Conductor Patterson Dead

About 8 o'clock on Friday evening last, while Conductor Thomas H. Patterson of the Walkerton branch of the C.P.R. was waiting for the night train at Saugeen Junction he was suddenly stricken with apoplexy. He was taken to his home at Walkerton, where death intervened at 2 o'clock Saturday morning. Mr. Patterson was a highly esteemed official by all who travelled on the Walkerton line and the news of his sudden death came as a distinct shock to those who knew him. He was of a cheery nature and had a smile for everybody, while he always tried to make it as pleasant as possible for those unfortunates who had to make the tedious wait of four hours at the Junction. The family have lived in Walkerton since the completion of the Walkerton line. He leaves a widow and family of seven children, the eldest, Harold, with the G.T.P. in the west; Elmer with the C. P. R. at West Toronto, and the rest at home.

Frozen to Death

Thomas Stewart, a farmer living a few miles west of Lions Head and a brother of Mrs. John J. Brown, Sydenham, was found frozen to death in the snow bank beside the road near his home on Thursday night last. He had been at Colpoys during the afternoon and on his way home encountered the fierce blizzard that swept this district. His horses managed to get through to Lions Head and a little beyond. There Stewart went to a farm house and borrowed a lantern to help him out along the drifted roads. That was the last seen or him alive. It is supposed that in his absence the team moved away from where he had left them, as they were found in a fence corner almost buried in snow. Stewart was overcome by the cold and storm and collapsed before reaching his sleigh, and his body was later discovered in a drift alongside the farm next to that owned by him.—O. S. Sun.

Rev. D. McLennan, Secretary of the Children's Aid Society, has been called upon this week to investigate what is alleged to be a shocking case of cruelty perpetrated by a woman north of Wiarton against her nine-months-old child. The mother is reported to have left the infant in a most neglected state at home, while she went away on a two or three days' stay. The infant is alleged to have been in an almost perished state when a kindly disposed neighbor took charge of it.—Hanover Post.

Coughs, Colds Bronchitis

If there is an ailment in the throat or chest, it is surely essential that the remedy be conveyed direct to the affected part. It's because the healing vapor of Catarrhozone is breathed into the sore, irritated throat and bronchial tubes, because its balsamic fumes kill the germs and destroy the cause of the trouble. These are the reasons why Catarrhozone never yet failed to cure a genuine case of Catarrh, Asthma, Bronchitis, or Throat Trouble.

The wonderfully soothing vapor of Catarrhozone instantly reaches the furthest recesses of the lungs, produces a healing, curative effect that is impossible with a tablet or liquid which goes merely to the stomach, and fails entirely to help the throat or lungs.

To permanently cure your winter ills, your coughs, sneezing and Catarrh, by all means use a tried and proven remedy like Catarrhozone. But beware of the substitutor and imitator. Look for Catarrhozone only. 50c and $1, at all dealers. 10

Just Breathe It, Cure is Sure

A runaway on the west back line might have been very serious. The horse started from the house and proceeded down the road, the driver after him holering "Whoa!" but the horse must have been deaf or the driver a stranger, for the horse never heeded. The poor man was nearly exhausted when a neighbor stopped the horse. The driver happened to be keeping house for a friend and was supposed to be taking the family out for a drive or out looking for pears, but he got started for the town of Proton. Then it was the poor horse got exhausted but returned home happy and decided not to go out looking for pears till the right season arrived.—Com.

Chest Inflammation

Suffered From a Heavy Cold, Pleuritic Pains in Side — Constant Coughing.

"Anyone that goes through all that I suffered last winter will appreciate the value of a remedy that cures like Nerviline cured me." These are the opening words of the solemn declaration of E. P. Von Hayden, the well-known violinist of Middleton. "My work kept me out late at night, and playing in cold drafty places brought on a severe cold that settled on my chest. I had a harsh racking cough and severe pains darted through my sides and settled in my shoulders. I used different liniments but none broke up my cold till I used Nerviline. I rubbed it on my neck chest and shoulders, morning and night, and all the pain disappeared. Realizing that such a heavy cold had run down my system, I took Ferrozone at meals, and was completely built up and strengthened. Since using Nerviline I have no more colds or pleurisy and enjoy perfect health."

Nerviline CURES CHEST COLDS

It's because Nerviline contains the purest and most healing essences and medicinal principles, because it has the power of sinking through the pores to the kernel of the pain—these are the reasons why it breaks up colds, cures lumbago, stiffness, neuralgia, sciatica, and rheumatism. Refuse any substitute your dealer may suggest—insist on Nerviline only. Large bottles, 50c, trial size 25c. Sold everywhere, or The Catarrhozone Co., Kingston, Ont.

VARICOSE VEINS CURED

NO NAMES USED WITHOUT WRITTEN CONSENT.

Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on Varicose Veins. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Drs. Kennedy & Kennedy, as he had taken treatment from them himself and knew they were square and skillful. I wrote them and got THE NEW METHOD TREATMENT. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn $12 a week in a machine shop before treatment, now I am earning $21 and never loose a day. I wish all sufferers knew of your valuable treatment.

HENRY C. LOCUST.
