The Young Folks.

A DREADFUL 'FLICTION.

My nose is pug, Seraphina,
I'm sorry, but its so.
I can 'preciate your feelin's
Cause so is mine, you know

Its the dreadfulest a fliction!
You never can cure it a bit
I put a clothespin on mine once,
Sam'd Uncle Jack said to do it

It hurt, but I didn't mind that, dear,
But it's bigger than ever now!
Papa said to hang a weight on.
An I would, but I didn't know how,

An grandpa said to be patient
An I knew I saw him smile,
An' prays when I grow up bigger,
Pug noses would be in style,

An' my brother said to me, dollie,
Fictions might be worser still,
For a pesky my eyes too in, dear,
Or my chin ran right down hill

But mamma said, Seraphina,
My mamma always say best,
Never you mind, my sweethoart,
Your nose is as good as the rest.?

ANNIE HAMILTON DONNEL.

IT WAS TOMMY.

It is nineteen hundred years since the parable of the mote and the beam was first given to the world, but still mankind goes blundering on in the same old way, finding it far easier to find the faults in a brother's character than to recognize its own failings. A good illustration of this is found in the following incident related by a recent writer:

Not long ago, she says, I was visiting a friend who has a promising son, five years of age. One day he came in from play with the tears streaming down his face. He was questioned as to the cause of his grief, when it developed that he and his playmate, Tommy, had been having a fight, in which Tommy, being the larger and sturdier, had had decidedly the best of it.

"It seems to me that you and Tommy quarrel a good deal," my friend said, when she had wiped away the tears. "I hope my little boy isn't selfish."

"No'm, came the response immediately "It's Tommy. He always wants to play the games that I don't want to play."

It is to be feared that there are some "children of a larger growth" who have very much the same idea of their own and other people's selfishness.

TOO LATE.

"One night," said a chemist, "a doctor came and woke me out of a sound sleep to prepare morphine powders for an old gentleman named Martin, who had been ill for some time. I weighed out the morphine and put it up according to direction, but thought while I was doing so that the powders seemed to be unusually large. Next morning, when I was arranging things in the shop, I found that there was a ten grain weight in the scale beneath the one the prescription called for, and each of those powders was ten grains too large! A cold chill ran down my back when I realized the mistake, for it meant almost certain death. A short time after the doctor came in, and I thought my time had come. Bracing up as well as possible, I asked:

"How is Martin this morning, Doctor?"

"He's dead!"

"Did those powders kill him?" I stammered out, and in fear and trembling awaited the answer. But the first words relieved me:

"No, the powders had nothing to do with it. He died half an hour before they were received."

Hood's is Wonderful.

No less than wonderful are the cures accomplished by Hood's Sarsaparilla, even after other preparations and physicians' prescriptions have failed. The reason, however, is simple. When the blood is enriched and purified, disease disappears and good health returns, and Hood's Sarsaparilla is the one true blood purifier.

Hood's Pills are prompt and efficient and do not purge, pain or gripe. 25c.

Worth $5.00 A Bottle

Sirs. For five years I have been troubled with neuralgia and tried everything I could see or hear of. At last I was advised to try a bottle of Yellow Oil and refused because I thought it was like all the rest a failure. A half bottle was given me, however, and I found it helped me, and bought a bottle which cured me. If it cost me five dollars a bottle I would not be without it.

OUR SABBATH SHCOOL.

When the Sabbath morning comes with holy calm,
Forth we haste and join our Sabbath school
Praise and prayer and song then spread their sacred charm,
Tenderness and love there only rule

Chorus

Singing, singing praises to the Lord,
Joining voices in a sweet accord
May we sing united, when we reach the sky
Praise eternal to our God on high

And the holy Bible's precious golden mine,
Opens wide its treasures to our gaze
Gems of rich instruction flashing line on line,
Fill our souls with wonder and amaze

Thro the faithful teaching may we all attain
Zeal and strength to live for truth and right,
And in the heav'nly temples may we meet again,
Where the Lamb of God is Sun and Light

THERE'LL BE SOMETHING TO DO.

There'll be something in heaven for children to do;
None are idle in that blessed land
There'll be loves for the light, there'll be thoughts for the mind,
And employment for each little hand

Chorus

There'll be something to do
There'll be something to do
There'll be something for children to do,
On the bright shining shore
Where there's joy evermore,
There'll be something for children to do

There'll be lessons to learn of the wisdom of God,
As they wander the green meadows o'er,
And they'll have for their teachers in that blest abode
All the good that have gone there before

There'll be errands of love from the mansions above,
To the dear ones who linger below
And it may be our Father the children will send
To be angels of mercy in woe

Mankind is always happier for having been made happy. If you make them happy now you will make them thrice as happy twenty years hence in the memory of it.

There never was and never will be a universal panacea, in one remedy, for all ills to which flesh is heir the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient what would relieve one ill, in turn would aggravate the other. We have however, in Quinine Wine, when obtained in a sound unadulterated state, a remedy for many and grevious ills. By its gradual judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep, imparts vigor to the action of the blood, which, being stimulated, courses through the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame and giving life to the digestive organs, which naturally demand increased substance — result, improved appetite. Northrop & Lyman, of Toronto, have given to the public their Quinine Wine at the usual rate, and, guaged by the opinion of scientists, this wine approaches nearest perfection of any in the market. All druggists sell it.

In The Beginning

Of a new year, when the winter season is only half gone, many find that their health begins to break down. It is then that the following should be remembered: that Hood's Sarsaparilla leads all medicines; accomplishes the greatest cures; has the largest sale, and requires the world devoted exclusively to the preparation of the proprietary medicine. Does not this prove, if you are sick, that Hood's Sarsaparilla is the medicine for you?
