From our own Correspondent

The weather at present is really warm, enough so for anyone. Crops are making great growth and prospects are good for an abundant harvest.

Dominion Day was, as usual, celebrated here by a great number of people from all parts of the country. The cool, shady groves and the beautiful falls still retain their charm for all lovers of romatic scenery. The garden party given by the ladies of the Presbyterian church was a success. The supper was most excellent and the tables were well patronized. The refreshment stand also did a good business. At night the Rev. Mr. Thom and Mr. Rogers held evangelistic service in the hall, which was filled to overflowing, and a great many could not get room inside the building. The meetings every night are well attended, and a great many seem anxious concerning their souls' salvation.

The Methodist Sunday school will hold their annual picnic on the grounds here on Friday.

The Rev. Mr. Plunkett of the Methodist church preached his first sermon to his Eugenia congregation on Sunday evening. A large number were present. He made a very favorable impression on his hearers, who are all highly pleased with him.

The Rev. Mr. Little, of Dornoch, preached to a very large audience on Sunday afternoon in the grove adjoining the hall. Everyone was deeply impressed with his earnest discourse. Rev. Mr. Thom and Mr. Rogers went to Dornoch to preach in his place.

We are very sorry to know that Mr. Joseph Pedlar is very poorly at present. We trust he will soon be restored to his usual health.

Mr. Willie Bell, whose health has been very poor for sometime past, is going to Calgary, N. W. T. We trust the change of climate will restore him to good health again, as he is a young man whom to know is to love. He carries the prayers and good wishes of all this community along with him, all hoping he may get great benefit from the change of climate and soon return restored to perfect health.

Statue labor is now being done.

Mr. and Mrs. Alex. Ferguson, of Lady Bank, formerly of Eugenia, paid a short visit to friends at Eugenia on Dominion Day, having very recently embarked on the sea of matrimony. We tender them our hearty congratulgations and wish them a pleasant journey through life.

FROM A SPECIAL CORRESPONDENT

Dominion Day in this town, like every other loyal place in the Dominion, paid due respect to our national birthday. There was no ostentatious display, but a fervid feeling of devotion to the crown of Britain pervaded the populace. Happy groups of picknickers enlivened the day's proceedings and the writer must admit a happier day was never before spent. Business, of course, was suspended, but the casual observer could see the unmistakable signs of business prosperity around the mills of Messrs. Sloan and the Toronto hoop and veneer company, of Toronto, who hope to extend business. The palatial hostelry of mine host P. Munshaw is a striking figure not often met in backwoods towns, where the tourists, in search of nature's sublimity and grandeur, may find all the luxuries and comforts of city life.

Mr. Hogg is extending and enlarging his mercantile business to meet increasing demands, and, as a whole, the air of thrift and industry surrounding the town elevated our mental barometer several degrees.

Mr. R. McLean Purdy yet retains his mental vitality in a manner agreeably pleasant to one of his old time confreres. Although we universally differed upon politics, we as universally agreed upon the higher principles of gentlemanly intercourse.
