A Dollar's Worth That is Worth Whiie

Few papers on this continent hold the place in the confidence and respect of the people that the Weekly Globe and Canada Farmer, with its Illustrated Magazine Section, does to-day. For threescore and seven years it has been accorded the foremost place among the metropolitan weeklies of Canada. Not satisfied with this, the enterprising management that has made The Daily Globe one of the leading newspapers on the continent has increased the size of the Weekly Globe and Canada Farmer and added several new writers to the staff in order that it may keep pace with the progressive spirit that is permeating our urban and rural population.

The mail service and great distances make it almost impossible for a large portion of tho people to get the benefit of the splendidly equipped news and telegraph service of the Daily Globe.

By this addition to the staff and enlargement of the paper, the management of the Weekly Globe and Canada Farmer hope to compensate those who must be satisfied with a paper once a week by giving them all the week's news in a brief and comprehensive form, thereby increasing the paper's usefulness, interest and educative value.

In order to get more people acquainted with it in its new form the publishers of the Weekly Globe and Canada Farmer are giving those who subscribe for one year before the 31st of December, 1911, a copy of "Daddy's Girl," which was described in these columns last week. A sample copy of this beautiful picture may be seen at this office, and arrangements made for your subscription.

Vandeleur Happenings

A jolly party of young people from Markdale spent a pleasant time at the home of Mr. and Mrs. George Warling on Wednesday evening last.

Quite a number are taking advantage of the mild weather to put in a few more days plowing.

Wallace Patton of Rocklyn was a caller in our burg on Monday.

Wm. Buchanan lost a year old heifer by drowning last week. The animal broke through the ice on the Saugeen.

Messrs. J. Boland, C. Boland, W. Alcox, and E. Cullis each had a large pile of poles manufactured into wood last week. Jos. McCullough did the job with his buzz saw. Joe is a hustler.

In response to an invitation, about twenty of the neighbors turned out with their teams and each drew a load of lumber to Markdale for Mr. A. Wyville on Wednesday last. Those who assisted at the bee, together with a number of the young people of the neighborhood, enjoyed Mr. and Mrs. Wyville's hospitality in the evening.

Mr. Sam Gilbert met with a painful accident on Thursday last. While cutting wood a stick about eighteen inches long flew up and struck him in the right eye, inflicting a serious wound. Dr. Ego was called in and under his skilful treatment the injured optic is doing nicely.

Riverdale

Miss Euphemia Stephenson visited Miss Fanny Cowan of Sligo last week.

Miss Olive Wiley was the guest of Mrs. Lawson, Wodehouse, for a few days.

Inspector Huff made his regular official visit to our public school on Thursday.

Mr. and Mrs. J. W. Hutchinson of Wodehouse were callers here Friday.

Mr. Chris. Bradey, Cherry Grove, was a caller in our burg on Wednesday evening.

Owing to the inclemency of the weather a number from here were detained from attending the necktie social at Barhead school on Friday evening last.

Mr. George Rowland of Knox College, Toronto, was the guest of his uncle, Wm. Boyd, for a few days last week.

The Riverdale lumber works are now running full blast. Mr. Baird & Co, are scientific hustlers.

A Des Moines man had an attack of muscular rheumatism in his shoulder. A friend advised him to go to Hot Springs. That meant an expense of $150.00 or more. He sought for a quicker and cheaper way to cure it and found it in Chamberlain's Liniment. Three days after the first application of this liniment he was well. For sale by all dealers.

Boat Went Down

The freighting tug "Lady of the Lakes," owned and piloted by Captain Henman, of Thornbury, was wrecked about two miles this side of the Christian Islands some time between Thursday morning and Friday night of last week. The tug left here a week ago Monday with a load of general supplies for Parry Sound. In addition to goods and general supples which Captain Henman was taking to Parry Sound on his own account he had on a consignment of flour and feed from the Thornbury mills as well as about a thousand dollars' worth of flour and feed for the Georgian Bay Milling & Power Co., which fortunately, was fully insured. The value of the entire cargo was estimated approximately at $5,000.

Captin Henman and his brother were the only persons aboard the boat when from some cause or another she sprang a leak in mild water. The water began to pour in rapily, putting out the fire and disabling the engine. The two men had barely time to make good their escape in a yawl when she capsized and went to the bottom, carrying with her the entire cargo, which of course is a total loss.

Mr. Thomas Moore received a letter from Captain Henman on Saturday night stating that his boat had been wrecked and that he and his brother were obliged to abandon her when they saw their lives were at stake. The letter bore the Christian Island post mark and was mailed presumably on Friday evening.—Meaford Express.

Mrs. Etsell of Walkerton fell on the icy walk and broke her left leg above the knee. She was unable to rise and lay for half an hour before her cries attracted attention.

The Youth's Companion in 1912

No other paper is quite like the Youth's Companion. It is taken in half a million homes, where the choice of reading is made with as much care as the choice of friends.

For years the Companion has enjoyed contributions by distinguished men and women of Great Britain and Canada. Among those already engaged to write for the 1912 volume are General Baden-Powell, who has something of interest to say about the Boy Scout movement, Sir Harry Johnston, who recalls the last of the Great South African Hunters, William T. Stead, Jerome K. Jerome, Jane Barlow, Frank T. Bullen, Rev. W. J. Dawson, Richard Whiteing, Sir James Crichton-Browne, and the Duke of Argyle, former Governor-General of Canada.

The serial stories alone, which will follow one another the year through, will be worth $1.50 each when published in book form. By taking The Companion the Canadian subscriber gets them all and 250 other complete stories for $2.00, and the Articles, Miscellany, Boys' Page, Girls' Page, Household Page, etc, put in for good measure. Now is the time to subscribe, for on Jan. 1, 1912, the subscription price will be advanced to $2.25.

Do not forget that the new subscriber for 1912 receives free The Companion's Calendar for 1912, lithographed in ten colors and gold, and all the issues for the remaining weeks of 1912, from the time the subscription is received,

A five-days trip through the bush over trails covered deep with snow and across muskeg not yet frozen sufficienty to give good footing, having to trudge around all bodies of water on which the ice was yet thick enough to make passage safe this was the experience of Thos. Taylor, who, bearing with him the body of his son who had been drowned, arrived in New Liskeard last week from West Shining Tree. The boy, 21 years of age, met his death while alone trying to cross a lake on ice which broke beneath him.

Toronto Line North

Wet weather and muddy roads.

While drawing a load of poles a week ago Mr. Thomas Lever met with a serious accident. He got off the load to walk up a hill, then on arriving at the summit he attempted to jump on again but missed his footing and fell, the sleigh running up on his leg so that he could not remove it. After about half an hour in this position aid came. His foot was badly injured. The wound is now, but slowly, on the way to recovery.

We are glad to see Mr. Fred Mathewson able to be around again.

Mrs. Thos. Lever received word recently that her uncle, Mr. Wm. Clark, formerly of Flesherton, had gone through a successful operation for the removal of a growth on the cheek. There was no serious injury to his face, but his eyesight is affected a little.

Mr. Fred Brown returned from the West last week. Fred, you must have been walking hard, as you look quite thin.

LUNG TROUBLE

Mrs. Biny Brown, of Tenecape, N.S., Was Cured by Catarrhozone of Lung Trouble and Catarrh, After Hundreds of Other Remedies Failed

If your lungs are weak; if there is consumption in your family; if Colds, Catarrh, and Bronchitis bother you, be sure to use Catarrhozone It is especially adapted for these diseases and cures every time

Mrs. Brown took cough mixtures, but they made her sick. Then she used an atomizer, but, after resorting without benefit to poultices, she tried Catarrhozone.

"I used Catarrhozone Inhaler," writes Mrs. Brown, "five minutes every hour, and soon recognized that it was going to cure me. I could feel the soothing medicated air spreading through the air passages of the throat, and it touched the sore spots in the lungs that other remedies failed to reach. Catarrhozone seemed to go just where it was needed most, and soon put a stop to my cough. It restored me to perfect health, and I am convinced that no cough, cold, or catarrh can exist if Catarrhozone is used."

No treatment is so clean, so pleasant, so certain to cure as Catarrhozone. By means of the Inhaler, the local symptoms, such as coughing, inflammation and congestion are speedily corrected. Ferrozone tablets, which are taken after each meal, purify and cleanse the blood of all poisons, and build up and strengthen the system.

This local and constitutional treatment is always effective, and cures cases that have been given up as hopeless. Money can't buy or produce anything better, and to get cured it is absolutely necessary to use Catarrhozone.
