Port Law

From our own Correspondent

Haying is pretty well advanced in this section. The crop has been a little above the average and owing to the fine weather it has been saved in first class condition. Fall wheat is almost ready for cutting and the prospect for a good yield has never been better than it is this year. The recent frosts have done a great deal of damage to peas, potatoes, corn and other garden stuffs.

Vandeleur

From Our Own Correspondent

A very pretty wedding took place at the residence of Mr. John Boland on Wednesday of last week, when his daughter, Stella, was united in marriage to Mr. Frank Taylor of Euphrasia. The ceremony was performed at 7.30, by the Rev. Mr. Scott of Markdale in the presence of about two hundred guests. The bride was supported by Mirs Cora Taylor, sister of the groom, and the groom was supported by Mr. Fred Boland, brother of the bride, with two little pages, Elsie Boland and Ina Smith, in attendance. We will not attempt to describe the elegant bridal costume or the large number of beautiful and useful presents, or the splendid tea provided by the host and hostess. We join in wishing them a happy and prosperous voyage through life.

Miss Ella Douglas entertained her Sabbath School class on Friday afternoon of last week.

Miss Libby and Miss Mary Pritchard visited friends in Kimberley recently.

Priceville

From our own Correspondent.

A rather unique load of impromptu excursionists from Toronto, Metz, Cumnock, Flesberton and Priceville passed up Kincardine street of our burg one day last week. Their conveyance was a two wheeled vehicle of the farm cart type. The driver occupied a prominent position on the back of the horse, while two footmen were installed on the front corners of the box which contained a bevy of eight beautiful lively ladies. It would be impossible in the small space allotted to us to fully describe the different and becoming costumes worn on the occasion but we will content ourselves with a few words about the headgear, which was certainly very attractive. One toque deserves especial mention. It was about the dimensions and shape of an old fashioned saucer and resembled very much the crown of a last year's straw hat. If we were at all addicted to moralizing we would say "What a great amount of money is wasted in head-dress."

The night of the 10th of July will be remembered in this county, at least, for many years to come. Just in this vicinity the damage done by the frost on the date mentioned was confined to a few, but the writer took a trip through a neighboring township a few days ago and in a 10-mile stretch he did not see a patch of potatoes that, from present appearance, would be worth the digging. In many places also the peas were badly frozen, but with one or two exceptions oats and barley seemed to have come through safely.

Quite a number of our young men left last week for the old settlement, where the most of them secured work at fair wages.

At the time of writing everyone is wishing for rain and yet a great many are hoping it will keep off for "just one day longer."

One day last week as Mr. John McLachlan (Gravel Road) was leading a colt to water, the animal kicked him so severely that he was unconscious for some time. He is under the doctor's care at present.

Mr. Ward on the 12th morning by the members of L. O. L. No. 883 for his very eloquent sermon. This was proposed by Bro. J. McMullen and seconded by Bro. J. Hemphill.

Keep this a Secret

We are occasionally enjoined by a buyer of an engagement or a wedding ring to "keep this a secret." We ALWAYS do so; we divulge nothing of the kind; our interest in such sales being guaged not by sentiment but by hard cash, our profit.

Strict confidence is therefore invaluable.

Parties buying from us can do so privately if desired.

In Engagement Rings we are carrying a large stock and of greater variety than heretofore and at prices ranging from $1.50 to $15.00.

We have recently added a new line of Wedding Rings in 10k. gold, which are bound to be favorites.

WATCHES

I am just now making a specialty of Watches, and if you are desiring a timepiece—or even if you don't need one very bad—it will pay you to buy now while prices are at the bottom with McGinty.
