COUNTY COUNCIL.

June Session held in Markdale.

In accordance with resolution of adjournment from January session, the County Council of the County of Grey met in Marsh's Hall, Markdale, on Tuesday, the 15th inst. The members were all present excepting Mr. Doyle, who was detained owing to the serious illness of his father. The Warden took the chair, at 2 p.m., and after the roll was called and the minutes of last day of January session had been read and confirmed, he briefly addressed the Council. He said he had attended council meetings in the past when there were vacant chairs, owing to removals by the hand of death; but he was pleased that this time there were no vacancies from this cause, but all were able to be in their places through the ordering of a kind Providence. He congratulated the Council on the fair prospect of a good crop; also upon the satisfactory progress being made upon the work of the erection of the House of Refuge. He judged that the County officials having charge of the work had faithfully done their duty. Important business would be laid before the Council at this session, particularly the equalization of the County assessment. From what he knew of the gentlemen who compose the council, he was satisfied they would do what they considered would be for the best interests of the County, giving their best thought and attention to the business which would be brought before them.

The Clerk presented and read the following documents, which were severally referred by the Warden to the standing committees to which they respectfully belonged, as noted:

County Treasurer's estimates for 1904, showing that the sum of $39,000 would be required to be levied, being $8,000 in excess of the estimates of last year, largely owing to the expense in connection with the erection and maintenance of the House of Refuge, bridges, etc.

An appeal from certain ratepayers of School sections one, five and twelve of the Township of Sydenham, against the action of the Township of Sydenham in refusing to take action in the matter of re-arranging the school sections. This arises out of the transfer of that portion of Owen Sound which was last fall transferred to the Township of Sydenham. The matter was referred to the Education Committee.

An application from W. J. Blakeston of Dundalk to be appointed caretaker of the House of Refuge.

An account from Owen Sound for cost of constructing a granolithic sidewalk at Registry office, Owen Sound.

Account from Messrs. Lucas, Wright & McArdle for $7.00, fees in the purchase of the Marsh farm; also an account of Messrs. McKay & Sampson, County Solicitors, for $14 and $35 respectively, for fees in connection with the purchase of site for House of Refuge—sent to House of Refuge committee.

Mr. Allan presented Report No. 1 of Audit Committee, which was on motion adopted.

Mr. W. J. Shortill, Reeve of Markdale, was introduced, and welcomed the County Council to Markdale, tendering them the "freedom of the city." His address was well received by the council. Mr. Gordon replied, and suggested the laying of the corner stone of the House of Refuge, and suggested that Thursday, the 18th inst., be set apart for this ceremony, which was agreed to.

On motion of Messrs. Gordon and Paterson, Messrs. Pringle, Bell, the Warden, the Clerk and the mover were appointed to draft a letter of sympathy to the widow and family of the late respected Judge Creasor.

Messrs. Gordon and McKinnon moved that the House of Refuge Committee report at as early a date as possible the advisability of appointing an overseer, matron and inspector for the House of Refuge at this session of the County Council.—Carried.

On motion the Warden and Clerk were authorized to draft a memorial at once and forward same to the Legislature, praying that they may so amend the proposed amendment to the County Councils Act now before the House so as to provide that the Reeve, elected for the purpose be the representatives of towns at the County Council Board, instead of the Mayor, as is now provided by the Act as it now stands.

On motion of Messrs. Bell and McArthur, the licenses of hawkers and pedlars were to be raised to the highest amount in the power of the Council. The resolution was referred to the Finance Committee.

Council adjourned to two o'clock on Tuesday afternoon.

Lettuce is an absolute preventive of smallpox. No one is in the least danger of catching smallpox who eats a little lettuce every day. Smallpox belongs to the scorbutic class of diseases. Sailors at sea, deprived of fresh vegetables, get scurvy. Scurvy is a typical scorbutic disease. Smallpox always rages during the winter season, when the poor people are deprived of fresh vegetable foods. Celery and onions are good for this purpose, but there is such a long interval between their being gathered and being eaten that they lose most of their anti-scobutic properties. Lettuce is served shortly after it is picked and hence contains the valuable properties which will prevent smallpox.

Prince Arthur was winner at the World's Fair Chicago, New York and Ottawa, and winner on five occasions of first prize and sweepstakes at Toronto shows, and many other valuable prizes, a record unequalled by any carriage or coach stallion in Canada. Prince Arthur is not only a very successful prize winner himself, but his stock has won a large percentage of all the prizes offered for Carriage Classes at the Toronto Industrial and other large shows during the past few years. They have also won almost every prize offered in the Carriage class in Grey County, and wherever exhibited.

His stock is not only great prize-winners, but the very highest selling horses in the market. They have been selling at prices from $200 and upwards. W. J. Donnelly recently sold a pair of them rising four and five years old to a gentleman in Montreal for $800. They were bred by W. T. White, of St. Vincent township.
