WINS TRADITIONAL GOLD CANE RACE

The 10,000-ton Canadian Pacific cargo liner Beavercove won for her master, Capt. S. W. Keay, O.B.E., the traditional gold-headed cane awarded annually to the skipper of the first overseas vessel to enter the Port of Montreal at the beginning of the navigation season. Ice conditions in the St. Lawrence River, which caused ships to dock temporarily at Quebec City, helped make the race one of the tightest ever, with the Beavercove making the voyage in just ten hours and ten minutes. Inset shows Capt. Keay (right) receiving the gold-headed cane from A. Gordon Murphy, Montreal Postmaster. This marked the second time that Capt. Keay had won the award, taking it first in 1945 aboard the freighter Catineau Park while still on service with the Admiralty. For the ship's pilot, Andre Gauthier, it was the fourth time that he had been aboard the winning ship, each time a Canadian Pacific vessel.
