SUMMER MONTHS FATAL TO SMALL CHILDREN

The summer months are the hardest of the year on small children. Cholera infantum, diarrhoea, dysentry and stomach troubles are all common at this time and many a precious life is snuffed out after only a few hours' illness. As a safeguard mothers should keep Baby's Own Tablets in the house. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes on suddenly will bring the little one through safely. Mrs. Larry DeGrace, Mizonette, N. B., writes: "Last summer my baby suffered greatly from her stomach and bowels and nothing helped her till I began giving her Baby's Own Tablets. They regulated her bowels, sweetened her stomach, and now she is a big, healthy, happy child." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

THE ONLY OBSTACLE.

"Lady," said the fortune-teller, shuffling the cards, "the fates decree that you will visit foreign lands. You will mingle in the Court life of kings and queens. Conquering all rivals, you will marry the man of your choice—a tall, dark, handsome gent of distinguished ancestry; in fact, a peer of the realm."

"Will he be young?"

"Yes, young and rich."

The visitor in her excitement clutched the seer's arm.

"But how," she cried eagerly, "how am I to get rid of my present husband?"

The Foe of Indigestion.—Indigestion is a common ailment and few are free from it. It is a most distressing complaint and often the suffering attending it is most severe. The very best remedy is Parmelee's Vegetable Pills taken according to directions. They rectify the irregular action of the stomach and restore healthy action. For many years they have been a standard remedy for dyspepsia and indigestion and are highly esteemed for their qualities.

TEACHING THE YOUNG.

"Pa, what's tetanus?"

"Oh, he was a Roman Senator or something—I forget just what. Now don't bother me any more."

REST AND HEALTH TO MOTHER AND CHILD.

MRS. WINSLOW'S SOOTHING SYRUP has been used for over SIXTY YEARS by MILLIONS of MOTHERS for their CHILDREN WHILE TEETHING, with PERFECT SUCCESS. It SOOTHES the CHILD, SOFTENS the GUMS, ALLAYS all PAIN; CURES WIND COLIC, and is the best remedy for DIARRHŒA. It is absolutely harmless. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. Twenty-five cents a bottle.

SHE'LL GET IT.

Hub—"You don't need another new dress, dear."

Wife—"No, darling, but I must have one."

Dr. C. Gordon Howitt, Dominion Entomologist, says, referring to the infantile death rate from intestinal diseases and diarrhoea spread by the house fly, he believes that the so-called harmless fly is yearly causing the death of thousands of infants, as well as spreading the germs of typhoid fever. Wilson's Fly Pads are the only thing that will rid your house of these dangerous pests.

NO DISCRIMINATION.

"Does your new baby cry much at night?"

"Laws! it cries at anything."

When Holloway's Corn Cure is applied to a corn or wart it kills the roots and the callosity comes out without injury to the flesh.

Of course it is all right for a ide to wait until her husband is nd asleep, then wake him up ask him if he's asleep yet.

FORBIDDEN FRUIT.

A sailor had just shown a lady over the ship. In thanking him, she said: "I am sorry to see by the rules that tips are forbidden on your ship."

"Lor' bless you, ma'am," replied the sailor, "so were apples in the Garden of Eden."

A SOFT ANSWER.

"Always remember, Ferdinand," said his loving parent, "that 'a soft answer turneth away wrath.' So if any little boy or girl hits you, be your mother's own sweet darling, and don't lose your temper."

Then Ferdinand trotted off to school, and when he came home to lunch his mother asked him:

"And did my boy remember what he was told?"

"Yes, ma. A boy called me a fool, but I did as you said."

"And what soft answer did you make?"

"I hit him in the eye with a soft tomato!"

EXTRACT FROM A LETTER.

"Oh, Alice, I must tell you about a boy stopping here at our boarding house who is a perfect little gentleman. The other day he brought his sister in to dinner and introduced her as follows: 'Ladies and gentlemen, this is my sister.' Then, turning to the girl, he added: 'My sister, these are ladies and gentlemen.' We all roared."

HAVE YOU A BAD SORE?

If so, remember these facts—Zam-Buk is by far the most widely used balm in Canada? Why has it become so popular? Because it heals sores, cures skin diseases, and does what is claimed for it.

Remember that Zam-Buk is at the same time healing, soothing, and antiseptic. Kills poison instantly, and all harmful germs. It is suitable alike for recent injuries and diseases, and for chronic sores, ulcers, etc. Test how different and superior Zam-Buk really is. All druggists and stores at 50c. box. Use also Zam-Buk Soap. Relieves sunburn and prevents freckles. Best for baby's bath, 25c tablet.

OH, YOU GIRLS!

Daisy—"I shall write Alice this afternoon. Have you any message?"

Dolly—"What! Writing to that horrid cat? Oh, give her my love."

WASN'T THAT ENOUGH?

Randall—"My wife plays and sings and recites."

Rogers—"Has she any other defects?"

Wise mothers who know the virtues of Mother Graves' Worm Exterminator always have it at hand, because it proves its value.

CONVEYING IT TACTFULLY.

"Mr. Slocum," the young woman said, "you must not mind Tommy tying your gloves together. He doesn't know that you will be wanting to put them on in a few minutes."

AN ANGLER'S ELYSIUM.

According to advertisements all summer resorts are alike. They are the best ever—but if fishing is better anywhere else than it is in "Georgian Bay" we do not know where it is. There is a greater variety of fish in this water than anywhere else, and they are always hungry. The only place where you can afford to fish is where the fish are numerous, big and delicious in flavor, and that place is Georgian Bay—so the fishermen say. Suppose you send for booklet issued by the Grand Trunk Railway System free, telling about the home of the bass, pickerel, pike, and the noble trout family. Address A. E. Sexton of the Brighton Cemetery, England, and for many years verger at the Parish Church, Mr. William Shelly has officiated at 30,000 funerals, 1,000 baptisms, and 600 weddings.

Its Virtue Cannot be Described.—No one can explain the subtle power that Dr. Thomas' Eclectric Oil possesses. The originator was himself surprised by the wonderful qualities that his compound possessed. That he was the benefactor of humanity is shown by the myriads that rise in praise of this wonderful Oil. So familiar is everyone with it that it is prized as a household medicine everywhere.

Usually a man who would rather be right than be president soon acquires a reputation of being poor but honest.

HOW IT IMPRESSED HIM.

An American, who was entertaining a distinguished English gentleman, was showing his visitor round Newport.

"You observe," remarked the host, "that when we Americans devote ourselves to pleasure, we do so regardless of expense."

'I'd hardly put it that way," responded the witty foreigner. "Rather, you devote yourselves to expense regardless of pleasure."

"There is one time when you may be sure people are fishing for scandal." "What is that?" "When they are talking with bated breath."

A Sure Corrective of Flatulency.—When the undigested food lies in the stomach it throws off gases, causing pains and oppression in the stomachic region. The belching or eructation of these gases is offensive and the only way to prevent them is to restore the stomach to proper action. Parmelee's Vegetable Pills will do this. Simple directions go with each packet and a course of them taken systematically is certain to effect a cure.

TOO TRUE.

"What is the hardest thing to learn about farming?" inquired the summer boarder. "Gettin' up at 5 o'clock in the mornin,," repl'ed Farmer Corntossel.

CANCER IN CLAY PIPE.

London Expert Also Warns Against Alcohol and Curries.

One of the interesting statements in Dr. E. F. Bashford's (London, England), report to the imperial cancer research fund is that peculiar customs render persons especially liable to cancer. Dr. Bashford mentions specifically the practice of eating very hot rice in China, the use of kangri in Kashmir, and the chewing of the betel nut.

It is not only in the East, however, that customs conducive to cancer prevail. Inquiring at the laboratories of the imperial cancer research fund a correspondent was to- that the smoking of clay pipes was one danger.

"Such pipes get very hot and the clay often sticks to the lips," it was stated. "Any smoker who wishes to run the least possible risk of this dread disease should taboo such pipes, especially short ones.

"Alcoholic excesses which may lead to irritation of the stomach also introduces the risk of cancer. Curries and highly seasoned food generally, if taken habitually, are also a source of danger."

There are trades which render the workers more liable than usual to cancer. The workman who runs most risk is the chimney sweep, whose body is covered with soot. Unless the sweep is extremely careful to keep his skin thoroughly clean the aniline products in the soot will cause irritation, which may end in cancer. In the same way workers in aniline factories run considerable risk and all persons who make use of X rays are particularly liable to cancer.
