CURE THAT COLD

This is Quickly and Pleasantly Accomplished If You Use

Catarrhozone

Catarrhozone will relieve colds almost instantly and in a few hours will cure completely. If it is old-standing asthma or bronchitis its quick and curative results will astonish you.

Catarrhozone is little drops of healing medicine carried by air to the sore and diseased parts. You breathe them through the Catarrhozone Inhaler and they spread throughout all the air passages.

It is sense as well as healing, because Catarrhozone is a germ killer, a healer and restorer of weak tissues, because it is so prompt and certain in its results, better than any other remedy for diseases of the throat, lungs and bronchial tubes, and it is neither alcohol, morphia or cocaine—all dangerous.

Tens of thousands have used Catarrhozone without reporting a single case of failure to cure diseases of the throat and lungs and nasal passages. Remember, CATARRHOZONE is taken in air, and is little drops of healing for the throat, nasal passages, or lungs. It always does cure—is guaranteed.

Price 25c., 50c., and $1.00 at all druggists or by mail, post paid, from The Catarrhozone Co., Buffalo, N.Y., and Kingston, Canada.
