We purpose presenting our readers next week with a handsome photograving of a portion of the village of Eugenia, with the oldest inhabitant in the foreground. The remains of Mrs. Alexander Hannah, who died in Toronto on Monday, were interred in Flesherton cemetery on Wednesday afternoon. In the absence of Rev. Mr. Mahan, Rev. J. Simpson of Markdale officiated at the church and grave. Deceased was a sister of Mrs. R. Trimble and Mrs. R. Keefer.

Mr. Angus McDonald of Collingwood township, who was present at the fair as a judge on cattle, did not enjoy himself quite as well as some of the other spectators. He attempted to cross the track near the judges' stand as the running horses were coming in, and one of them struck him, knocking him head over heels. The next horse in jumped over him. He lay unconscious for some time with his wind clean knocked out. No less than four physicians were speedily on hand. No bones were broken fortunately, and Mr. McDonald was able to return to his home on Saturday.

While wheeling over from Durham on Wednesday evening last Master Frank Irwin met with what might have proved a serious accident. Just this side of the bridge at Priceville his wheel struck a defective culvert and pitched him forward, striking on his face and arm. For some minutes he was powerless to move, and was picked up by a gentleman who was coming over to the station. The wheel was not damaged, but Frank sports a discolored optic, a badly bruised arm and was considerably "raked" both fore and aft as a sailor would say.

The balance of The Advance for this year only 25 cents.

Markdale fall fair enjoyed the pink of fair weather yesterday.

The Advance has to thank Mr. D. McCormick of Priceville for four very fine heads of cauliflower.

We have some correspondents on our list whom we have not heard from for a long time. We do not like to cut their names off our list, but the arrangement as now running is somewhat one sided, and we propose to quit sending them the news if they will not exchange courtesies. Let us hear from you, gentlemen.

Mr. Wm. Breadner, who lives near Rocklyn, was charged on Tuesday before Magistrates VanDusen and Richardson with cruelty to a steer which he delivered to a buyer at Kimberley last July. Witnesses swore that the animal was badly bruised and its knees worn to the bone, while its head was cut around the horns by a rope or chain. Mr. Breadner admitted that he was obliged to use rough methods to get the animal along as it would not drive, but claimed that these methods were a necessity. The magistrates have reserved their decision for a few days.

Church Notes

Mr. Barber of Hopeville preached in the Presbyterian church on Sunday, in absence of the pastor.

Rev. Mr. Magwood of Arthur will occupy the pulpit of the Presbyterian church for the next two Sabbaths. Rev. Mr. Thom takes Mr. Magwood's work.

Rev. Mr. Trollope of Laurel preached two excellent sermons in the Methodist church on Sabbath last, to large congregations.

The Township Vindicated

It will be remembered that some time ago a Mrs. Waterson of Barrie sued the township of Artemesia for damages for an injury sustained when driving north of this village by being thrown from a wagon, she claiming that the road was in a dangerous condition. The case was to have been tried some time ago, but was postponed at the request of plaintiff. It came up for hearing in Owen Sound on Monday before Judge Boyd in the High Court of Justice, and after considerable evidence had been taken the learned judge decided that the township had not been criminally negligent and dismissed the case, each party to pay its own costs. Lawyer Lennox of Barrie represented the plaintiff, and W. H. Wright cleverly handled the township's interests.

Monuments, Urns and Vases

The undersigned has secured the agency for the new Metallic Plate Glass Monument, manufactured in Toronto, one of the finest monuments ever presented to the public. It is pronounced by experts to be the best monument in the market. The inscription, which is patented, will last for ages, and will be as perfect in a hundred years as the first year. An inscription in granite or marble, when put on in gold, silver or painted, will last only a short time and then have to be done over again. The old need not put on their spectacles to read our inscription. These monuments are of beautiful designs, graniteized in red or grey, and are within the reach of the poorest. An early call solicited
