Our Agricultural Fairs

The Victoria Jubilee days are now of the past, and the next important events of the year will be the Agricultural Exhibiton of Canada. There are quite a number of these fairs, but none of them is of more importance than the Western Fair at London, commonly spoken of as Canada's Favorite Live Stock Exhibition, a title which is largely the fact, and due to the special interest taken in these departments by the Management, who are anxious to do everything necessary for the comfort of both the exhibitors and their animals, and have in this way established in the minds of buyers and sellers that the Western Fair is the proper place to do business.

The large and commodious buildings erected last year for the cattle, sheep and swine, and thought too big to fill, was proven to be altogether too small to accomodate the increased entry, therefore the Directors have decided to remove the swine into new quarters this year, and are having a building erected 156 feet long and 36 feet wide, in this way they purpose providing all the accommodation necessary for the reception of a very much larger entry than heretofore, and which they feel sure they will have.

Further provisions have been made for the comfort of stockmen and their friends. The building formerly occupied by the ladies of the W. C. T. U. has been placed a little to the south of the main entrance to the cattle and sheep building, being altered so as to provide a large hall, comfortablely seated, to be used as a place of public comfort and meetings of the several associasions during the fair, also a room provided with stoves to prepare food for themselves and animals, thus preventing the danger arising from the use of those small coal oil stoves, etc., in or near the stock buildings. There is also a storehouse from which will be sold all kinds of animal food at the lowest prices.

By the prize list just received the premiums remain much the same as last year with the exception of improving the Hackney Horse Class, adding a class for general purpose teams; and in the poultry a class for half bred fowls, the coming fowl for the farm, and four new varieties of pheasants. We note a new departure in the dairy classes, by opening one for domestic cookery, etc., and from which good results are anticipated. Many handsome special cash prizes have been donated for competition. The special attractions are not yet completed, but the committee's selections in the past are a guarantee to the visitors that a good afternoon and evening entertainment will be provided for each day. The special train service and excursion rates are being arranged from all points. We are requested by Mr. Thos. A. Browne, the secretary, to say that all applications for prize lists, programs, and their map of Western Ontario will be appreciated and filled with pleasure. The fair dates are September 9th to 18th.

Bad Burglars Captured

Barrie, Ont., July 9.—On Wednesday, Thos. Caldwell's residence, Kempenfeldt Hill, was visited by burglars and a watch and chain, a pair of pants and eleven dollars in cash were taken. Last night as Detective Beardsley was strolling along the water front he noticed three tramps, one of whom had on pants the same as those stolen. He came up town and got Constable McBride and returned to arrest the trio. They took a man each, the third escaping, and the others trying to break arrest. Beardsley drew his revolver and fired two shots about their legs, and then McBride's capture drew a revolver, but McBride had already covered him. With the help of two citizens the two were taken to the jail, being covered with revolvers all the way. Their names are John Robinson, bricklayer, Detroit, and Charles Clark, machinist, of St. Louis, aged 32 and 29 respectively. The man carrying the revolver threw it into the lake and divers got it this morning. On Robinson was found a kit of tools, vise, a pair of pincers for turning door keys, a jimmy and a file. He also had Mrs. Caldwell's watch, another open faced watch, a fine razor strop, 47 cents, a new tie and a piece of letter pad containing the following: "Canada House, J Cloutier, Penetang, Ont." On Clark were found a half cent United States Coin and 37 cents in a ladies' pocket book and three dollars in a leather wallet, an open-face watch, a copy of the Faithful Witness and Notes for Bible Study bearing date January 8, 1897, also a settler's guide, 1897, to Manitoba and Northwest and several trinkets. The third man, who escaped, was captured about an hour afterwards with another man near the Cedars on the G. T. R. The four were up for trial and remanded until the arrival of G. T. R. detectives, who have been wired for. The detectives think they have part of the gang that have been going around the country.

On Friday these desperados made an attemp to break jail, attacking the turnkey and assistant, but were overpowered.

Tiverton will soon cease to be a separate municipality. The population of that village has decreased until at the last meeting of the village council a motion was submitted and carried that the reeve be empowered to confer with the councils of Kincardine and Bruce townships with the view of dissolving the corporation of the villiage of Tiverton. The effect of the disolution will be to considerably reduce the rate of taxation in Tiverton.

A barn belonging to Robert Crane, Sullivan, was destroyed by fire early Monday morning. The fire is supposed to have been originated by a tramp. About dusk a tramp was seen on the premises, and when Mr. Crane came home a short time later he was informed of the fact and made a search for the tramp, but in vain. About 2 o'clock the barn was discovered to be on fire and the flames had gained such headway that only a small part of the implements, etc., were saved. Eight hogs were cremated. Barn and contents partly insured.—Chatsworth Banner.
