WOES OF WOMANHOOD

Weakness and Suffering Banished by Dr. Williamss' Pink Pills.

Dr. Williams' Pink Pills are good for men and women, and growing boys and girls, but they are good in a special way for woman. At special times a woman needs a medicine to enrich and regulate her blood supply, or her life will be one round of suffering. That is when Dr. Williams' Pink Pills are worth their weight in gold, for they actually make new blood. There is not a month in her life from fifteen to fifty that Dr. Williams' Pink Pills are not a boon to every woman. They help the growing girl safely over the critical time when her blood is overtaxed by new demands. To the woman of middle life they bring relief and bring her strength for her time of change. And during the thirty odd years that lie between Dr. Williams' Pink Pills fill a woman's life with the happiness of health, giving her strength and energy for every function. A woman's surest protection against all the ills that come to her because of her sex, is to set her blood right at once by a course of Dr. Williams' Pink Pills—and then to keep the blood right by taking the Pills occasionally. Mrs. Eliza Clouthier, St. Jerome, Que., is one of the many unfortunate sufferers restored to health by Dr. Williams' Pink Pills. She says: "It would be difficult for me to say how much I suffered. I was tormented by headaches and backaches; my appetite failed and I wasted away to such an extent that I was unable to do housework. I was constantly taking medicine, but it did not help me any. One day a friend urged me to try Dr. Williams' Pink Pills, and I procured a couple of boxes. By the time these were done I felt some improvement, and thus encouraged I continued the use of the Pills, gaining strength day by day, until after I had taken six or seven boxes. I was again well and strong, and I have since continued in the best of health. I can strongly recommend these Pills to all weak and ailing women."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for $2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

THE DEBT OF FRANCE.

It Now Amounts to Seven Billion Dollars.

Alarm at the formidable growth of the public debt of France, its departments, and the colonies is increasing. Auguste Gervais, Senator of the Department of the Seine, has already sounded a warning.

The debt now amounting to more than $7,000,000,000 and exceeding that of any other country, he says, is too easily lost sight of by the common people. They should remember that the interest and other annual charges to which it subjects them exceed $300,000,000, or one-quarter of the total Government expenses, and that the debt itself is rapidly increasing.

From the total, as estimated, are expressly excluded both the capital of the annuities payable by the State, amounting to about $2,000,000,000, and some $30,000,000 which the State owes to railway companies for lines recently purchased.

Prosecuting Attorney (Frozen Dog)—"Your honor, the sheriff's bull pup has gone and chawed up the court Bible!" Judge—"Well, make the witness kiss the bull pup, then. We can't adjourn court for a week just to hunt up a new Bible."

Minard's Liniment Co., Limited.

Gents,—I have used your Minard's Liniment in my family and also in my stables for years and consider it the best medicine obtainable.

Yours truly,
ALFRED ROCHAV,
Proprietor Roxton Pond Hotel and Livery Stables.

GENERALLY.

It is easy to get a guarantee from an irresponsible person.

Blinks—"You don't mean to say you've found a sure way to make money at the races?" Jinks—"Sure as shooting. I never fail." Blinks—"My! My! Do you buy tips?" Jinks—"No; I sell them."

CURED HER KIDNEYS.

Mrs. John Pettigrew, of Central Economy, N.S., was practically helpless from rheumatism.

She could not stoop, and her limbs ached so that it was torture for her to be up and around the house.

As Mrs. Pettigrew put it, "I was all crippled up. I saw Gin Pills advertised and sent for some, and after taking only two boxes, am a different woman. Gin Pills are the only things that helped me, and I cannot say too much for them."

If you have that dreadful pain in the back—if you are tortured with rheumatism—get Gin Pills at once.

Write National Drug & Chemical Co., (Dept. W.L.), Toronto, for free sample. Regular size at dealers 50c. a box, 6 for $2.50.

ESKIMO'S SNOW HOUSE.

How It is Built—The Peculiar Spiral Arch.

The Eskimo vault is a true dome; it exerts no outward thrust and requires no temporary scaffolding. It is also unique in that its material is not brick or stone but snow, says the Scientific American.

The construction is used for the beehive shaped winter houses of these so-called savages and is spiral in plan. A row of blocks is first laid on the ground in a circle—or more exactly a polygon. Each of these has a slightly slant top and each thus raises its surface a little beyond the last, until when the circle is completed the gap in height between the last and first blocks gives the thickness for the following courses. In these the upper and lower surfaces of each block are parallel, as in a brick, but the gradual upward trend given by the first course is of necessity maintained.

In each successive round the snow bricks are leaned inward more by having their lower surfaces sliced off to a bevel. If set squarely end to end they would before long lean inward so far that they would tumble. For this reason the end of the block last laid is cut at an angle. The next following block has the joining end slanted at the reverse angle. Thus it fits in behind the preceding and is prevented by it from slipping inward.

As the house grows the circles become smaller, until at last only an irregular polygonal opening is left. This is filled with a wedge shaped block cut to shape. It is, however, not a keystone, as the remainder of the structure supports itself.

The blocks of firm snow are usually dressed outside and handed for placing to the man on the inside. The last block he holds up with one hand, slices to shape with his ivory knife in the other and drops into position. He is then entirely enclosed in the vault. Only after the house itself is entirely completed does he cut out the low door, which to keep out the cold as much as possible is only big enough to crawl through.

A long, low tunnel is then built in front of the door to break the force of the Arctic's icy blasts. Even the window is present. A small aperture is cut out over the door and filled with a pane of clear, thin ice. All that is omitted is the flue or chimney. Whatever heat is produced by the seal oil lamps is wanted inside, warmth being a more serious necessity in the climate than ventilation or freedom from smoke.

DON'T DRUG CHILDREN.

When you give your child a so-called "soothing" medicine you are not curing its sickness. You are merely drugging it into temporary insensibility. The so-called soothing medicines contain opiates, and an overdose may kill the child. When you give little ones Baby's Own Tablets you have the guarantee of a government analyst that this medicine is safe. And you have the word of thousands of grateful mothers that this medicine will promptly cure all minor ailments of childhood. Mrs. Alphonse Roy, Scott Junction, Que., says: "My little one was weak and sickly and used to cry day and night, but since giving him Baby's Own Tablets he has thrived splendidly, and is as good-natured and happy as I could wish." Sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

EASY SCHEME.

Gunner—"Every time he comes to my house on a rainy day he wants to borrow an umbrella. Confound that man, I hope I never see him again."

Guyer—"Oh, that's easy. Just lend him the umbrella."

Ask for Minard's and take no other.

A man always tries to conceal his vices under his virtues.

The healthy glow disappearing from the cheek and moaning and restlessness at night are sure symptoms of worms in children. Do not fail to get a bottle of Mother Graves' Worm Exterminator; it is an effectual medicine.

A young man who had just married suggested to his wife that they should argue some question fully and frankly every morning. This, he thought, would help them to gain a fuller insight into each other's nature, thus making for increased happiness. The first question happened to be, "Can a woman dress on $20 a year?" He took the affirmative. And when last seen he was rushing upstairs to take shelter in the garret, and she was following with a broom.

The two men talked for a time in the train. "Are you going to hear Barkins lecture to-night?" said one. "Yes," returned the other. "Take my advice and don't. I hear he is an awful bore." "I must go," said the other. "I'm Barkins."

ONE WOMAN'S STATEMENT

TELLS HER SUFFERING SISTERS TO USE DODD'S KIDNEY PILLS.

They Proved a Blessing to Her When Her Pains and Weakness Were Almost More Than She Could Bear.

St. George, Man., May 30 (Special).—Hoping to save her sister women in the West from pains and aches which come at the critical times in a woman's life, Mrs. Arsene Vinet of this place has given the following statement for publication:—

"I have brought up a large family and have always enjoyed good health until the last two years. I am fifty-four years of age and at the critical time of life that comes to every woman, I had pains in my right hip and shoulder. I could not lie down two minutes at a time without suffering the greatest agony. Sometimes I awakened with a feeling as if one had laid a piece of ice on my head. Another time it would be a burning pain under the left shoulder.

"I took many medicines but could get no relief, till reading of cures of similar cases to my own by Dodd's Kidney Pills, led me to try them. They did wonders for me.

"I want all women to know what Dodd's Kidney Pills did for me."

Dodd's Kidney Pills cure the Kidneys. The woman who has sound Kidneys is safeguarded against nine-tenths of the suffering that makes life a burden to the women of Canada.

EASY EXPLAINED.

Seymour—"I wonder why Foxley, when he goes out walking with his wife, always makes her keep at his left side?"

Ashley—"He's deaf on that side."

GOOD NEWS FOR THE DEAF.

A celebrated New York Aurist has been selected to demonstrate to deaf people that deafness is a disease and can be rapidly and easily cured in your own home.

He proposes to prove this fact by sending to any person having trouble with their ears a trial treatment of his new method absolutely free. We advise all people who have trouble with their ears to immediately address Dr. Edward Gardener, Suite 914, No. 49 West Thirty-third street, New York City, and we wish to assure them that they will receive by return mail, absolutely free, a "Trial Treatment."

Teacher—"Johnnie, where is the South Pole?" Johnnie—"Dunno." Teacher—"You don't know after all my teaching?" Johnnie—"No. If Shackleton can't find it there's no use of my trying."

A Medical Need Supplied.—When a medicine is found that not only acts upon the stomach, but is so composed that certain ingredients of it pass unaltered through the stomach to find action in the bowels, then there is available a purgative and a cleanser of great effectiveness. Parmelee's Vegetable Pills are of this character and are best of all pills. During the years that they have been in use they have established themselves as no other pill has done.

"I have discovered a great labor-saving device." "I always said you were a genius. What is it?" "I am going to marry Miss Bullion, the heiress."

Minard's Liniment used by Physicians.

HIS GIFT.

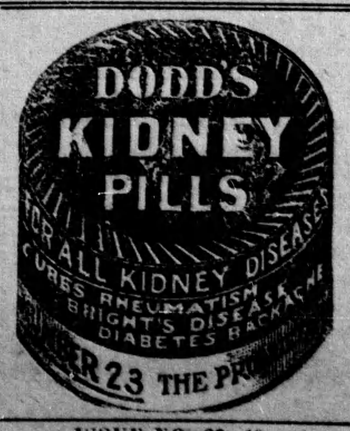
Suitor—Surely your father would do something for us!

Doctor's daughter—Indeed he would! He said that he would operate on you any time free of charge.

A CARELESS TAILOR.

The young woman sat plying the needle. A coat of her husband's was in her lap. As the husband appeared, she said, fretfully:

"It is too bad, the careless way the tailor put this button on. This is the fifth time I've had to put it on for you."



ISSUE NO. 23—10.

BETWEEN THE TWO.

One day a drill-sergeant in the Army had a number of recruits to drill, and wanted the married men separated from the single ones, so he formed them in a line, and gave the word of command:

"Single men advance, and married men fall back in the rear."

All took their positions except one, an Irishman, who stood still. The sergeant asked the reason why he had not moved, but no answer came from Pat.

"Come, my man, are you married?"

"No," replied Pat.

"Then you are single."

"No."

"Then what are you?"

"I am courting Sally."

The sergeant collapsed.

The World is Full of Pain.—The aches and pains that afflict humanity are many and constant, arising from a multitude of indistinguishable causes, but in the main owing to man's negligence in taking care of his health. Dr. Thomas' Eclectric Oil was the outcome of a universal cry for some specific which would speedily relieve pain, and it has filled its mission to a remarkable degree.

SOME SUPERSTITIONS.

Bub a cat's back the wrong way, and if you see the sparks it is a sign of cold weather.

When you hear the first frogs in the spring you may know the frost is out of the ground.

In France it is believed that the settling of a white pigeon upon a chimney is a sign of speedy death for some one in the house.

There is a superstition among the negroes of the south that to meet a frog is a lucky incident, indicating that the one thus favored is about to receive money from some unexpected quarter.

SOUDAN RAT'S FOOD.

During the season of drouth in the arid parts of the Soudan the jerboa (a small jumping rat), lives entirely on preserved melons. He bites off the melon just as it is ripe and digs away the sand from under it, so that it sinks below the level of the ground. The wind soon covers it, and the melon is thus preserved until the jerboa is ready to eat it. One jerboa will bury 40 melons in a season.

DEAF, LISTEN!

You have used Horns, Trumpets and other Mechanical Devices in the hope of being able to hear, but always found the expected satisfaction was spelled "Disappointment." If you write to Ernest Pratt, 468 Yonge Street, Toronto, you will learn some good news. Do it to-day—better still—do it now!

The singer who grates on your nerves is never a great success.

The change of dietary that comes with spring and summer has the effect in weak stomachs of setting up inflammation, resulting in dysentery and cholera morbus. The abnormal condition will continue if not attended to and will cause an exhaustive drain on the system. The best available medicine is Dr. J. D. Kellogg's Dysentery Cordial. It clears the stomach and bowels of irritants, counteracts the inflammation and restores the organs to healthy action.

Bones—"Who was the greatest financier ever known?" Exchange—"Noah; because he floated his stock when the whole world was in liquidation."

"I have used your Spavin Cure on a Sprung Tendon with good results and I can recommend it for Collar and Saddle Galls." J. H. Haslett.

Kendall's Spavin Cure

is a blessing to farmers and stockmen. In the past 40 years, Kendall's Spavin Cure has literally saved **millions of dollars** for horse owners.

It is the one remedy that can always be depended upon to absolutely cure Spavin, Ringbone, Curb, Splint, Swellings and Lameness.

Never blisters, scars or turns the hair white. As good for man as for beast.

Keep **Kendall's** always handy. $1. a bottle—6 for $5. When you buy at your dealer's, get copy of our book "A Treatise On The Horse"—it's free—or write us 57

DR. B. J. KENDALL CO., Enosburg Falls, Vt.

MONTREAL AND QUEBEC.

A veritable edition de luxe among railroad pamphlets has been issued by the Grand Trunk Railway System to proclaim amongst tourists the glories of the cities of Montreal and Quebec. The brochure is beautifully printed and generally arranged in the artistic style of earlier days, when the ornamentation of a volume was regarded as an important incident to its presentation of reading matter. It gives an interesting description of the two most interesting cities in Canada, with many illustrations from photographs. Sent free to any address. Apply to Mr. J. D. McDonald, District Passenger Agent, Union Station, Toronto, Ont.

Don't join a church choir unless you are prepared to take your chants.

Pills for Nervous Troubles.—The stomach is the centre of the nervous system, and when the stomach suspends healthy action the result is manifest in disturbances of the nerves. If allowed to persist, nervous debility, a dangerous ailment, may ensue. The first consideration is to restore the stomach to proper action, and there is no readier remedy for this than Parmelee's Vegetable Pills. Thousands can attest the virtue of these pills in curing nervous disorders.

"Better late than never" is poor consolation when you miss the last train

A LONG RECORD OF SUCCESS in curing all sorts of cuts, burns and bruises, as well as all bowel complaints, is held by "Painkiller"—over 60 years. Avoid substitutes, there is but one "Painkiller"—Perry Davis', 25c. and 50c.

Aa a gentle hint to the mercury in the thermometer, there is plenty of room at the top.

Keep Minard's Liniment in the house.

A REMINDER.

Querierly—"Did you enjoy your voyage around Cape Horn?"

Lukbacher—"No; it reminded me too much of one of my boyhood days."

Querierly—"One of your boyhood days?"

Lukbacher—"Yes, the day when I smoked my first cigar."

Sick Headaches

are not caused by anything wrong in the head, but by constipation, biliousness and indigestion. Headache powders or tablets may deaden, but cannot cure them. Dr. Morse's Indian Root Pills do cure sick headache in the sensible way by removing the constipation or sick stomach which caused them. Dr. Morse's Indian Root Pills are purely vegetable, free from any harmful drug, safe and sure. When you feel the headache coming take
