SPRING IMPURITIES IN THE BLOOD

A Tonic Medicine is a Necessity at This Season.

Dr. Williams' Pink Pills for Pale People are an all year round tonic, blood-builder and nerve-restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching, and every dose of these pills helps to make new, rich, red blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions and boils—Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anaemia, rheumatism, indigestion, neuralgia, erysipelas and many other troubles are most persistent because of poor, weak blood, and it is at this time when all nature takes on new life that the blood most seriously needs attention. Some people dose themselves with purgatives at this season, but these only further weaken themselves. A purgative merely gallops through the system, emptying the bowels, but it does not cure anything. On the other hand Dr. Williams' Pink Pills actually make new blood, which reaches every nerve and organ in the body, bringing new strength, new health and vigor to weak, easily tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you.

THE COURT TRAIN.

Queen's Regulations Not So Severe as at First Reported.

The rules and regulations regarding the exact length and breadth of Court trains recently issued by the Lord Chamberlain has again called forth the manifestly absurd statement that those who purpose attending these functions must beware of following the present fashion too closely if they would avoid the risks of being turned back from the doors of the throne room, says the Pall Mall Gazette.

The so-called new regulations differ in no way from those which have been in force since time immemorial. That the Queen does not approve of the exaggerated fashions of the present day is sufficiently indicated by her Majesty's own style of dress, but between that and any definitely expressed opinion on the subject, except as regards the ladies of her household, there is a wide margin; and the statements that the Queen has set her face firmly against this or that fashion where the general public is concerned are incorrect, and gave so much offence in high quarters some time ago as to call forth an official contradiction.

It is to be hoped, however, that the majority of the ladies attending the Courts will avoid that monstrosity, the hobble skirt, even in its modified evening form, as it is an absolute impediment to grace of movement.

When passing the presence, every woman has, so to speak, the stage to herself, and to have to proceed up the strip of crimson carpet as though she were endeavoring to win a sack race, under the gaze of hundreds of critical eyes, must be the reverse of gratifying.

FOUNTAIN TOOTH BRUSH.

Hollow Handle Carries Cleansing Fluid to Bristles.

No longer will it be necessary to carry a bottle or box of tooth wash, or tooth paste, when you go away from home. All you will need will be your tooth brush—that is, if it is the tooth brush devised by a Georgia man. This little implement has a hollow handle and a hollow brush frame with slits on the under side. The handle, which has a screw cap at the outer end, is designed to contain the cleansing preparation, whether fluid or powder, and the flow of this stuff into the brush frame is controlled by a valve. When the fluid is allowed to run the frame it trickles down the bristles and the brush is all ready for use without a drop of the preparation being wasted. With the handle of this brush loaded and a clean collar a man is ready for a trip.

BABY THIN — HAD NO APPETITE

Mrs. Ulderic St. Georges, St. Mathias, Que., writes: "I am writing to say I am well satisfied with Baby's Own Tablets. My baby was ill and I tried several remedies, but the result was discouraging. He became very thin, had no appetite, hardly slept at all and was extremely weak. I got Baby's Own Tablets and they soon set him right again, till at the age of eleven months he was able to walk and was a strong, healthy child. I do not think there is anything to equal Baby's Own Tablets for little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

To Men Who Live Inactive Lives.—Exercise in the open air is the best tonic for the stomach and system generally; but there are those who are compelled to follow sedentary occupations and the inactivity tends to restrict the healthy action of the digestive organs and sickness follows. Parmelee's Vegetable Pills regulate the stomach and liver and restore healthy action. It is wise to have a packet of the pills always on hand.

GOOD MARKSMEN.

A Yankee entered a hotel in the Highlands, when he overheard a party of gentlemen speaking about shooting.

"Gentlemen," he said, "I guess I have seen some good shotting in my time. I have seen a fly killed on a flagpole at 300 yards."

An Irishman, who was one of the party, said: "Begorra, it's purty good, but I believe I've seen better. When I was in the army the major used to roll an empty beer barrel down the hill, and every time the bung hole turned up we put a bullet in. Any man who couldn't do it was discharged."

A SCOTSMAN BLOWING.

An Englishman and a Scotsman, both commercial travellers, were bragging about the firms they represented. "You may judge of the extent of our business," said the Englishman, "from the fact that we spend £215 a year in ink for our correspondence." "That's nothing," said the Scotsman. "My firm saves twice that amount yearly by not dotting its 'i's' and not crossing its 't's.'"

ON THE PLATFORM.

"Don't you see that sign 'No smoking'?" asked the car conductor.

"Yes," replied the inconsiderate and obstinate passenger. "And all I have to say is that the man who wrote that sign was no prophet."

DODD'S KIDNEY PILLS WORK WONDERFUL CURE.

Mrs. Ed. Lloyd, Weak and Worn and Wracked with Pain Found Relief and Cure in Dodd's Kidney Pills.

Ardbeg, Ont., March 18 (Special)—"Dodd's Kidney Pills have done wonders for me," so says Mrs. Ed. Lloyd, wife of a well-known farmer living on the line of the C. N. O. Railway near here.

"I was so weak I could hardly walk around," Mrs. Lloyd continues, "I suffered from female weakness and kidney trouble. My heart troubled me so that at times I would almost pant with the palpitations. I was treated by the doctor, but he could give me no relief.

"I was sick all over when I started to use Dodd's Kidney Pills, Rheumatism, Lumbago and Neuralgia adding to my sufferings. But Dodd's Kidney Pills helped me almost at once. After taking eight boxes I was completely cured."

Naturally Mrs. Lloyd wants other suffering women to know how she found a cure, and Dodd's Kidney Pills will do for other sufferers just what they did for Mrs. Lloyd, make new women of them.

LIVELY WEDDING GIFTS.

Exciting Honeymoon Caused by "Useful" Presents.

No one ever received a more curious consignment of wedding presents than the famous lion-trainer Bidel. "We spent our honeymoon at Lyons, France," he once told a friend, "and we had some queer presents from the ordinary point of view, as all my friends were anxious to give 'something useful.' Among other gifts were three boa-constrictors and five alligators. I shall never forget how annoyed I was and how frightened my wife was when during the night two of the alligators broke out of their boxes in our bedroom and began exploring. I could not find the matches, and my wife and I remained on top of the bed canopy till morning. Luckily my wife did not think of the thing that was worrying me. I was deadly afraid that the alligators would waken up the boa-constrictors."

An Oil That is Famous.—Though Canada was not the birthplace of Dr. Thomas' Eclectric Oil, it is the home of that famous compound. From here its good name was spread to Central and South America, the West Indies, Australia and New Zealand. That is far afield enough to attest its excellence, for in all these countries it is on sale and in demand.

GOSSIP.

BABY TERRIBLY SCALDED.

Relieved by Zam-Buk.

Doctor Agreed Zam-Buk was "Best Possible Treatment."

Mrs. Albert Sawyer, of Midland (Ont.), says: "While living in Brantford last winter my little son spilled a vessel of boiling water over his neck. He was terribly scalded, and we immediately called in a doctor. The treatment did not seem to give the child ease or heal the terrible scalds, so after a week's trial we got some Zam-Buk and applied it. It gave the child ease almost immediately, and after a few days' use the scalds seemed to be getting along finely.

"To make quite sure that all was right, however, we called in a second doctor. He said everything was going along splendidly, the scalds were healing and the little one would soon be quite recovered. Then we told him we were using Zam-Buk, and he said we could use nothing better. Zam-Buk worked a complete cure."

Mrs. S. Smith and Mrs. J. H. Teakle, of 73 Brock St., Brantford, who knew of the above accident, and what followed, write: "We certify that these facts are true in every detail."

Mothers should know that for burns, cuts, scalds, bruises, eczema, piles, and all skin diseases, there is nothing to equal Zam-Buk. Zam-Buk is obtainable from all druggists and stores 50c box, or Zam-Buk Co., Toronto.

GAMBLING MANIA IN POLAND.

Doctor Rose at Four A.M. to Evade Wife Who Kept Him Home.

The trial at Krakow of a Polish doctor named Steinfeld, who has come to grief through gambling, has been the occasion of some curious revelations about the hold which this vice has on business men in Austrian Poland. Dr. Steinfeld's wife, in her endeavor to keep her husband out of temptation, tried the plan of never leaving him out of her sight, even when a practice of going to bed early and rising at four in the morning, before his wife was awake, in order to hurry off to the so-called "Monte Carlo" at Krakow, which he would find still in full swing at that hour. When staying at hotels during the summer he would arrange meetings with other players in the bathroom, and play there for hours, while he told his wife that he was taking a cold water cure.—London Standard.
