN EMERGENCY ...let's treat it as such!

CANADA is heavily "in the red" in present trading with the U.S. dollar area. In our total trade with the world we are in a good position but not in that part which is done with U.S. dollar countries. Other countries with whom we do business cannot pay us in full, either in cash or in goods, for the things they buy from us.

This situation is made more serious than ever before because so many countries, our regular customers, have not recovered from the war. It may be some time yet before they get on their feet sufficiently to help put things right. Meantime, we must find ways and means of balancing our own books and reducing our U.S. dollar deficit.

There are two things we can do at the moment... cut down unnecessary purchases from the U.S. dollar area and increase our production of goods that can be sold to those countries to balance accounts. It's an emergency and should be treated as such.

TO KEEP OUR INDUSTRIES HUMMING...OUR LIVING STANDARD HIGH, WE NEED PETROLEUM, COAL, COTTON, STEEL AND SIMILAR ESSENTIAL THINGS

WE CAN PAY FOR THESE THINGS IF WE CURTAIL OUR SPENDING ON IMPORTED NON-ESSENTIALS OR TRIMMINGS . . . AT LEAST FOR AWHILE

YOU AS A CANADIAN CAN HELP

1. *Do not order goods by mail from other countries... do not buy goods to bring home when you travel outside Canada. See also Item 2.*
2. *If you feel some purchase is absolutely essential, see your Collector of Customs and Excise beforehand, to learn whether the item is prohibited.*
3. *Look for alternatives or substitutes for the items which are temporarily prohibited.*
4. *If certain goods seem to be in short supply, do not overlook the possibility that it is seasonal, or merely a local condition, or perhaps brought about by entirely unnecessary buying.*
5. *Be sure to obtain the Tariff Item Number from your Collector of Customs and Excise before pursuing any inquiry. Quote this number in all correspondence.*
6. *IF WE TACKLE THIS PROBLEM IN THE SAME SPIRIT OF CO-OPERATION DEMONSTRATED DURING THE WAR YEARS IT CAN BE SOLVED WITH LONG-TERM BENEFIT TO EVERY CANADIAN.*
