The proprietor of BURDOCK BLOOD BITTERS challenges the world to produce the record of a medicine that has achieved a more wonderful success, or better credentials in so short a period of time as has this great BloodPurifier and System Renovator. Its cures are the marvels of the age. Sample Bottles 10 cents.

WE would call special attention to the advertisment of Mr. Geo. Nixon, of Dundalk to be found on our third page. We have not room this week to speak of Mr. Nixon's establishment as it deserves but would recommend all who want a first class article, at a fair price, to give him a call.

An honest medicine is the noblest work of man- and their is no remedy that is more justly meritorious in curing the ills that flesh is heir to' than Burdock Blood Bitters, the Great Blood Purifier and System Renovator. [illegible] Liver Complaint, Dyspepsia, Kidney, Complaints arising from disordered bowels or disordered secretions, and the best Nervine and Tonic in the world.

WANTED.—10,000 dozen Eggs, and 10,000 Rolls of Butter, for which the highest price will be paid. Reynolds & Son's.

THE Ladies Aid of the C. M. Church Markdale hold their annual Bazaar and concert on the 24th inst. There will also be a dinner in conection with the Bazaar. The dinner and Bazar will be held in the frame building next the STANDARD Office and the concert in Dufferin Hall. Dinner 25c Concert 25c. Tickets for concert and dinner 40c. For particulars see posters.

For all purposes of a family medicine HAGYARD'S YELLOW OIL will be found invaluable. Immediate relief will follow its use. It relieves pain, cures chilblains, frostbites, scalds burns, corns, rheumatism, neuralgia, &c., &c. For internal, use it is none the less wonderful. One or two doses frequently cure sore throat. It will cure croup in a few minutes. A few bottles has often cured asthma. Colic has been cured in fifteen minutes by a teaspoonful dose. It cures with the utmost rapidity. It is really a wonderful medicine.

As a health renewer Burdock Blood Bitters acts like a charm. In Malaria, Bilious Complaints, Scrofula and all disorders of the Blood, Liver and Kidneys, this great combination of Vegetable Medicines proves a certain specific. A few doses regulate the bowels and as a restorative Tonic it has no equal. Trial Bottles 10 Cents.

TEACH THE BOYS TO BE HELPFUL.—You make a mistake, mother, when you teach Jennie always to put her things in their right place, but permit Joseph to leave his lying anywhere. Do not wait so much on the boys. There should be one rule in the household, so far as order is concerned, for sons and daughters, not, as so often their are two very dissimilar rules. Let the boys learn to make beds, and set the table, to help about the house, it will make them not less manly, but more gentlemanly.

Burdock Blood Bitters is not a Whiskey Stimulant or fancy drink to pander to the depraved appetite of the intemperate, but a pure vegetable life-giving Tonic and regulator of the Secretions. It acts promptly on the Bowels, the Liver, the Blood and the Kidneys, purifying and giving tone to the entire system. Try a Sample Bottle which costs only 10 Cents Large Bottles $1.00.

Neither the syndicate, the Scott Act, or the Irish question cause half the sensational comment, that is caused by the popularity of BURDOCK BLOOD BITTERS. This great remedy is marvellous in its success in curing Chronic disease when other medicines have failed. It is the best Blood Purifying Tonic and Liver Invigorator known. A specific for all diseases of Blood, Liver and Kidneys. Sample Bottles 10 cents.

EUGENIA.

Correspondence to the STANDARD.

A GREAT deal of the fall wheat in this section of the country has had to be ploughed up, and the ground is being re-sown with Spring Wheat or Barley. This is going to entail a heavy loss to farmers, as a greater area of fall wheat was sown than in previous years. Those who have been lucky enough to sow late will not suffer so bad. Should other causes of loss not interfere farmers are working their level best both man and beast to catch up with the season.

Although Eugenia is not one of the fastest go-ahead towns in the world it can claim its share of enterprise when the Fishing season comes round. From the numerous spots dug behind old buildings, old logs turned over, and every conceivable place where angle-worms are supposed to hide, one would suppose a good trade was being done in that line, and that the unwary worm must have a hard time of it. We seldom hear anything in the way of the Big Fish yarns that reach us from some of the more ambitious little towns around us.

Farmers are becoming alive to the importance of improving their breeds of cattle, sheep, &c. The age of scrubs is surely doomed, and high time it is.

The potato bug may now be seen around the fields no doupt prospecting in regard to future operations. Who in the world invented Tatey Bugs, anyhow?

COURTS OF REVISION.

The court of Revision for the Township of Osprey, Euphrasia, Glenelg Artemesia will be held on the following dates.

OSPREY.—On the 30th May, inst., in the Orange Hall, Maxwell.

EUPHRASIA.—on the 28th of May, inst., in the Township Hall.

GLENELG.—On the 30th of may, in the Township Hall.

ARTEMESIA.—On June 6th in the Town Hall, Flesherton.

SEVERAL communications and other articles left over till next week.

NOTICE.—Strayed from his home, near Dundalk on the 7th May, a young man of unsound mind, aged 24; Dark complection dark mustache, dressed in drab drill trousers, Grey flannel shirt, straw hat, without coat or vest. Any person who can give any information as to his where-abouts, will confer a great favor to his father.—WM BOWLER Dundalk P. O. county of Grey.

COLLAPSE OF A BUILDING.—A two story brick building occupied by Messrs Grant & Chellew as a Furniture Factory collapsed on Wednesday, the south wall falling outward and going into the cellar recently dug for the new Brick block of Messrs Reid and McDougal. It is generally supposed it was caused by removing too much of the earth from the foundation, while digging the cellar above mentioned, Mr Chellew was in the building at the time, and had a miraculous escape. Persons outside hearing the cracking called to him to run out, which he did promptly and had just succeeded in reaching the door when the building fell. Considerable of the Furniture was irretrievably ruined, and most of it more or less damaged. We haved not learned what Messrs Grant and Chellew's loss is. The building is owned by Mr Wilson Benson who estimates his loss at about $800.

GLENELG AGRICULTURAL SOCIETY.

To the Editor of the STANDARD.

SIR,—It is indeed rare that a "Director" of any Society appears in public to criticize his compeers, but still more surprising that one who was representative for others regarding the matter of which he complains, and a consenting party to the settlement should so act.

Will it believed that this matter, in which "A Director" speaks so hard of his fellow-directors, was laid before the Commissioner of Agriculture all the evidence possible was had in review, and the sum recommended by him to be accepted was $122.25 only, that there was not sufficient evidence for the balance of $28, and that, a director, fully endorsed this recommendation. But such are the facts and yet this strange man, "a director," berates the other directors, and almost calls them dishonest, (limpingly so.) I might ask by what law he is governed, or by what "hocus-pocus" principle. Right with the Commissioner, he is entirely wrong with the Directors, and urging a different course. Surely the man is beside himself!

The Directors of the Glenelg Agricultural Society are proud to announce that they courted no man's favour in this matter. They appealed to the highest authority, and deputed the very man who complains, and letters in our possession prove most conclusively what I have stated.

The Directors have acted for the benefit of the Society only, and did not feel disposed to risk losing the government money and put the Society to expense and endanger its existence by trying to recover a matter of which (while it probably did exist) they had not evidence to prove. They have kept faith with the public and intend to do so while entrusted with the management of the Society.

The only difference is that they have no feud with the late Secretary beyond the sum found and proven due to the Society, and it would have been better for "a Director" if he had stated things as they are.

Your's Truly,
A DIRECTOR.

HOPEVILLE.

From a Correspondent.

At a barn raising, on the farm of John Scarlet everything went smoothly until all was complete das far as the raising of the barn was concerned, but the boys got like the moon sometimes, pretty full, and late in the evening actualy flowed over with profane language, and their pugilistic proclivities got the better of their judgment. Mr. Scarlet got a wound on the head but not dangerous. Boy's dont take too much again when it can be had free.

ORANGEVILLE

POLITENESS.—On Saturday a young lady was observed making her way from the T. G. & B. depot with a large valise in her hand. A young man who was going along the opposite side of the street, also carying a valise, crossed over to her side and, on overtaking her, asked to be allowed to carry the valise. Now this was very nice on the young man's part, but we have been wondering since then if he would have been so eager to relieve her had she been ugly,—not very ugly, you know, but cross-eyed, or with a broken nose, say, or a wry-neck, or a red head.—*Gazette.*

POLICE WANTED.—Orangeville presents the curious spectacle of the county town without a single policeman. Such being the case, of course rowdies have it their own way, and our town will very soon have an unenviable reputation, if indeed it has not already acquired it. Our town Council should not, and *must* not, allow cheese-paring motives of economy to interfere with the proper and just arrangements for the peace of the town.—*Gazette.*

FORCIBLE ENTRY.—A case of some intrest was tried before the Mayor on Saturday in which Walter Colthard, of the Masson manufacturing company was tried for making forcible entries into a store belonging to John Munn, of this town, thereafter removing certain implements belonging to the above company whose affairs are in course of liquidation. Chief Constable Walkine had arrested the prisoner the same morning in the Paisley House. Mr. J. P. McMillen, Crown Counsel, prosecuted, and Mr. Robb defended Mr. Munn gave evidence to the effect that the door was locked, and that when he saw it after the removal of the goods, the lock was hanging as if the staple had been drawn, and the goods, he found had been removed. A young man of the name of Henry had seen Messrs. Colthard and Beaty at the store on the day in question, and was sure the door was secure before they meddled with it, as he had tried it, wishing to get in him self. He could not say which of them opened it, but he was quite sure one of them did it. After cross examination, which only elicited to confirmation of the above statement (a some what irregular piece of procedure, by the way) the Court dismissed the charge. Squire Wilson, Reeve of Mono, occupied the bench along with his Worship. We understand the case is to come up afresh against both Colthard and Beatty, for Munn is "a stayer."—*Gazette.*

A man has invented a process by which he proposes to improve the worst case of bald head, by simply planting upon them fresh crops of hair taken from the heads of other persons. Now why not graft on a new head at once? We know scores of men who would be vastly benefitted by the process.

A CARD OF THANKS.

Brooklin, March 30th, 1881.

To Mr. S. BEAL, Agent Dominion Grange Mutual Insurance Association

Sir,—I have to thank you for your care in the general selection of risks in your Company, and the directors, for careful management, by which has been secured such an excellent financial standing in four years.

I was one of the first insured in the Company, to the amount of $800, I paid $6, and gave an undertaking besides. My undertaking has been returned to me unassessed, and eighty cents in cash paid back. I have thus secured the most reliable insurance of $800 for four years for five dollars and tweuty cents, or sixty cents on the $100 insurance.

The Company appears to be working truly on the Mutual principle, it rarely if ever occurred in Canada that the insured received back any portion of the money paid in to an insurance Company. May your success be still mor marked in the future.

Yours truly,
THOMAS MCBRIEN,
