Another Modern Miracle
Paralysis Permanently Cured

The Sufferer Paralysed From Waist to Feet—Encased in Plaster of Paris for Nine Months—Dr. Williams' Pink Pills Cure After Four Doctors Had Failed—The Cure Vouched for by a Well Known Clergyman.

Paralysis, no matter how slight, is a terrible affliction, but to be paralyzed from waist to the feet, to be a helpless cripple, totally dependent upon what others do for you, is a condition as wretched as man could possibly bear. Such was the state of Mr. Allan J. McDonald, of Rice Point, P.E.I. For over a year he was a helpless invalid. He was paralyzed from his waist to his feet and for nine months lay in bed encased in a plaster of Paris cast. Four of the best doctors in Prince Edward Island were unable to help him and he seemed doomed for a life of misery and despair. But hope came to him when he read of what Dr. Williams' Pink Pills had done for other sufferers from paralysis. He procured a supply of the Pills and began taking them. Gradually they broke the chains of disease that bound him, and filled his whole body with new blood, life and vigor. Mr. McDonald says:—"I am a farmer and in consequence have a great deal of hard work to do. One day while about my work I injured my back, but at the time I paid little attention to the injury and continued my work. As time went on, though, the pain became more severe and I soon found myself unable to lift anything, no matter how light. It was not long before I had to stop work altogether and consult a doctor. He treated me but his treatment did not help me, and I rapidly grew worse. I had to take to my bed, and in the hope that my spine might receive strength I was encased in a plaster of Paris cast. This did not help me, and I could feel the paralysis slowly creeping over me till I was totally paralyzed from my waist to my feet. I lost all control over my bowels and bladder and my legs had no more feeling than if they were made of wood. Three other doctors strived to cure me, but their treatment also was a failure, and for eleven months I lay in bed unable to move. Dr. Williams' Pink Pills were then advised, and I was shown testimonials of others who had been cured of paralysis through them. I bought a supply and in less than three months they made a remarkable change in me. I was able to get out of bed and crawl along the floor on my hands and knees. Gradually my limbs became stronger. Soon I could walk with the aid if a cane and inside of nine months after I had begun the use of the Pills I was totally cured, and once more able to do light work. Now I am as strong as ever I was and can do my work about the farm without the least trouble. I think Dr. Williams' Pink Pills are without an equal, for, besides my own case, I know of two other cases of paralysis cured by them. Two young girls who had been cripples and whom I advised to try the Pills."

In corroboration of what Mr. McDonald says, the Rev. D. MacLean of Charlottetown, P.E.I. writes:—"I visited Mr. McDonald many times during his illness. He was attended by three or more doctors and put in plaster Paris, and everything imaginable which might be of benefit was done for him without success. He had lost all power of his body from his waist down and I think he was nearly a year under treatment before he began to use Dr. Williams' Pink Pills. I was with him the first day he moved his big toe and from that time on he gradually improved and for the last few years he has been perfectly well. I can vouch for the cure Dr. Williams' Pink Pills effected in his case."

If you are sick and the treatment you are now taking does not help you, give Dr. Williams' Pink Pills a fair trial. They have cured thousands after doctors and other medical treatment had hopelessly failed. These Pills actually make new, rich, red blood, feed the starved nerves and bring health and strength to every part of the body. This is why Dr. Williams' Pink Pills cure such apparently hopeless cases as Mr. McDonald's, and it is why they have cured thousands and thousands of sick, discouraged people in every part of the world. HAPPY DAYS FOR BABY

The healthy child is always a happy child. All its little troubles vanish when its food digests properly and it is free from childish ailments. Most of these ailments come from stomach or bowel troubles, colds, feverishness, teething and worms. Baby's Own Tablets promptly cure all these troubles and keep little ones well. Mrs. W. G. Martin, Ravenscliffe, Que., says: "I have used Baby's Own Tablets in my home for the past four years, and since using them my little ones have enjoyed the best of health. I can recommend them to every mother as a sure cure for the little troubles of childhood." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

PROFESSOR'S ENGLISH.

How often we misuse words to the extent of saying the contrary to what we mean is pointed out in the following anecdote.

A college professor who prided himself on his correct English heard his wife remark:—

"I intend to call Jane to bring a fresh bucket of water."

"You doubtless mean a bucket of fresh water," corrected the Professor "I wish you would pay some attention to your rhetoric; your mistakes are curious."

A few moments later the Professor said:—

"My dear, that picture would show to better advantage if you were to hang it over the clock."

"Ah!" she replied, quietly, "you doubtless mean if I were to hang it above the clock. If I were to hang it over the clock we could not tell the time. I wish you would be more careful with your rhetoric, my dear; your mistakes are curious."

And the Professor all at once became very much interested in the book he was reading.

"Only One "BROMO QUININE" That is LAXATIVE BROMO QUININE. Look for the signature of E. W. GROVE. Used the world over to Cure a Cold in One Day. 25c.

There is a lot of difference between good will and willingness to be good.

It is easier to prevent than it is to cure. Inflammation of the lungs is the companion of neglected colds, and once it finds a lodgment in the system it is difficult to deal with. Treatment with Bickle's Anti-Consumptive Syrup will eradicate the cold and prevent inflammation from setting in. It costs little, and is as satisfactory as it surprising in its results.

THE KING'S CIGARS.

He Does Not Smoke so Many as He Did a Few Years Ago.

Many of King Edward's Christmas and New Year's presents take the form of cigars or cigarettes drawn from the reserve stock in the cellars at St. James' Palace where one of the most complete equipments for the maturing of cigars is to be found. The King is an inveterate cigar smoker, though acting upon the advice of his physicians he is not smoking so much as he did a few years ago.

The King's cigars all come from Havana, and from the same plantation. They bear no maker's brand upon them and are packed in perfectly plain boxes. They are not very large, but if they could be sold in the open market they would be worth about seventy-five cents each.

A few years ago the King was very fond of a brier pipe, and was to be seen smoking one about the lanes near Sandringham. To-day he has abandoned this form of smoking and keeps almost exclusively to cigars. He does not care very much for a cigarette, and is seldom to be seen smoking one.

HORSES IN THE WORLD.

Russia Leads all Nations in Number—Total of 95,711,573.

Statistics found in the new Year Book afford a line on the number of horses now in the world, as follows:—

North America	27,888,913
South America	9,511,594
Europe	43,563,225
Asia	11,630,302
Africa	855,113
Oceanica	2,232,408
Total	95,711,573

Russia leads all nations in the number of its horses, with a total of 30,729,165 in its European and Asiatic provinces, though Russia proper is a little behind the United States, having only 20,934,415 horses Together the two countries possess a majority of all the horses in the world. Germany leads the other countries of Europe with 4,345,043, while Austria-Hungary is a close second with 4,264,571. France ranks third, with 3,094,698, and Great Britain and Ireland fourth, with 2,151,371.

WORTH KNOWING.

Simple Remedy That Any One Can Prepare at Home.

Most people are more or less subject to coughs and colds. A simple remedy that will break up a cold quickly and cure any cough that is curable is made by mixing two ounces of Glycerine, a half ounce of Virgin Oil of Pine compound pure and eight ounces of pure Whisky. You can get these in any good drug store and easily mix them in a large bottle. The mixture is highly recommended by the Leach Chemical Co., of Cincinnati, who prepare the genuine Virgin Oil of Pine compound pure for dispensing.

There are few who are not at sometime subject to biliousness and familiar with its attendant evils. Yet none need suffer with these pills at hand.

In a case of slander not long ago Miss M—— had gone into the witness-box on behalf of the plaintiff, whose counsel was examining her. "Now, madam," Mr. Wigg, K.C., began," please repeat the slanderous statements made by the defendant on this occasion just as you heard them." "Oh, they are unfit for any respectable person to hear," replied Miss M—. "Then," said the examiner, coaxingly, "suppose you just whisper them to the Judge."

WHAT RUFUS HARRIS SAYS OF DODD'S KIDNEY PILLS.

After Trying Five Doctors for His Kidney Disease He Found Relief in the Great Canadian Kidney Remedy.

Hurdville, Ont., Feb. 14. (Special)—"After trying five doctors for Kidney Trouble, from which I had suffered for three years, I find that Dodd's Kidney Pills relieve me best of all. If I keep on feeling as I have since I began taking Dodd's Kidney Pills I shall be well pleased and I am hoping they will cure me."

So says Rufus Harris, well known in this village. "I had stiffness in the joints," he continues, "cramps in the muscles, backache and was heavy and sleepy after meals. I was depressed and low spirited, perspired freely, was often dizzy and always thirsty, but since taking Dodd's Kidney Pills I am feeling very good."

If you have any of the symptoms, Mr. Harris tells of, it is time for you to beware. They are the symptoms of Kidney Disease and may be the fore-runners of Rheumatism, Dropsy, Lumbago, Heart Disease, or even the dread Bright's Disease itself. Take warning and guard against suffering or even death itself by putting the Kidneys in good working order with Dodd's Kidney Pills.

MAKING A START.

Jackson and Hughes were old friends. The former, by shrewdness and industry, earned a good income, but Hughes was not so fortunate.

One day he asked his successful friend the secret of his prosperity.

"Well," replied Jackson, "I'll tell it to you for five dollars. Be saving, of course, and when you do make a bargain with anyone be sure that no one hears you, and then if you get the worst of it or want to back out you can. Now hand me the five dollars."

Hughes thought a second, and then said:—

"Did anyone hear us make this bargain?"

"Not a soul," replied Jackson.

"Well, then," was the prompt answer, "I think I'll begin on you."

Keep the Children Well

A sentry while on duty was bitten by a valuable retriever, and drove his bayonet into the dog. Its owner sued him in the county court for its value, and the evidece given showed that the soldier had not been badly bitten after all. "Why did you not knock the dog with the butt end of your rifle?" asked the judge. The Court rocked with laughter when the sentry replied: "Why didn't he bite me with his tail?"

NOE EVEN ONE TOOT.

A deaf but pious English lady, visiting a small country town in Scotland, went to church armed with an ear-trumpet. The elders had never seen one, and viewed it with suspicion and uneasiness. After a short consultation, one of them went to the lady, just before the opening of the service, and, wagging his finger at her warningly, whispered, "One toot and ye're oot!"

To Men Who Live Inactive Lives.—Exercise in the open air is the best tonic for the stomach and system generally; but there are those who are compelled to follow sedentary occupations and the inactivity tends to restrict the healthy action of the digestive organs and sickness follows. Parmelee's Vegetable Pills regulate the stomach and liver and restore healthy action. It is wise to have a packet of the pills always on hand.

"Now, Robby, if you don't want to go to Bessie Hunk's party you must write a note and tell her so; and be sure and let it be polite. You will find some ideas of the proper thing in this book of etiquette," said Mrs. Carhart to her little son. Robby struggled with the problem for an hour, then presented for his mother's inspection the following truthful but unconventional effusion:—"Mr. Robert Carhart declines with pleasure Miss Bessie Hunk's kind invitation for the 14th, and thanks her extremely for having given him the opportunity of doing so."

POISONED BY STOCKING DYE

A case at Kingston shows vividly the danger of neglecting to apply Zam-Buk to a cut or a sore. Mrs. A Harrison, living in Place d'Armes, while attending to her household duties, struck her ankle against a sharp projection on the furniture. She took no notice of the injury, deeming it trivial. In a day or two the ankle began to swell and cause excessive pain. A doctor, called in, found that dye from her stocking had entered the wound and set up blood poison. Treatment with Zam-Buk followed, but it was several days before the limb was out of danger. "Had it not been for the powerful antiseptic properties of Zam-Buk and its exceptional healing virtues, the wound might have had a very serious result," says Mrs. Harrison.

Cheapest of all Medicines.—Considering the curative qualities of Dr. Thomas' Eclectric Oil it is the cheapest medicine now offered to the public.
