LUNG TROUBLE

Mrs. Biny Brown, of Tenecape, N.S., Was Cured by Catarrhozone of Lung Trouble and Catarrh, After Hundreds of Other Remedies Failed

If your lungs are weak; if there is consumption in your family; if Colds, Catarrh, and Bronchitis bother you, be sure to use Catarrhozone It is especially adapted for these diseases and cures every time

Mrs. Brown took cough mixtures, but they made her sick. Then she used an atomizer, but, after resorting without benefit to poultices, she tried Catarrhozone.

"I used Catarrhozone Inhaler," writes Mrs. Brown, "five minutes every hour, and soon recognized that it was going to cure me. I could feel the soothing medicated air spreading through the air passages of the throat, and it touched the sore spots in the lungs that other remedies failed to reach. Catarrhozone seemed to go just where it was needed most, and soon put a stop to my cough. It restored me to perfect health, and I am convinced that no cough, cold, or catarrh can exist if Catarrhozone is used."

No treatment is so clean, so pleasant, so certain to cure as Catarrhozone. By means of the Inhaler, the local symptoms, such as coughing, inflammation and congestion are speedily corrected. Ferrozone tablets, which are taken after each meal, purify and cleanse the blood of all poisons, and build up and strengthen the system.

This local and constitutional treatment is always effective, and cures cases that have been given up as hopeless. Money can't buy or produce anything better, and to get cured it is absolutely necessary to use Catarrhozone.

THE LOST SPECTACLES.

What Happened When the Old Gentleman Tried to Find Them.

A man from "up state" who was in New York city on business was taken by a nephew whom he was visiting to dine at a Broadway restaurant the evening of his arrival. The next day he said to the younger man:

"Where is that restaurant we dined at last night? I left my gold spectacles there, I'm pretty sure. I've got another pair with me, but I don't want to lose the others."

"I'll stop in and get them for you on my way down town," replied the nephew.

He went to the restaurant, explained the circumstances and received a pair of gold rimmed spectacles that had been left on a table the previous evening. On his return home in the afternoon he handed them to his uncle.

"Where in thunder did you get those?" inquired the elder man. "I was going down Broadway today and recognized the place we dined at—at least I thought I did. Anyway I went in and asked if I left my spectacles last night, and they gave me this pair." He produced another pair of gold rimmed spectacles.

Upon the uncle describing the restaurant whence he had retrieved the glasses the nephew assured him it was several blocks from the one they had patronized the day before. While the two were discussing the situation the postman delivered a package for the uncle. It contained a pair of gold rimmed spectacles, with a note from his wife saying that she had found them on his writing desk at home and was sending them to New York in the event that he might need them.—New York Herald.
