Shelburne Economist : Mr Robt. Puckering, salesman with Ritchie & Rowland, had an experience Wednesday evening of last week that he does not wish to soon repeat. The electric light in the cellar of the store is so arranged that it can be shifted from one part of the cellar to another. At one point the wire had by some means become uncovered, and when Mr Puckering went to shift the lamp he recived a shock that rendered him insensible and threw him six or seven feet across the cellar. The hand that came in contact with the wire was badly burned. Messrs Richie and Langford also received slight ocks.

A Valuable Quilt

The following item explains itself :

MR. EDITOR,—Will you kindly correct the statement in last week's Advance re the price of the quilt furnished by the Ladies' Aid of the Presbyterian church at Eugenia. The blocks in the quilt fetched $102. Miss Lizzie Roy of Mont Clair, New Jersey, is the purchaser at $15. Mr. M. Richardson, Flesherton, donated $5 to its fund through your pastor, the Rev. J. Mahan. There were also $7 more subscribed on it, which brings its value up to $129. Please oblige me by making this correction. E. WOODBURN

The Globe (Toronto) is making a strong and deserving bid for circulation. Finding that the reduction in the price of paper and the introduction of typesetting machinery have made it possible to publish the paper at a less cost, the price has been reduced from $6 per annum to $4 per annum for the early morning edition, and the second edition has been discontinued. This should give their circulation list a great increase, as it brings within the reach of every person a daily paper that is generally recognized as the leading paper in Canada. As there is no reduction in the size of the paper and every department including the Saturday illustrated edition, kept up to its present high standard and considering the enormous expense that it goes to in order to give all the news every day, $6 was not too much for it. At $4 per annum its subscription list should soon reach the 50,000 mark.

Address

Rev. J. C. Ferrier, late of the Dundalk and Maxwell circuit, who for a few months has been stationed at Dutton, Ont., has found the labors on that charge too arduous and has been obliged to withdraw. He will continue his work in Michigan, where a field is awaiting him, his labors to commence there on the first of next month. Before leaving Dutton his parishioners presented him with the following address :

Rev. J. C. Ferrier.

DEAR SIR—We the members of the Church of the Nativity, have learned with regret of your intention to sever your conection with this parish, and we wish ere you leave to express our appreciation of the kindly interest which you have taken in our welfare during your short stay amongst us.

It is with regret, indeed, that we learn that your physical condition will not admit of your assuming the responsibility of this parish.

We are led to conclude, even from our short acquaintance with you, that if you were but permitted to remain with us, the good work would go on vigorously, and you would make many friends We had strong hopes that through your instrumentality the influence of the church in these parts would reach an extent unknown before. Your genial and sympathetic nature bespeaks for you success in whatever field you may be called upon to labor—success which would mean much to us, and to the parish at large. Nevertheless, however much we would desire to have you remain, we cheerfully release you from the work, in the hope that your health may be benefited by a change, and a rest, and we all join in wishing you unprecedented success in your future work for the Master, even though it should be carried out under a different flag.

Accept our regrets and best wishes and ever remember us as your friends.

Signed on behalf of the members of the Church of the Nativity, Dutton.

THOS. HOCKIN and others.

Dutton, Nov. 11th, 1897.

The Reeveship

To the Editor of The Advance.

DEAR SIR,—I see by your last week's issue that there are three candidates in the field for the reeveship—a doctor, a merchant and a blacksmith. It would seem to me that there is not a farmer capable of steering the ship of state over the shoals and reefs into the desired haven of economy. However, be that as it may, at the earnest solicitations of not a few of the ratepayers of wards 2 and 3, I have allowed my name to be placed before the ratepayers of this township as the farmers' candidate.

A recent decision of the Minister of Education is, that except in the unorganized districts of Algoma and Parry Sound trustees even with the consent of the teacher, have not the power to shorten the school holidays.

Chatsworth News : A young fellow named Fred Bleich, son of Mr. Fred Bleich of Williamsford, met with a dangerous accident on Tuesday of last week. He was cutting hay with a hay knife in the mow of Mr. Walker's barn, on the 6th con. of Sullivan, when he fell out of the mow and across the blade of the knife cutting a gash across his back and one arm. The latest report is that he is doing nicely.

Thornbury Standard : John Onia the seventeen-year-old son of Mr. Ralph Onia of Rocklyn, accidentally shot himself while hunting Monday afternoon in a bush south of Rocklyn. It is thought the wound will prove fatal although the young man still lives. He was stepping over a log with the gun dragging beside him, when the trigger caught. The entire charge of shot entered his right side and passed up in a slanting direction, logging under his heart. Drs. Bennet of Rocklyn, and McLean of Meaford, are in attendance, but offer little hope for his recovery.

LIGHTNING PAIN HUNTER

H. HEITMAN, ESQ.

Gibraltar, June 1897.

DEAR SIR,—I would be doing an injustice to you and the public not to make known the benefits I received from your remedy known as "Lightning Pain Hunter." I sprained my ankle very badly, a short time after it got very bad again. I was unable to get around for about three months. First I tried one doctor then another, and other remedies to no end. I was nearly giving up in despair when you gave me the first bottle of "Lightning Pain Hunter" to try it on its merits; to my surprise I got immediate relief and in about three weeks I began moving around, and shortly after went to work. I thank the day I began using your Lightning Pain Hunter that set me on my feet again. We have used it for burns, scalds, bruises, coughs, sore throat, sore shoulders on the horses and cuts in winter, yet I have failed to be disappointed when applied. In fact it is our household remedy and I would not be without it. Anyone wishing to write me direct I will gladly answer them. Wishing you every success I remain. Yours truly, A. COOK.

Above is one of the many hundred testimonials pouring in, telling of the curative powers of Lightning Pain Hunter.
