

**Pte. C. Heels Returns**

**Home Aboard Lady Nelson**

Pte. Gordon Heels, son of Mr. and Mrs. D. Heels, Lindsay St. S., town, arrived back in Canada from overseas recently aboard the hospital ship 'Lady Nelson'.

Pte. Heels is now confined to Chorley Park Hospital, Toronto, as a result of injuries he sustained in an accident when he was engaged as a dispatch rider on active service. He collided with a truck and suffered a fractured neck.

Reports reaching Canada at that time indicated that he might be released from hospital in a matter of a couple of months. However, speaking with the boy's father this morning, it was revealed that his son is completely paralyzed.

The many friends of the family extend sincere good wishes to the injured soldier and hope for his early recovery.
