NEWS NOTES.

We learn that Mr. John Hanbury, who went to Manitoba a few weeks since, has struck a "Bonaza."

Rev. Dr. Ryerson, the founder of our present excellent school sysytem, and one of the pioneer Methodist preachers of Canada, died in Toronto last week.

There has been great damage done in the Mississippi and Ohio valleys, by floods. It is stated 20,000 men have been thrown out of employment.

The land boom still continues in Manitoba. We hear of wonderful lucky hits by purchasers of land, and small fortunes are being made in a single day.

THE Grand Lodges of the Orange Order and of the Ancient Order of United workmen are in session—the former at Strathroy and the latter at Hamilton.

Our numerous readers will learn with regret that the Bill introduced into the Local legislature to enforce the fulfilment of the agreement entered into between the late Directors of the T. G. and B. Railway and the Grand Trunk company has been thrown out by the Railway Committee by a vote of 26 to 15.

WORTHY OF SUPPORT.

We are informed that a subscription list is being circulated among the farmers in the Valley in the neighborhood of Kimberly, with the object of raising money to be expended in cutting down the rock on 6 and 7 side road, on condition that the Township Council grant an equivalent sum.—The movement is being well supported by the farmers interest, who are desirous of giving their custom and support to Markdale, provided they had a good road. As it is now, it is next to impossible to bring a load sufficiently large to make it remunerative on account of the steepness of the hill. A few succeeded in reaching Markdale this winter with their grain, by doubling up on reaching the foot of the hill, and others by unloading and taking half their load up at a time.

Now, we think the business men of Markdale are as deeply interested in this matter as the farmers, and trust that they will subscribe liberally towards this contemplated improvement when asked to do so, as we are informed they shortly will be, thereby securing to themselves thirty or forty customers who are compelled under existing circumstances to go elsewhere.

FLESHERTON.

From our Correspondent.

The social held on Friday evening, the 17th, inst., under the auspices of the Ladies' aid of the C. M. Church, Flesherton was a grand success. At 7.30, sharp, the meeting was called to order by Mr. R. Davis. After a few appropriate remarks, he called on Bertie Hooper, who favored the assembly with a song and was followed by Alfred Sarjeant with a recitation, Misses Ada Sproule and Effie Philp, song; Mr. Fawcett, reading; music by the Quintette Club; Miss Aggie Lietch, song. There was then an intermission for refreshments, after which the programme was resumed by Mrs. Trimble with a song; Mr. McMaster, reading; Miss Aggie Philps, song; music, Quintette Club; Mrs. W. Trimble, song; Dunwoody Bros., dialogue; Miss Pierce, song; Mrs. Will Trimble, reading; also a song entitled "Obey," which was well rendered, after making some reference to Adam, the chorus was, "The very last Man would the very last Woman Obey."

BREVITIES.

The Presbyterians will have a social on the 24th inst. A good time expected.

Scarlet fever in the Village.

Our thoroughfare almost blocked with potatoe teams.

Good sleighing again.

A number of Villagers have Manitoba fever: I will send a list next week.

OSPREY.

From our Correspondent.

Here we are in the mud again. The thaw yesterday, and the rain this morning took the snow all away; but with a little frost we will soon have good wheeling.

Mr. McAlear has left Feversham, having purchased the Railroad House at Flesherton station, where he intends keeping a first-class Hotel.

On the 7th inst. a social was held in the house of Mr. John Clinton.—The weather being disagreeable prevented many from attending. After doing ample justice to the good things furnished to comfort the inner man, Mr. John Osborne was elected chairman. The programme consisted of vocal and instrumental music, some readings, and an eloquent address from the Rev. Mr. Snowden, and all retired feeling well pleased with the evening's entertainment.

Moved by Mullarky and Neil, that N. G. Dunsmoor, P. Neil, and the mover be a committee to inspect the bridge known as the Glencrossbridge, and that said committee be authorized to get the specification from Mr. Glencross and give an order on the Treasurer for the amount due the contractor, as soon as the work is completed to the satisfaction of the committee.—Car.

Moved by Neil and Glencross, that the Auditors' Report be now finally passed and adopted and that the clerk get two hundred copies printed in pamphlet form.—Car.

The Council adjourned to meet at the same place on Monday, the fifth day of June next.

TORONTO, GREY, AND BRUCE.

DEPUTATION TO THE GOVERNMENT ON BEHALF OF THE G. T. RAILWAY AMALGAMATION.

A large and influential deputation waited upon the Attorney-General and the Commissioner of Crown Lands last night in reference to the bill before the Legislature for the confirmation of the agreement between the Toronto, Grey, and Bruce and the Grand Trunk railways. The deputation, which was introduced by Messrs. Creighton, M. P. P., and Hay, M. P. P., consisted of the following gentlemen:—

County Grey.—C. R. Sing, warden.

Owen Sound.—Dr. C. E. Barnhart, mayor; John Chisholm, reeve; A. B. Lang, deputy reeve; S. J. Parker and W. B. Stephens, president and secretary of the Board of Trade; Capt. Dunn, Thomas Scott, B. Allen, G. Corbett, and D. A. Creasor.

Howick.—John Kaine, reeve; David Weir, deputy reeve; B. Stark, Thos Watson, and Thos. Wilson.

Woodstock.—W. Totten, mayor.

West Luther.—Robert Murdock, reeve; W. Sexsmith, deputy reeve.

Mono.—Robt. Wilson, reeve.

Osprey.—A. McGirr, reeve; A. McIntyre deputy reeve.

Melancthon.—J. Huxtable, reeve.

Sarawak.—R. McNaught and R. J. Doyle, reeves.

Keppel.—W. Graham, reeve.

Derby.—R. Stark, reeve.

Amaranth.—G. Bennett, deputy reeve.

Sullivan.—R. Wightman, deputy reeve.

Arthur.—Alex. Fraser, reeve.

Culross.—W. Scott, reeve; Alex. McIntyre, deputy reeve.

Teeswater.—F. Fairbairn, reeve.

Sydenham.—Robt, McCutcheon, reeve.

Holland.—W. Howey, reeve.

Minto.—John Prain, reeve.

Mr. Sing, warden of Grey, was the first speaker on behalf of the deputation. He said that since the Northern railway had amalgamated with the Hamilton and North-Western railway they had raised their rates, and a similar result would follow if the Northern should combine with the Toronto, Grey and Bruce. The county he represented was wholly in favour of the amalgamation with the Grand Trunk, and hoped the Government would ratify the agreement.

Dr. Barnhart, Mayor of Owen Sound, said the Grand Trunk connection was the only one which would benefit his municipality, which had contributed $56,000 to the T. G. and B. railway in bonuses. The people were strongly opposed to the Northern railway connection.

Mr. J. F. Parker, president of Board of Trade, Owen Sound, advocated the same views.

Messrs. Doyle, Owen Sound; Howey, reeve of Holland; Allen, of Owen Sound; Barker, of Orangeville, Fairbairn, reeve of Teeswater; Scott, reeve of Ross; D. Weir, Howick; Prain, reeve of Minto, and Fraser, of Arthur were all heard in advocacy of the same views.

Mr. Mowat said he felt deeply interested in the country represented by the deputation, as it had given so much and struggled so hard to secure proper railway facilities. Last year the Government passed a bill giving the T. G. and B. railway a right to amalgamate with the Grand Trunk, and they had no intention of repealing it. The Legislature also gave the protection that no other amalgamation could go into effect without the consent of the Governor in Council, and that protection would remain. (Applause.) With regard to compelling the Grand Trunk amlgamation, he could not promise that, and it might be going too far to ratify the agreement with that company.

Mr. Pardee said that the Government, while wishing to comply with the wishes of the people, had to be influenced by considerations of justice and right. It would not be consistent with justice and right. It would not be consistent with justice to force two companies to an amalgamation whether they were willing or not. It would also be unjust to ratify an agreement which was before the law courts to decide. Whether it had ever been entered into or not. Whatever became of this agreement, however, the deputation might be assured that the Government would authorize no other amalgamation against the wishes of the people.

The deputation withdrew

CLIPPINGS FROM EXCHANGES.

The boy, John Frazer, who purchased the spade and hammer, at Hannah & Ferguson's store, Shelburne, and who was supposed to be in company with the boy John Smith, who is awaiting his trial for the murder of his uncle, was brought down here on Monday, and confronted with the prisoner in the gaol for the purpose of identification. He says that he does not think he is the boy who was in the store the same day he made his purchase, and further states that he never saw the boy who was in the store with him but on that occasion. They must now hunt up the boy who bought that revolver.—*Orangeville Gazette.*

SAD DEATH.—A little girl, about six years old, youngest daughter of Rev. Mr. Ashbury, of this town, was taken suddenly ill while in church on Sunday last, but managed, unattended, to make her way home with great difficulty, on reaching which she showed symptoms of having been poisoned. Medical aid was at once summoned, but to no purpose, she continued in great agony, vomiting and crying out for water until next morning, when death came to her rescue. She had partaken with the rest of the family of some highly seasoned cake, which is supposed to have been the cause of the accident, being rather delicate, it took more effect on her than any of the others. In addition to this sad affliction, every member of Mr. Ashbury's family, with the exception of himself, are now ill with either scarlet fever or diphtheria. The reverend gentleman and his family have the deepest sympathy of the community in their misfortunes.—*Durham Chronicle.*

RAILWAY ACCIDENT.—The mail train which leaves here every afternoon run off the track at New Lowell last Friday evening. The section men had very carelessly left the switch open below the station and as there is a heavy grade there, a good rate of speed was attained before the switch was reached. The engineer did not notice that the switch was open until within a few feet of it and had barely time to reverse his engine before it was pitched off into the ditch followed by the baggage car. The smoking and passenger cars were merely jerked off the track which was quite sufficient however to give the passengers a good scare. Engineer Dellery bravely stuck to his post and went down with his engine, and how he and his fireman escaped unhurt is most wonderful. About twenty-five yards ahead of where the accident occurred is a very deep gully and had we gone off there the chances are this item would never have been penned and heesrs. J. S Wilson and A. H. Watson, no more numbered amongst the residents of Meaford. "Better to be born lucky than rich."—*Monitor.*

FIRE IN NEUSTEADT.—On Monday at midnight, a fire broke out in a brick building used as the printing office of the "Canada National Zeitung," Neusteadt, which soon spread to the adjoining residence occupied by the publisher, Mr. John Klein. Despite the greatest efforts made, nothing could be saved out of the printing office. The greater part of the household furniture was saved, but badly damaged. Mr. Klein mourns the loss of an excellent private library, containing rare works, which will be difficult to replace. The buildings were owned by the Ontario Bank, and fully insured.

SUCIDE.—Mr. John Gillespie, of Holland, committed suicide this Thursday morning. He has been in poor health for the last four weeks and in a very despondent state. His family have watched him closely for the last two weeks, as he showed symptoms of insanity, but this morning he escaped their vigilance and hung himself in his barn. The deceased was a highly respected citizen, and has been a resident of the township for the last 26 years, and has been a member of the Council on several occasions. He was aged 56 years. His family has the sincere sympathy of the whole community.

NARROW ESCAPE.—A little girl, aged seven years, daughter of Mr. Moffat, of the Markdale Foundry, while returning from school on Wednesday afternoon, and when opposite the driveway leading from the stables of the Mansion House, was struck by a team coming out from the driving shed, and knocked down. The horses being somewhat startled sprang completely over the prostrate child without doing her any injury; but one of the runners of the sleigh struck her on the side of the head and inflicted an ugly but not serious wound. It is a miracle the child was not instantly killed.

Is a compound of the virtues of sarsaparilla, stillingia, mandrake, yellow dock, with the iodide of potash and iron, all powerful blood-making, blood-cleansing, and life-sustaining elements. It is the purest, safest, and most effectual alterative medicine known or available to the public. The sciences of medicine and chemistry have never produced so valuable a remedy, nor one so potent to cure all diseases resulting from impure blood. It cures Scrofula and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Pimples and Face-grubs, Pustules, Blotches, Boils, Tumors, Tetter, Humors, Salt Rheum, Scald-head, Ring-worm, Ulcers, Sores, Rheumatism, Mercurial Disease, Neuralgia, Female Weaknesses and Irregularities, Jaundice, Affections of the Liver, Dyspepsia, Emaciation, and General Debility.

By its searching and cleansing qualities it purges out the foul corruptions which contaminate the blood and cause derangement and decay. It stimulates and enlivens the vital functions, promotes energy and strength, restores and preserves health, and infuses new life and vigor throughout the whole system. No sufferer from any disease which arises from impurity of the blood need despair who will give AYER'S SARSAPARILLA a fair trial.

It is folly to experiment with the numerous low-priced mixtures, of cheap materials, and without medicinal virtues, offered as blood-purifiers, while disease becomes more firmly seated. AYER'S SARSAPARILLA is a medicine of such concentrated curative power, that it is by far the best, cheapest, and most reliable blood-purifier known. Physicians know its composition, and prescribe it. It has been widely used for forty years, and has won the unqualified confidence of millions whom it has benefited.
