The Arran Show, at Tara, on the 4th and 5th.

THE Proton Show, at Dundalk, on Wednesday, October 6th.

A MONEY Order Office is to be established at Bruce Mines Post Office.

FARMERS would do well to sell their butter now; prices are high.

REV. A. WILSON preached his farewell sermon sunday evening last, to a large congregation.

EUPHRASIA Ploughing Match takes place on the 21st inst. The place will be given in due time.

BREAD down to 10 cents to-morrow. Advertisement next week.

MR. WM. LUCAS, the Banker, is at present residing at the Markdale House.

SEE McIntyre's advertisement. He does not say much, but he evidently means business.

SUBSCRIBERS who get their mail matter at Markdale Post Office, will please call at the Printing Office for their papers.

FIRST SNOW.—On Wednesday morning last we were visitted for the first time this fall with a heavy shower of snow. It disappeared almost as soon as it fell.

PERSONAL.—Dr. Eva, specialist, does not leave town to-morrow as is his usual practice every fortnight; he being compelled to remain on a case requiring his personal attention.

WE notice that the total assessment of the Township of Artemesia, for the current year, amounts to six mills on the dollar.

RETURNED from Toronto, Miss Peron, the popular Milliner of W. J. McFarland, where she has been for a few weeks copying the London and New York Fashions.

BEARS are quite numerous in Amabel, and sheep are suffering. Charles Foster, 13th con., saw five in one of his fields a few days ago at one time.

IF you want to get a first-class Piano or Organ, the place to get it, is from J. A. Crawford, Uxbridge, See advertisement.

AUCTIONEER.—Mr. Samuel Morrow, as will be seen by advertisement, has taken out license, and offers inducements to those requiring his services.

WINDOW DRESSING.—The Irishman, as he is styled by his brother clerks, at McFarlands, has given an exhibition of his skill in window dressing. It is very creditable, and bespeaks taste.

FARM FOR SALE.—We direct attention to the sale of two valuable farms in the Township of Glenelg, which is to take place on the 30th inst.

WHOSE duty is it to order loose plank and holes in the sidewalk to be repaired? A broken leg might cost the village a nice sum.

REMEDY FOR COBWEBS.—A good broom and a little elbow grease, if properly applied, would much improve some shop windows.

Now is the time to purchase your Boots and Shoes, and save Doctors' bills. Would advise you try McFarlands, as he keeps the largest stock, and warrants them not to rip.

DEPARTED ON A VISIT.—Mr. and Mrs. Henry Foster, of Artemesia, old and respected residents, left on a visit to their friends in Perth. We wish them a pleasant trip and a safe return.

TAILORING.—People must not suppose that because Mr. Rae's advertisement does not appear in our columns, that he has left town, on the contrary he may be found at his old stand.

A CALL.—The Rev. James F. McLaren has been called unanimously to be pastor of Euphrasia and Holland, where he has been laboring as missionary the past six months. The congregations are to be congratulated should Mr. McLaren see his way to accept the call.

THE Mayor of Berlin has been served with a writ, issued by a Toronto loan firm, calling upon the town of Berlin to show cause why the said corporation should not pay the Rev. John George Euler the sum of $8,000 damages for injuries sustained by slipping or falling off a sidewalk which was in a dangerous state and condition. Our town fathers should make a note of it.

TOBACCO JUICE A NUISANCE.—A Montreal exchange says a most forlorn looking old man was brought into the Recorder's Court the other day, charged with loitering in the porch of the Custom House and committing a nuisance by spitting tobacco on the steps. What a field of operations the Montreal police would find in Markdale in arresting tobacco chewers.

CONSTANT ADVERTISING.—Advertise the year says an old experienced business man. It is cheaper and yields a better return in proportion to the money invested. An advertisement should always be before the public in some shape. If it disapear is soon forgottent, and those that remain have the superiority and advantage of the absence. The only good excuse for the discontinuance of an advertisement is that of retiring from business.

AN exchange gives us the following hints for the improvement of a town, which we think wouldn't do the people of Markdale any harm to study: 1. Sell your building lots at reasonable rates. 2. If you can afford to do so, donate a building lot to some large enterprise, and thereby enhance the value of town property. Induce business men to locate in your town. 4. Patronise the business of your own town. Speak well of worthy public enterprises. 6. If anything should be undertaken that may be of any benefit to the town, do not speak ill of it others, because you happen to be prejudiced against it. 7. Speak well of strangers of your own town and people.

OUR SCHOOL.—We understand that all the Teachers have been re-engaged for the ensuing year, the Head Teacher at an increase of salary of $50 on the present year. The 2nd and third Teachers same as present year. This reflects credit on the Head Master, Mr. Irwin, as it also does on those of his co-teachers. No removal: the board fully satisfied.

MR. RUTLEDGE has changed the name of the Markdale paper to the *Standard*, and increased its size to eight columns on the page. More attention is paid to local matters than formerly, and the editor promises that the *Standard* shall be perfectly independent in politics.—*Monitor.*

CROPS on th 2nd line seemed to have been remarkably good this year. On Tuesday T. & W. Ferguson threshed out for Mr. R. Latournail 700 bushels of wheat which in our opinion is a pretty good yield off a 100 acre farm. —*Meaford Monitor.*

TORONTO EXHIBITION.—The great Exhibition closed on Saturday last, and was the most successful ever held in Canada. The Oddfellows' gathering on Friday was something immense, and over 40,000 people visited the grounds that day. There were 49 bands in the processions, and every State in the Union was represented.

THE RIGHT KIND.—A man strolled into a newspaper office the other day, and on asking for his account, found that he was three years in arrears. On ascertaining the fact he said: Well, sir, as you have waited three years for your pay you may credit me three years in advance. What a pity every newspaper subscriber has not a conscience like that man.—*U. S. Advertiser.* We wish some of our own subscribers would imitate so worty an example. That man's name deserves to be engraven in stone.—*Durham Review.* We have only commenced business, and as yet have not been asked for credit.

WE, on the wing, were pleased to see some very substantial improvements in the Village of Priceville since we last made that place a visit. Alexander Brown, Esq., has built (this summer) a very fine brick building, which is a credit to the place. A. Turner & Co, Chemists and Druggists, occupy one part of it; George Leitch, Tailor, a part; and the balance will, in a short time, be in the posession of Mr. George Tuck, as an hotel.

THREE RACOONS CAPTURED IN AN ORCHARD.—One morning last week Mr. Richard A. Scott, lot 50, second range west of Toronto and Sydenham Road, Holland, was awakened by his dog barking. He (Mr. S.) got up and went to see what was wrong, but could see nothing, it being not yet daylight. However, when light dawned he made a further search, the dog still making an unsual noise in the orchard, and with the assistance of a friend, who was stopping over night with him, found the brave dog had treed three racoons in the apple trees. They succeeded in shooting one, they clubbed No. 2, and No. 3 they caught alive.

TO WHOM IT MAY CONCERN.—County constables will be interested in the following letter which has been issued from the Provincial Secretary's office: "Sir,—with regard to services rendered in connection with the administration of criminal justice by police officers or constables who are paid for their services out of the municipal or other fund, I am directed by the Hon, the Provincial Secretary to advise you that in in future no claims rendered by such officers or constables for such services shall be admitted against the Government or paid out of the consolidated revenue, unless the officers or constables have been specially employed to perform the services by directions from the department of the Hon. the Attorney General. I have &c., Henery Totten for the Secretary.

SELL YOUR GRAIN.—It appears to be the general opinion among grain dealers that the price of wheat is more likely to decline than to rise, as the crops throughout Europe are considerably over the average, and the American supply exceeds that of any former year. We are told that farmers in this county feel gloomy over the prospects, and are inclined to hold their grain. Such a course is not likely to pay, as the loss in interest, ratage, shrinkage, &c., on wheat that is held over almost invariably exceeds any rise in price that may take place. The safest way is to sell as soon as possible after threshing, above all when the market shows a declining tendency. It pays better to sell the full crop this year at 90 cents, and have cash to deal with, than to sell what is left after wastage from various causes, next year, at $1.00, from which the interest must be deducted.

NEWSPAPER REPORTING.—Only those who know nothing about a reporter's business think he reports just what is said. They don't know that he finishes sentences which the orator in his hurry and excitement left unfinished; that he disentangles metaphors, suppresses repetitions, corrects bad grammar, remedies slips of the tongue, rectifies errors in names and dates, patches up remembered quotations, and the orator, reading his effort in the next day's paper, thinks he did pretty well, and so he did, Where reporters make one mistake, speakers make a hundred, which the reporter instinctively, or as mere matter of business, corrects and says nothing about. And to wind up the matter, if a newspaper man says something, though true, of an ignorant upstart to fame, he is denounced. Oh! dear. Oh! dear; is not the path of the transgressor a hard one to travel?

PROSPERITY.—The farm known as the Rutledge homestead, situated partly in Glenelg and partly in Artemesia, consisting of 100 acres, was sold a few days ago for $3.000, to A. Nesbitt, Esq. This speaks well of our section of country. The land, of course, is of good quality, yet not better than the generality in this locality,

GLENELG AGRICULTURAL SHOW.—Though the morning was wet and everything looked discouraging for the Show, yet the Exhibitors turned out as if determined to make it a success. The prizes were comparatively small, from more than one cause. In the first place, the funds were too heavily drawn on last year—a greater number of prizes being given than the funds would admit of—leaving, in fact, nothing in hand as a balance from last year; and also, our *Township* having contributed nothiny this year, as we think they should of. The Show however was a success. We are not able to give the prize list this week owing to the Secretary's absence from home.

A Word to the Public.

The era of prosperity which now happily reigns throughout the length and breadth of our glorious dominion benefits every branch of industry, and has very materially benefited my business, which has increased in volume several thousands of dollars over any previous year, and is steadily increasing.

Appreciating the tastes and requirements of the Public I have studiously, and I trust successfully, labored for 18 years to meet the wishes of purchasers. The support and patronage I have had justifies me in increasing my stock, extending my facilities, and at the same time materially reducing my prices.

Ambitious as I have ever been to be first and foremost in my business, I am resolved that henceforth the reputation I have achieved in this particular, shall be promoted and enhanced. Egotistical mention is not essential, but I do feel warranted in calling attention to my present full and complete stock of Goods, a stock, the greater part of which has been purchased for cash, and direct from the manufacturers, and the equal of which, for extent or variety, I do not think can be found north of Toronto. I solicit from strangers an inspection, and to my friends and customers say, that I have for them in goods and prices a succession of what I believe will be very agreeable surprises. I am in a position to fill all orders, and it will not be necessary to send to Toronto or elsewhere for goods. Give me a chance to supply your wants, and I guarantee the best Goods at the most economical rates.

A call and examination will be gratifying to me, for I feel sure that an experience in patronizing me will fully confirm all that I claim for my goods.

CURES DYSPEPSIA AND INDIGESTION.

Westport, Ont., Jan. 26, 1879.

DEAR SIR:—I have been afflicted with Dyspepsia for about nine years, and your *Indian Blood Syrup* is the only medicine that ever helped me. I would say to all suffering from this disease to give your medicine a fair trial. W. H. ROBISON.

"Sole General Agents for Canada, Northrop and Lyman, No. 21, Toronto St. West, Toronto. *Also* Agents for Mother Noble's Healing Syrup, an English Discovery which is well known as a valuable and effective Blood Purifier throughout the World."

MANHOOD:

HOW LOST HOW RESTORED

We have recently published a new edition of Dr Culverwell's Celebrated Essay on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage, etc., resulting from excesses.

☞ Price, a sealed envelope, only six cents, or two postage stamps.

The celebrated author, in this admirable Essay clearly demonstrates, from thirty years successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicine or the application of a knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This lecture should be in the hands of every youth and every man in the land.
