LOCAL & OTHER NOTICES

Grey county council meet this week at Wiarton.

Dufferin county council this week at Orangeville.

W. F. Doll has returned from New York with a big stock of watches.

Cooking Stove for sale—cheap. Apply to Mr. Thos. Henry. STANDARD Office.

300,000 pine laths for sale at McKee's Factory, Markdale, also 300,000 shingles.

Mr. Doll informs us he has sold over $300 worth of watches since his return from New York.

Mr. Masson will not be in Markdale this week owing to Division Court in Flesherton and Chatsworth.

It is the intention of the G. N. W. Council Company to place a new boat on the route in place of the *Manitoba*.

Special attention is drawn the new railway time table in another column. We hope to have the fall time table in next week.

Tenders are asked for in another column for the erection of a frame school house in S. S. 15, Tp. Euphrasia. See adv.

Scott and Carlisle's Novelty Company give one night's entertainment in Markdale, on Monday evening next. See bills and posters.

Mr. John McRae, late of Priceville, caught a salmon trout at Wiarton two days ago, which weighed 43½lbs. He was gutted and beheaded.

Dr. Kendall's "Treatise on the Horse and his Diseases" may be had gratis at this office, or free to subscribers who pay in advance.

We are informed that the "Kendall Cure" is now sold by all of the leading wholesale druggists and a large number of prominent retail druggists.

Grey county council met this week in Owen Sound. The gravel road question and the levying of the county assessment are the most interesting topics.

A Scotchman told his daughter if she didn't learned to work he would marry her. She learned the art, and he married her by discharging a Scotch girl.

In our issue last week of the concert in Dufferin Hall, we inadvertently added the name of Miss Richardson to those who sang a song, which she did not do.

Mr. Archy Donaldson of Holland Centre purchased a cow from Charles Scott of Glenelg. The cow has given birth to two heifer calves, and he is looking out for the notice of the stork.

Mr. Hamilton is still confined to his bed, yesterday there was a decided improvement in his condition. He may be able to visit Winnipeg but he will be unable to attend Knox on the 14th inst.

The Mail of Mayor put it thus:—"Mr. Hoodless, in conjunction with the editor of the Markdale Standard. He is a little low spirited in this region, owing to the cold weather, and has taken to his couch position."

Mr. Archer, manager of McKee's Factory, received a lack in the shape of a horse to his charge on Saturday last, which set John and Jehu. It was uncommon for a time, but is expected to stay.

Mr. Hodgins, Niagara, Dyspepsia and Constipation relieved and cured by use of Dr. Carson's Stomach Bitters. Try them. Sold by A. Turner & Co., agents Markdale.

Nominations of the electors of East and North Grey will be held on the 12th inst. The nominations for both ridings will take place at Markdale. It is confidently expected that there will be an election.

Good horses will find a friend in Mr. Towle's letter in another column on spavin, ringbone, and other forms of treatment. We commend this Mr. Towle is one of our best agricultural writers in Ontario, and his investigations in Veterinary medicine will be of great benefit to farmers.

The cold weather is trying to the poultry, making it more liable to disease. As a preventative of sickness use Dr. Carson's Stomach and Constipation Bitters. They purify the blood, cure Biliousness, Stomach and Liver disorders, and give tone and strength to the system. Price 50 cts. Sold by all druggists. A. Turner & Co., agents, Markdale.

The prevalence of several individuals with a peculiar fever, which recently proved fatal, already in a Western town, has strongly traced to the fact that they had contracted an excellent condition by the use of Dr. Carson's Stomach and Constipation Bitters. The medicine is purely vegetable, and may be had of druggists. Price 50 cents. A. Turner & Co., agents, Markdale.

The ladies of Christ Church, Markdale, are now "on the war path" with samples of views of the English church, interior and exterior. They are showing a trio of views of the interior, from the studio of Mr J. L. Forster. The outside view, especially from the tower, is a gem of art, and the interior views, notably that of the chancel are excellent. Parents is the place at which they are sold.

A section man has been rewarded for doing his duty on the T. G. & B. It will be remembered that a short time ago a fire occurred on the track a little above Markdale. It occurred on the 8th of May, and was discovered by a section man named Jas. Gauley, who promptly reported the matter at Markdale station. The train, which fortunately ran to cross the burned culvert was stopped and the line repaired, and the only loss to the passenger was the loss of time. The railway company have very liberally come forward and presented Gauley with the sum of $10 for his exertions and for thoughtful so promptly reporting the fire and preventing an accident. This is an encouragement to the line men to do their duty to the very utmost.

BIG FISH IN THE SAUGEEN.

Last Wednesday week, as Mr W. Benson, of this town, was out fishing on Ford's mill pond, he hooked an enormous fish of some peculiar species which gave the line a powerful jerk, bringing the fisherman into about ten feet of water, and, what is more strange still, caught Mr B. by the foot, and it was only by superhuman efforts that he extricated himself from the monster's grasp. It must have been the King of fishes in our waters.

FLESHERTON CHEESE FACTORY.

Mr. Garrett, the originator of the Cheese Factory, has furnished us with some very interesting information relative to the manufacture of cheese, it having been asserted that it would be more profitable for the farmer to keep his milk for making butter, than by having it made into cheese. It is more profitable for the farmer to send his milk to the factory to be made into cheese, because:—

First,—In the six summer months an ordinary cow will give 3000 lb. of milk.

Second,—3000 lb. of milk will make 300 lb. of cheese and 112 lb. of butter.

Third,—The average price of butter is 16 cents per lb. and the average price of cheese is 10 cents per lb.

Fourth,—Therefore, the milk of an ordinary cow, for six months, if made into butter will bring the farmer $17 92, and if made into cheese, will bring him $30, or expenses paid, $27 thus showing a clear gain in favor of the cheese of $9.08!—*Advance.*

It is worthy the attention of some enterprising individual or individuals, the establishment in Markdale of a cheese factory. Such an establishment would pay well here. The farmers are becoming more than ever alive to the fact that cheese made in factories pays better than the home manufacture of butter.

GRAND EXCURSION TO TORONTO FROM MARKDALE.

The management of the Christ Church Sunday School, Markdale, has organized what cannot fail to be a grand excursion to the metropolis of Ontario—the foremost city in the Dominion of Canada. The trip will take place on Friday, the 16th June, and will be run on the new time table—16 minutes earlier than present time. This must be borne in mind lest on driving up at 6:45 it will be discovered that the train is a long way on the road. Remember then 6:29. It has been arranged so that just six hours can be spent in Toronto, the longest time ever possible for a Grey resident to spend in Toronto in one day and yet go up and down the line in the same day. The train returns in good time for the people from the country to get home at a decent hour. It will arrive here at 8:45. The comfort of the passengers will be duly looked after by the committee, who will do all in their power to make the day as enjoyable as possible. Special arrangements have been made to visit the Zoo, where will be found the best collection wild beasts, birds, reptiles, &c., in the Dominion. Among the latest arrivals at the Zoo are the following: A garter snake, pair of high holders, three bear cubs, two pair of pea fowl, and a peacock. A tank has been constructed for the alligator, and the reptile is enjoying himself rather better than when he was confined in a box. Here too is the whale—not the one which swallowed Jonah—though the wise men have proved their knowledge of Biblical history by talking of Jonah and the whale in the Zoo since the arrival of the huge fish. The size of the whale may be imagined when we say that some 25 or 30 children have sat within the jaws of the leviathan. The committee will render all possible information respecting the trip. We feel sure a great many will take advantage of it to visit the great city of the Dominion.

The tickets are also available from Flesherton.

For further particulars see the adv. on this page.

THE RECENT DROWNING ACCIDENT AT CULLEN'S LAKE.

Last week we gave a more extensive account of the drowning accident at Cullen's lake, than other papers, and we are now able to give a short sketch of the accident by which N. B. Grier, Esq., merchant, of Priceville, came to an untimely end.

On the 30th ult., Mr. Grier, accompanied by his little son of ten or twelve summers and Mr S. Scott, of Glenelg, went to Cullen's lake, and obtained the use of a skiff, or punt, for a day's fishing. All went well until about 4 o'clock in the afternoon, when from some unexplained cause the boat gave a sudden lurch and upset the occupants into the water. Mr. Scott shouted to Mr. Grier to make for the shore, while he righted the boat and assisted young Grier in getting into it. While he himself caught hold of the stern of the skiff and slowly drifted with the wind to shore. He was nearly two hours in the water.

In a short time a large number of men assembled, and not for some time was it known that Mr. Grier's body was missing. Mr. Scott seems to have taken it for granted that Grier escaped safely to shore. On the arrival of the crowd, however, it was clear that Mr. Grier had in some manner failed to reach a safe landing, and at once upon a few hastily constructed rafts the search was made and kept up the entire night by the light of lanterns and torches, still, it was not until the following day about 3 o'clock, that the body was found, partially wedged between some debris and fallen timber which surrounds the shores of this lake; it was only a few feet from the shore. The body was placed on a hastily constructed bier, and conveyed to Mr. McAlear's hotel, at Flesharton station, where the Coroner pronounced an inquest unnecessary.

The cause of the accident is supposed to arise from the fact that the boat leaked badly, and required to be frequently bailed out. Doubtless, in the excitement of fishing, this was neglected, and the least change of position from one side of the boat to the other caused the accumulated water in the boat to rush to one side, and being a class of boats as easily capsized as a birch-bark canoe, we believe this was the real cause of the catastrophe.

The funeral took place on Saturday, attended by a large concourse of sorrowing relatives and friends of the deceased. This melancholy event has cast a deep shadow of gloom over the entire community, and we join with them in offering our condolence to the bereaved family.

Dundalk.

The wife of C. Manchuke has given birth to a son.

The coming election is the general topic of conversation.

Mr. Crawford, of Owen Sound, is married to Miss Rebecca Johnston, of Melancthon.

G. R. Middleton is excavating his cellar in preparation for the building of his new store.

Wm. Nelson, merchant, has sold nearly all his goods. Many bargains have been given.

A large number from Dundalk attended the American circus in Orangeville, Tuesday last.

Dundalk is to have a brass band. We wish the promoters success. A brass band will enliven the village.

The late rains have been of great value to this section of the country, we have an excellent growth. Good prospects for the hay crop.

Our township council had a large amount of business to attend to last Monday. They sat deliberating upon the affairs of our township for fourteen hours.

We notice tenders called for the building of the agricultural hall, and for fencing the grounds. The matter is placed in the hands of an efficient committee.

EUGENIA.

Late backward spring.

The leaves on the trees are late in budding into full leaf.

Every appearance of an abundant crop of fruit. Peaches are a failure this year.

Mr. John Plewis, miller, Kimberley, is all there. It pays to get good flour in any family.

Will some one explain why our speckled trout are disappearing every year, it cannot be on account of the number caught. Where is the Game and Fish protection Society that was organized a short time since? or have we a fishery inspector? perhaps he might enlighten us somewhat.

PROTON COUNCIL.

Proton Council met as adjourned Court of Revision for final revision of Assessment Roll and general business at McDowell's hotel, Dundalk, on the 2nd June.

Members all present.

The following changes were made in the Assessment Roll:

Lot 19, con. 8, valuation $950, to James McKennall as tenant; lot 15, con. 14, valuation $700, to John Brown as tenant; lot 17, con. 16, valuation $700, to William McNalty as tenant; lot 21, con. 17, valuation $400, to James Moody as tenant; lot 13, con. 8, valuation $350, to John G. Peer as tenant; lots 21 and 22, con. 10, valuation $650 each, to Robt. and John Ringland, joint owners, and William Ringland, farmer's son.

In the village of Dundalk: Lots 34 and 35, blk. H, $30 each, Geo. Scott, owner; lot 7, blk. B 4, blk. E, $30 each, and lots 11 and 12, Main St., McConnell's survey, $80 each, John Little, owner; lots 1 and 2, blk. G, $30 each, Allan Henderson, owner; blk. G, $50, 12 and 13, $30 each, Patrick Connors, owner; lots in blk. H, $60, to Duncan McMillan; 9 blk. 1, $100, G. H. Middleton, tenant; pt. lot 1, south of T. G. & B. Railway, Thos. and Peter Glazier, tenants; 13, 14, and 15, west T. G. & B. Railway, John Gilmore, owner; 25, n. e. T. G. & B. Railway, McAuley's survey. Robert Montgomery, owner; pt. 231, west Main street, $200, Robert Black, tenant; 35, McAuley's survey, $100, James Deans, owner; 30, blk. H, $30, A. G. Hunter, owner; 229, 3rd range, $600, A. G. Hunter, owner; 220, 3rd range, $400, John Allan, owner; McCullough's Hotel, Charles and Samuel McDowell, joint owners; Thomas Robinson to be taken off as farmer's son, being assessed for lot 218, range 4. Carried.

The Assessment Roll was then finally passed and certified to.

An order was issued in favor of the Clerk for one quarter's salary to July 1st.

The account of C. W. Rutledge, for printing, amount $18.90, was ordered to be paid.

Wm. Ferguson, P. S. Inspector, was paid $5.60 for services as referee of U. S. S. No. 10, Luther, Proton and Arthur.

The pay-sheet presented to Council by W. F. B. Howlett, Engineer, engaged in drainage survey, S. S. No. 1, Proton, (amount $44 60) on behalf of self and others employed, was ordered to be paid.

The Reeve issued order for $20 in favor of T. G. Brougth, Sec.-Treas. S. S. No. 12, as per resolution of Council.

John McMurdo, Tp. Assessor, was paid his salary, $75, and $5 for postage and other expenses.

A grant of $10 was ordered to be expended on 17th sideroad, con. 8 to 11.

A grant of $20 was made to improve the line from side road 210 to 220.

A grant of $10 was given the line on the 2nd and 3rd cons., opposite lot 28.

One hundred dollars was given to improve the 22nd sideroad from 11th to 6th cons.

Fifty dollars was granted on 37 sideroad from 12th to 6th cons.

A grant of $75 was made on 37th sideroad from 7th con. to townline.

Thomas Mulhall, lot 22, con. 6, was allowed to become a separate school supporter, he having become tenant for said lot and being a Roman Catholic.

The Councillor of Division 3 was instructed to let the job of building a bridge over Saugeen River on 12th sideroad.

The Reeve and Deputy-Reeve were appointed a committee to inspect the bridge on boundary line of Luther and Proton with view of rebuilding same, to report to Council at its next meeting; also the Council of E. Luther be requested to meet the above committee on a date to be fixed.

The Clerk to notify Dan'l Ferguson to remove the fence off the road allowance opposite lots 1 and 2, con. 19, and Hugh Wilson, pathmaster of the beat was instructed to have the said fence removed.

The Council adjourned to meet at Cedarville on the first Tuesday (4th) July, at 10 a. m.

JAS. CAVANAGH, Tp. Clerk.

Dufferin Hall.

COMING.

Great Cause Of Human Misery

IS THE LOSS OF

MANHOOD

SEAL We have recently published a new edition of Dr. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage, &c., resulting from excesses.

☞ Price, in sealed envelope, only 6 cents, or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

☞ This Lecture should be in the hands of every youth and every man in the land.

Address

The Culverwell Medical Co.,

P.O. box 450 41 Ann St., New York.

HALL'S VEGETABLE SICILIAN HAIR RENEWER

Has been in constant use by the public for over twenty years, and is the best preparation ever invented for RESTORING GRAY HAIR TO ITS YOUTHFUL COLOR AND LIFE.

It supplies the natural food and color to the hair glands without staining the skin. It will increase and thicken the growth of the hair, prevent its blanching and falling off, and thus AVERT BALDNESS.

It cures Itching, Eruptions and Dandruff. As a HAIR DRESSING it is very desirable, giving the hair a silken softness which all admire. It keeps the head clean, sweet and healthy.

The State Assayer and Chemist of Mass. and leading Physicians endorse and recommend it as a great triumph in medicine.

BUCKINGHAM'S DYE FOR THE WHISKERS

will change the beard to a BROWN or BLACK at discretion. Being in one preparation it is easily applied, and produces a permanent color that will not wash off.

PREPARED BY

R. P. HALL & CO., NASHUA, N. H.

Sold by all Dealers in Medicine.

Gold Great chance to make money. Those who always take advantage of a good chances for making money that are offered, generally become wealthy, while those who do not improve such chances remain in poverty. We want many men, women, boys and girls to work for us right in their own localities. Any one can do the work properly from the first start. The business will pay more than ten times ordinary wages. Expensive outfit furnished free. No one who engages fails to make money rapidly. You can devote your whole time in the work, or only your spare moments. Full information and all that is needed sent free. Address, STINSON & Co., Portland Maine.

PIMPLES.

I will mail (Free) the recipe for a simple VEGETABLE BALM that will remove TAN, FRECKLES, PIMPLES and BLOTCHES, leaving the skin soft, clear and beautiful; also instructions for producing a luxuriant growth of hair on a bald head or smooth face. Address, inclosing a 3c. stamp, Ben. Vandell & Co., Box 5 Bedford Station, N. Y.

STARTLING DISCOVERY!
