GOOD HEALTH FOR YOUNG GIRL

They Need the New Blood Dr. William's Pink Pills Actually Make.

Perhaps you have noticed that your daughter in her "teens" has developed a fitful temper, is restless and excitable. That she complains of weakness and depression, feels tired out after a little exertion, appetite variable, complains of hadaches and is growing pale. In that case remember that the march of time is leading her on to womanhood, and that at this period a great responsibility rests upon mothers. These are symptoms of anaemia—that is bloodlessness, and no time should be lost in increasing and enriching the blood supply. Unhealthy girlhood almost always leads to unhealthy womanhood. All young girls in their teens need the help of Dr. Williams' Pink Pills, which enrich and increase the blood supply, and give sickly drooping girls the brightness and charm of perfect health. In proof of this Miss Zola Gordier, Morrisburg, Ont., says: "I was pale and bloodless and suffered from many of the symptoms of anaemia. I would tire easily and suffered from frequent headaches. My appetite was poor and I was very pale and easily discouraged. The medicine I was taking did not seem to help me, and then one day I read the story of a young girl who suffered similarly and was cured through the use of Dr. Williams' Pink Pills. I got three boxes of the pills and started to take them. Before they were done I began to feel better and look better. Then I got half a dozen more boxes, and before they were all used I was enjoying the best of health, and have continued to do so since. My young brother was troubled with rheumatism, and they completely cured him."

Dr. Williams' Pink Pills are sold by all medicine dealers or can be had by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

A HANGMAN'S ROPE.

Official Sues to Recover It After An Execution.

A curious dispute about a hangman's rope, which will have to be settled by the law courts, has arisen between the Hungarian hangman, Bali, and the public prosecutor at Temesavr, in Hungary. A murderer had just been hanged, and the hangman untied the rope and began to cut it into small pieces in order to sell these at an impromptu auction to the crowd waiting outside the prison—a bit of a hangman's rope being believed in Hungary to be the best of all possible charms for bringing good luck. The public prosecutor, however, who has to be present to witness an execution, ordered Bali to hand over the rope to him, because scandalous scenes amounting to a riot had occurred after a recent execution at Miskolcz, when the crowd fought among themselves for the grisly mementoes. The hangman refused to give up the rope on the ground that it was not only his perquisite, but actually his own property, as he had to supply ropes at his own expense. The public prosecutor thereupon ordered a policeman to take it from him by force, which was done. Bali gave notice that he would bring an action for its recovery.

Girl Cured of Disfiguring Pimples

By Cuticura Ointment. Broke Out on Face when Twelve or Thirteen. Were Most Embarrassing. Had Tried Everything.

A Nova Scotia girl, Miss Mabel Morash, of Dover West, writes: "When I was about twelve or thirteen years of age, my face broke out with pimples, and I tried everything to get rid of them, but failed. The pimples were the worst on my forehead and chin. They came out in groups and developed later into sores. Being on my face they caused great disfigurement, and were most embarrassing.

"After trying so many remedies without success, I saw the Cuticura Ointment advertised, and I sent for a box. I then applied it to the pimples, and in a week I saw a great change in my face. I kept using it, and in a few months it rendered a complete cure. Now you cannot tell I ever had pimples, thanks to the Cuticura Ointment." (Signed) Miss Mabel Morash, Mar. 31, 1911.

Baby's Face Like Raw Beef

"My baby boy had a large pimple come on his forehead. It burst and spread all over his face which soon looked like a piece of raw beef, all smothered with bad pimples. It was awful to look at. The poor little thing used to scratch it and cry terribly. I took him to a doctor but he only got worse until I was quite frightened that he would always be disfigured. Then I got two tins of Cuticura Ointment, together with Cuticura Soap, and in two months had quite cured him. Now of course I use Cuticura Soap for all my children (Signed) Mrs. B. Perry, 99, Waterloo Rd., Aldershot, England, May 21, 1910.

Cuticura Soap and Ointment are sold throughout the world, but to those who have suffered much, lost hope and are without faith in any treatment, a liberal sample of each with a 32-p. booklet on the skin and scalp will be mailed free, on application. Address Potter Drug & Chem. Corp., 59 Columbus Ave., Boston, U. S. A.

FRENCH'S ADVICE.

When Sir John French was in command of the cavalry at Canterbury, he chanced one day to meet a rather slouching young recruit.

"Tell me, my lad," said the new

General French.

Chief of the General Staff, "does this city belong to you?"

The military fledgling saluted and blushingly replied:

"No, sir."

"Never mind," said French, genially, "straighten yourself up, pull yourself together, and look as though it did."

BABY'S OWN TABLETS A MOTHER'S STANDBY

Mrs. Wm. Kernaghan, Cartwright, Man., says: "I always use Baby's Own Tablets and find them an excellent remedy for little ones." Thousands of other mothers say the same thing, simply because they have found the Tablets the best medicine to give their little ones to make teething easy; to expel worms; relieve constipation and to make baby plump, healthy and strong. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CLEVER.

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. These persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellogg's Dysentery Cordial, a medicine that will give immediate relief, and is a sure cure for all summer complaints.

Worms in children, if they be not attended to, cause convulsions, and often death. Mother Graves' Worm Exterminator will protect the children from these distressing afflictions.

It is the strong "I will" that wins the day. "I will do my part in this great work! If others fail I will succeed!" Such a spirit as this has won victories.

A prisoner was being tried in an English court for murder; evidence against him purely circumstantial; part of it a hat found near the scene of the crime—an ordinary, round, black hat, but sworn to as the prisoner's. Counsel for the defence, of course, made much of the commonness of the hat. "You, gentlemen, no doubt each of you possess such a hat, of the most ordinary make and shape. Beware how you condemn a fellow-creature to a shameful death on such a piece of evidence," and so on. So the man was acquitted. Just as he was leaving the dock, with the most touching humility and simplicity, he said: "If you please, my Lord, may I 'ave my 'at?"

RINGING THROUGH QUEBEC PROVINCE

ANOTHER MARVELLOUS CURE BY DODD'S KIDNEY PILLS

Ludger Cote's Backache had developed into Bright's Disease, and pains and aches were his portion —Dodd's Kidney Pills cured him.

St. Yvon, Gaspe Co., Que., May 27 (Special)—Once more a wonderful cure has sent the name of the old Canadian Kidney Remedy ringing through the Province of Quebec. Mr. Ludger Cote, a well known resident of this place, is the man cured and the story of his cure in his own words is as follows:

"For four years I suffered from Backache, stiffness of the joints and finally Bright's Disease. I could not bend my right leg on account of the pain in my hip and knee. I had terrible pains in the region of the bladder. My eyes were swollen. I was always tired and nervous and took no pleasure in life.

"Finally, I decided to try Dodd's Kidney Pills and the effect was marvellous. Six boxes cured me completely."

Backache, neglected, develops into Bright's Disease. The one sure way to escape its tortures is to cure the Backache when it first starts with Dodd's Kidney Pills.

DECLINE OF DRUNKENNESS.

The statistics published by the City of Paris, France, during the last three years since the suppression of the octroi tax on beer and wine, and the increase of the same tax on strong alcoholic liquors such as brandies, eau de vie, cognac, and pure alcohol generally, have shown that the consumption of beer and wine, described as hygienic drinks, has considerably increased, while that of pure alcohol has diminished almost by one-half. Before the octroi tax was removed the average quantity of alcohol consumed by Parisians was nearly eight litres per head per annum, and now the amount has fallen to only four litres per head. Drunkenness, it is assumed, has declined in equal proportion among the working population.

WAS A SHAME.

CURE FOR CONSUMPTION.

Such is the recuperative power contained in Copeland's Cure for Consumption that even the most advanced cases have been cured by its beneficial action. It can be taken by the weakest patient, to whom it gives a fighting strength as nothing else will. The appetite comes back. That weakening perspiration is stopped. The lungs and respiratory organs are healed at the same time. Its efficacy to fight consumption, weak or bleeding lungs, lingering coughs and bronchitis is proven beyond doubt not by what I state, but by what is stated by those who have taken it for those ailments and have been cured. Copies of testimonials of those who, after being given up by doctors and specialists, as only having a few days to live, and are alive and well to-day, are sent on request. Price $1 per bottle at your druggist, or direct from Wm. Copeland, 511 Pape Ave., Toronto, Canada.

Sores Heal Quickly.—Have you a persistent sore that refuses to heal? Then, try Dr. Thomas' Eclectric Oil in the dressing. It will stop sloughing, carry away the proud flesh, draw out the pus and prepare a clean way for the new skin. It is the recognized healer among oils and myriads of people can certify that it healed where other oils failed utterly.

EXCITEMENT.

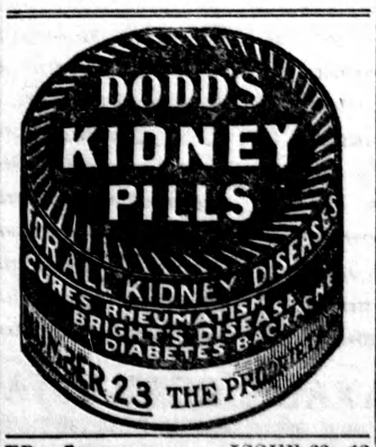
Wife—Oh, splendid! After I dressed the children and got them off, washed the dishes and made some pies, cleared away the luncheon table and answered some letters, I still had time enough left to darn my stockings.



DIVER'S REMARKABLE FEAT.

Patched Crippled Ship in Heavy Sea with Sharks Near.

One of the most remarkable feats ever performed by a diver is related by the officers and crew of the British sloop-of-war Shearwater. J. P. Lingane, a young Irish shipwright, boarded up the propeller well while the vessel was rolling in heavy seas and so enabled her to make the voyage to port.

The Shearwater was cruising off the Coast of Mexico, when in a storm she lost her propeller. Resort was immediately had to her sails, but it was found that steering was almost impossible because the big arch or well under the stern in which the propeller had revolved, made the rudder's work ineffectual. The officers decided that if they were to bring the ship to port this well must be boarded up.

Lingane was sent down to do the work. Thou hampered by his heavy diving suit and by the weight of the water, he was able to adjust himself to the bad rolling of the ship and to handle the heavy timbers that were passed to him. He fastened the boards so securely that they had only shifted in one place when the Shearwater reached port, even though she had been battered by heavy seas on the way. Naval men have given high praise to the young man for what he did, and a special report on it has been sent to the British Admiralty.

A trial to the nerves of the young diver while he was at work was the presence of several sharks, which at times swam close to him. Armed men on the warship, however, kept them from attacking him.

HAVE YOU A BAD SORE?

If so remember these facts—Zam-Buk is by far the most widely used balm in Canada! Why has it become so popular? Because it heals sores, cures skin diseases, and does what is claimed for it. Why not let it heal your sore?

Remember that Zam-Buk is altogether different to the ordinary ointments. Most of these consist of animal fats. Zam-Buk contains no trace of any animal fat, or any mineral matter. It is absolutely herbal.

Test how different and superior Zam-Buk really is. All druggists and stores at 50c. box. Use also Zam-Buk Soap. Relieves sunburn and prevents freckles. Best for baby's bath. 25c. tablet.

ECONOMICAL SUGGESTION.

"We must begin to economize, my dear."

"All right. Suppose you learn to shave yourself."

The Beauty of a Clear Skin.—The condition of the liver regulates the condition of the blood. A disordered liver causes impurities in the blood and these show themselves in blemishes on the skin. Parmelee's Vegetable Pills in acting upon the liver act upon the blood and a clear, healthy skin will follow intelligent use of this standard medicine. Ladies, who will fully appreciate this prime quality of these pills, can use them with the certainty that the effect will be most gratifying.

A SKILLED WORKMAN.

The foreman of a large ironworks was short of laborers one morning, and as a last resort, went to an ald tramp who was lying asleep beside one of the furnaces, and roused him with the question:

"I say, my man, are you wanting work?"

"What kind of work?" asked the tramp.

"Can you do anything with a shovel?"

"Yes," replied the tramp, rubbing his eyes. "I could fry a piece of ham on it."

A Pill for Brain Workers.—The man who works with his brains is more liable to derangement of the digestive system than the man who works with his hands, because the one calls upon his nervous energy while the other applies only his muscular strength. Brain fag begets irregularities of the stomach and liver, and the best remedy that can be used is Parmelee's Vegetable Pills. They are specially compounded for such cases and all those who use them can certify to their superior power.
