ECZEMA IS CAUSED BY IMPURE BLOOD

It is Banished by Dr. Williams' Pink Pills Because They Make Good Blood.

Ask any doctor and he will tell you that eczema is caused by impurities in the blood; that nothing can cure it that does not reach the blood—that outward applications are worthless. That is the reason why Dr. Williams' Pink Pills have always proved so successful—they act on the blood, and in acting on the blood they banish those eruptions and pimples, relieve the irritation and itching and give perfect health. They have cured thousands of cases where poor blood has resulted in disease. Among those they have cured is Mrs. James Wilkins, Aylmer, Ont., who says: "I suffered a good deal with eczema and did not get anything to help me until I took Dr. Williams' Pink Pills. These freed my blood of all impurities and gave me speedy relief I am, therefore, naturally very enthusiastic in praise of these pills."

A medicine that can make rich, red blood will cure anaemia, rheumatism, eczema, neuralgia, indigestion, heart palpitation, the ills of girlhood and of womanhood and a host of other troubles—simply because these troubles are the result of bad blood—that is why they always cure the above troubles and bring the glow of health to pale cheeks. Sold by all medicine dealers or direct at 50 cents a box or six boxes for $2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

ABANDONED.

Beaming with joy, little Mr. Meek sat upon the edge of his high-backed chair. His spectacles were dim with happiness, and he listened in rapt attention to the remarks of his prospective mother-in-law.

"I must tell you frankly, Mr. Meek," said the lady, "that my consent to your marrying my daughter has been wrung from me under protest. I knew that if I did not agree she would disgrace the family by an elopment. When she wants anything, we always have to give it to her, or take the consequences; and long experience has taught me that I might as well try to fan off a cyclone as reason with her when she loses her temper — especially if there is a flat-iron handy or a rolling-pin. Has the marriage day been fixed yet?"

But Mr. Meek's spectacles were no longer misty. "I have, madam," he remarked nervously, "to see a man about a little business. If you will excuse me, I'll chat it over with you—er—to-morrow."

And as he flew out of the hall door the little man congratulated himself upon a lucky escape.

BABY CRIED CONTINUALLY

Mrs. Eugene Gagon, L'Islet Station, Que., says:—"I believe Baby's Own Tablets the best medicine in the world for little ones. I have given them to my baby for colic, constipation and sometimes for breaking up a fever, and I have never known them to fail in giving prompt relief. Before I began the use of the Tablets my baby was very thin and cried continually. Since then she has grown splendidly and is plump and healthy. I also gave the Tablets to my four years old child who suffered frequently from convulsions and they made a permanent cure. When I have Baby's Own Tablets in the house I feel safe, and I advise other mothers also to keep them on hand." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Mrs. Wellement—"You say you have a wife dangerously ill and three small children—can't you find work?" Beggar (sobbingly)—"'Twouldn't do no good, lady, the kids ain't old enough to work yet."

Boarder—"What's for breakfast? Hope it's not ham and eggs again." Servant—"No, sir, not ham and eggs this mornin'." Boarder — "Thank Goodness! What is it?" Servant—"Ham."

REMARKABLE EVIDENCE

Of Prosperity Shown by Government Statement.

One of the most remarkable showings made by any Bank in Canada is made evident on the part of the Traders Bank by their Government Statement recently submitted, showing that the deposits of the Bank have increased during the first three months of this year over One and a Half Millions of Dollars, bringing their total deposits up to $31,300,000.

An equally pleasing increase is shown in the total assets to the Bank. The Bank reports to the Government an increase of its total assets to the grand total sum of $42,000,000, which is an increase of over $2,000,000 over the report made at the end of the year.

There is perhaps no Bank in Canada which is showing such magnificent evidences of prosperity and such rapid growth as the Traders Bank at the present time.

NO ARGUMENT.

A patient in a seaport hospital described with gruesome vividness to his fellow-patients his adventures with a shark off one of the islands in the West Indies.

"I had just fell over the bulwarks," said the able seaman, "when along come a big shark an' grabs me by the leg."

"What did ye do, then, matey?" asked one of the patients.

"I never disputes none with sharks," said the sailor. "I let him have the leg."

Side closings of waists and coats are a pronounced feature, not only of gowns but of suits.

Smart little coats of plain colors are worn with checked, striped, or changeable voille, or silk.

An exquisite Chantilly scarf for evening wear has some of the design outlined with gold thread.

As in foulards and other silk materials, the polka dot is a favorite in the mixtures of silk and cotton.

Bar pins for the neck are to be worn a great deal. Larger ones are seen as the season advances.

Lingerie ribbons this season are wider than usual, so that when tied the bow is of considerable size.

In the linen tailor mades the embroidery that looks like rat tail braid is a great deal used, and effectively.

Among the prisoners brought before a police magistrate on Monday morning was a beggar whose face was by no means an unfamiliar one to the Court. "I am informed that you have again been found begging in the public streets," said his Honor, sternly, "and yet you carried in your pocket over two dollars in silver and copper." "Yes, your Honor," proudly returned the mendicant. "I may not be as industrious as some, but, sir, I am no spendthrift."

HE INHERITED HIS ILL-HEALTH

BUT DODD'S KIDNEY PILLS CURED J. BAILLARGEON'S RHEUMATISM.

Further Proof That no Case of Kidney Disease can Stand Before the Old Reliable Kidney Remedy.

Monte Bello, Labelle Co., Que., May 9 (Special).—That a man may be cured even of inherited ill-health if he keeps his blood pure and his body toned up by using Dodd's Kidney Pills is the experience of John Baillargeon, of this place.

"I inherited poor health from my parents," Mr. Baillargeon says. "I was bothered with Rheumatism, Lumbago and Gravel. I was always tired and nervous. In fact I was a total wreck. I tried all kinds of medicines but I got no relief till I tried Dodd's Kidney Pills. They did me good and no mistake. I took fifteen boxes in all but I am cured.

"My wife also has taken Dodd's Kidney Pills and received great benefit from them."

Dodd's Kidney Pills cure the Kidneys. Cured Kidneys strain all impurities, all that disease feeds on, out of the blood. That is why they always cure Rheumatism, Lumbago, Dropsy and Heart Disease.

A Cure for Fever and Ague.—Disturbance of the stomach and liver always precede attacks of fever and ague, showing derangement of the digestive organs and deterioration in the quality of the blood. In these ailments Parmelee's Vegetable Pills have been found most effective, aborting the fever and subduing the ague in a few days. There are many who are subject to these distressing disturbances and to these there is no better preparation procurable as a means of relief.

INCONVENIENT FOR LIZZIE.

A boy whose chief fault was that he would interrupt his elders had been repeatedly corrected by being told that he should say: "At your convenience, mother, I have something to tell you."

One day his sister in crossing a plank doing duty as a bridge fell into rather deep water. The boy, who saw the accident, ran to his mother. Taking off his cap, the little fellow stood politely beside her for some time, waiting till she had finished a rather long story she was just telling.

Then he said: "Mother, at your convenience, I have something to tell you."

"What is it?" asked the parent approvingly.

"At your convenience, mother. Lizzie has fallen into the water."

"What?" exclaimed his mother. "Has anyone pulled her out?"

"I don't know!" said the lad.

Curate—"I heard your husband has signed the pledge. Does he keep it to the letter?"

Parishioner—"It won't a letter, sir, it wor a card."

"I mean, has he kept his pledge inviolate?"

"No, sir, he ain't kept it in violet at all. I've kept it in lavender in a drawer."

"I'm afraid you don't understand me. What I mean is, has he broken the pledge since he took it?"

"He ain't touched it, sir. I've kept it wrapped up in paper, an' it's as good as new."

Then the curate gave it up as hopeless.

MINISTER WHO TESTED ZAM-BUK.

Rev. P. F. Laugill, "The Manse," Carp, Ont., writes: "Some considerable time ago I began using Zam-Buk with a view to testing it thoroughly. I am troubled with eczema, which is always worse in the early part of winter, and seems to leave me about spring. I tried Zam-Buk immediately my hands started to break out, and am pleased to say that it checked the disease, which is more than I can say for anything I have ever before tried. We now have Zam-Buk in the house continuously, and I carry a small sample box in my pocket. One evening I happened to look in where an old man had met with an accident a week before, and had lost a finger nail. I dressed the wound with Zam-Buk and left the sample box with them. I have seen the old gentleman since, and the injury is cured.

"On another occasion a farmer called at 'The Manse,' and I noticed a rag on his finger. Enquiring about the injury, I learned that he had somehow taken a piece of flesh off, and the wound had started to fester. I gave him about a third of a box of Zam-Buk and a few days later he said 'That's great salve of yours, my finger is now doing fine.'"

Test Zam-Buk! Don't go by hearsay! You will find it gives the best results in all cases of eczema, ringworm, festering sores, piles, cuts, burns, face sores, eruptions, and all skin injuries and diseases. All druggists and stores, 50c box, or from Zam-Buk Co., Toronto, for price, but refuse all substitutes.

It is a Liver Pill.—Many of the ailments that man has to contend with have their origin in a disordered liver, which is a delicate organ, peculiarly susceptible to the disturbances that come from irregular habits or lack of care in eating and drinking. This accounts for the great many liver regulators now pressed on the attention of sufferers. Of these there is none superior to Parmelee's Vegetable Pills. Their operation though gentle is effective, and the most delicate can use them.
