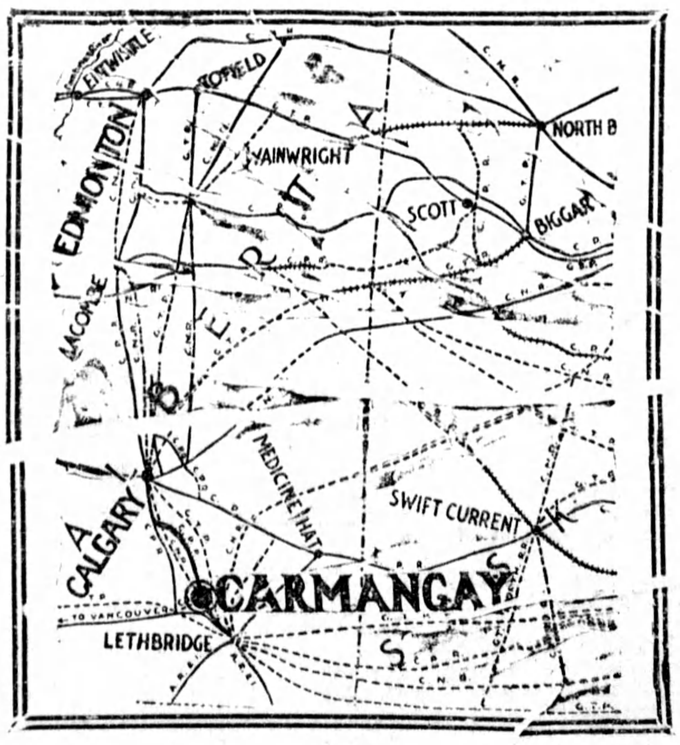
SOUTHERN ALBERTA, THE SUNNY AND THE GOLDEN

CARMANGAY

NATURE'S FAVORITE

Nature made the future of Carmangay absolutely certain. Agriculture and industry must follow when Nature shows the way.



CARMANGAY has the finest climate in Canada.

CARMANGAY has the purest water supply in the Western Prairies. The railroads appreciate this, as the water is free from alkali, and they have planned accordingly.

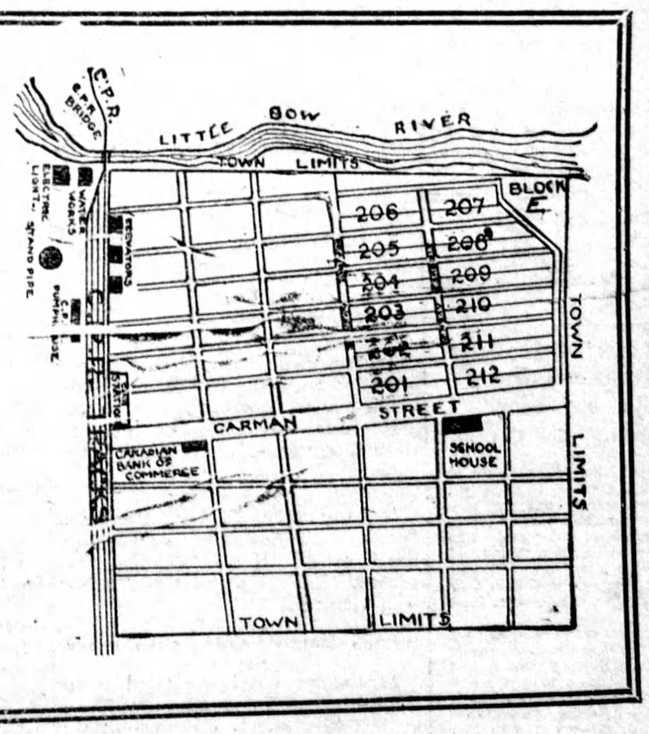
CARMANGAY has abundant coal within a few miles. Again the railroads appreciate this. Industries must go where coal and railroads join. Pittsburg, Pa., is an example.

CARMANGAY has inexhaustible quarries of the finest building material.

CARMANGAY has two banks, although the present population is but five hundred. The bankers know what is coming, and also that the first comers will reap the rewards of foresight.

CARMANGAY has a $60,000 school. Others will soon be required.

CARMANGAY has three large elevators, and plans for others are completed.



CARMANGAY is on the main line of the Canadian Pacific from Calgary to Lethbridge. This line was completed only five months ago, which accounts for the fact that property in this most desirable townsite in Southern Alberta is now available. We strongly recommend our clients to act promptly, as Carmangay offers such an unusual opportunity for investment that Western buyers will rapidly take up the remaining lots within the town limits.

We wish to impress upon our friends that the Carmangay property is not a subdivision. It is a portion of the original townsite, and is indicated by the words "Block E" in the diagram. It will be noted that the property is within the town limits, and adjoining the best residential district. We repeat, quick action is necessary. To our clients for whom we have made money in the past this recommendation from us will be sufficient incentive for promptness.

Please write name and address plainly in coupon in opposite corner, and mail without delay. Allotments will be made in the order that applications are received. First come, first served.
