Wareham

From Our Own Correspondent

Married—Nov. 31st, at the residence of the bride's father, by Rev. Mr. Douglass, Mr. John White of Proton, to Miss Madella Russell. The young people are highly esteemed in this community and we extend to them our best wishes

Mr. R. Spicer of Quebec has opened up business in Wareham blacksmith shop. We believe Mr. Spicer is a first class workman as he has been engaged for the last seven years shoeing horses for the army in Quebec.

Miss Russell of Alliston is visiting friends in this place.

Mr. J. J. Little has returned from the west. We believe he is not sorry to get back to old friends and a warmer climate.

Evangelist T. G. R. Brownlow closed his series of services here Sunday night, and said good-bye to the people of Wareham. Mr. Brownlow has been the means of a noble work here, as over forty have been converted under his preaching, and we are sure the good wishes and prayers of his many friends in this place will follow him where'er he goes. We believe he was taken quite by surprise Friday evening when, before a crowded house, he was presented with a beautiful gold watch and the following address :

DEAR BRO. BROWNLOW,—But a few days ago we were strangers ; now we are friends, and you have won a place in our hearts, so that our best wishes and prayers attend you in your departure from us. Your labors here have been much appreciated and God has owned and blessed your work in the salvation of many souls, who, though absent to God but a few days since, now rejoice in knowing they are the favorite children of a tender Father, free favor and unmerited bounties being their daily portion. As a church we unitedly pray that God's choicest blessings may rest upon and abide with you in thd field of labor to which you are about to go and that you may see many souls rescued and brought within the fold of the great Shepherd. In addition to our thank offerings we wish to express and show further our esteem of you and our gratitude for your earnest and faithful service amongst us, and therefore take this opportunity of presenting you this gold watch, and as it indicates the passing hours may it be an inspiration to you to urge and persuade men to turn from their sins, redeem the time and prepare for eternity.

Signed on behalf of the friends of Wareham appointment, Maxwell circuit, Toronto conference.

Letter of Condolence

From the members of the Ladies' Aid in connection with the Presbyterian congregation, Eugenia, to Mrs. Bell :

DEAR FRIEND AND FELLOW WORKER—It is with feelings of deep sorrow that we condole with you and your children on the heavy loss you hav. sustained in the death of your much-loved son, Willie. There is always a sadness in death, but when we are assured that our loved ones are safe in the arms of Jesus the sting of death is removed and the pain of parting is much lessened. Our young brother was greatly beloved by all with whom he came in contac, and although we all, with you, mourn his departure, we do not mourn as those who have no hope, and look forward with christian confidence to a happy reunion in those mansions which our loving Saviour has prepared for all his true followers. May this be the happy lot of you and all yours is the fervent prayer of the members of the Ladies' Aid.

Eugenia, Nov. 24, 1898.

[Crowded out last week.]

Last Sunday interesting reopening services were held in the Methodist church. In the morning the Rev. Mr. Ward, B.D., of Flesherton, occupied the pulpit, and Rev. J. Matheson, B.A., of St. Colomba church, preached at the evening service. Both addresses were exceedingly helpful and suggestive. At the evening meeting the church was crowded to the doors. On Monday evening a platform meeting was held and very largely attended. The speakers were Revs. Darroch, Matheson and Simpson. Rev. Mr. Simpson congratulated the congregation upon the very neat and tasty little church, but he lamented the fact that they had not gone a little further in the matter of renovation by purchasing a new carpet for the platform. After some very humorous remarks he suggested that the money for that purpose be raised right then and there. It is needless to say that the necessary amount was subscribed before Mr. Simpson got through with his speech. Rev. Mr. Darroch gave a very practical address on successful church work and Rev. Mr. Matheson threw out some valuable hints to church members relative to faithfulness in the discharge of their duties. The Flesherton Methodist choir and Miss Simpson of Markdale supplied the musical part of the program. Their selections were very much appreciated.

A very interesting Thanksgiving service was held in the Presbyterian church. Rev. Mr. Darroch, B.A., delivered a very appropriate address on the reasons why we should be thankful to the giver of all good things.

Mr. Robert Reily of Petrolea spent a few days of last week with his parents. R. R. has a good situation in oil town.

Miss Annie Hogarth spent a few days recently visiting friends at Parkhead.

Hunting is the favorite pastime here at present, but evidently game is pretty hard to find as most of our Nimrods return empty handed at nightfall. However, we have it on pretty good authority that a fox got a mighty bad scare one day last week. Had there been a charge of buckshot in the shooting iron reynard's hide would be hanging out to dry.

Mrs. William Walters attended the funeral of her brother, Mr. Currie, of Elderslie.

For some months past the judicial actions of Judge McCarthy have been freely criticized by the Orangeville Post, of which Mr. D. J. Mungovan is the able and aggressive editor. These criticisms have been resented, in silent but bitter rage by the judge himself, and in open defiance and threats of revenge by the judge's son, Mr. Leigh McCarthy of the Bank of Hamilton staff Two weeks ago when Tom Robb of Bowling Green was releasd from Toronto jail as the result of the setting aside, by a higer court, of an order made by Judge McCarthy for Robb's arrest, the Post drew attention to the frequency with which the judicial acts of his Honor of Dufferin were thus reversed by the High court judges. It was a mild and modest comment, but it touched a tender spot, and the wrath of the younger McCarthy was kindled afresh. The judge's son and the editor met on First street shortly after dark last Friday evening. There are two versions of what happened then. Mr. Mongovan, who has the misfortune to be blind, says that young McCarthy, without warning, knock him down with a bludgeon and disclosed his identity in a volley of oaths. Mr. McCarthy, while admitting that he thumped the editor once for luck, denies, we undestand, that he used either the club or the blasphemy. In any event the Post has achieved not only a big "scoop" on its local contemporaries, but it has also a prosecution for felonious assault against the judge's son that ought to be good for the usual nine days' sensation. The Post promises to follow the disposal of the case in the police court next Saturday with some startling disclosurers, and hints that the end of the McCarthy dynasty in Dufferin is at last in sight.—Advertiser.

Thos. Oliver has been employed on the farm of James Laverty, lot 25, con. 8, Mono, for the past three years. Laverty has a grand daughter named Florence McKelvey, who was 12 years of age on her last birthday and has been a cripple for several years. Oliver is now in Orangeville jail charged with having accomplished the ruin of the child. The child's father is J.J. McKelvey of Adjala, who a few years ago ran the Credit Valley flour mills in Orangeville. The girl s friends have retained Mr. Walsh to prosecute her alleged seducer, who will be defended by Mr Myers.

DON'T USE PLASTERS

Griffith's Liniment applied to Lumbago, lame back, sore back or side will penetrate and stop pain and soreness in less time than it takes to prepare oneself for a plaster application—it's clean and healing—cures where plasters fail—the quickest acting rheumatic healer in the whole medicine kingdom.

J. Woodward of 138 Shaw street, Toronto, was a great sufferer from rheumatism. Tried many remedies with little success, began applying Griffith's Menthol Liniment. One application of it gave him more relief than anything he had ever tried. He says, "It is certainly a wonderful Liniment." 12.
