ABOUT

Two months ago we bought out F. Nixon, Dean & Co. We then removed our stock from the Morgan Block, amalgamated it with the Nixon Stock and are now doing business in the Nixon Stand. F. Nixon, Dean & Co. had the largest, best fitted up and most modern store in this locality, and we, after being so fortunate as to secure it decided to make our store recognized as one of the best in the county. With this end in view we added many new improvements which will shortly be superseded by the placing of cash carriers in our establishment. Our stock we keep constantly enlarging, new goods arriving almost daily, until now we have a stock of over $17,000.

SPRING - MILLINERY

This, our first Millinery season, shall see a new era dawn in the Millinery trade of Dundalk. Expense was not considered when we decided to make our first attempt at Millinery and nothing has been left undone which could possibly enhance our chances of success.

First:—We have engaged a city Milliner!

Second:—We have made a great many improvements in our spacious show room, which is acknowledged to be one of the bet in the county.

Third:—Our Millinery stock is the largest here, and surpases anything ever shown here, or anything that will be shown here, this season, outside this store. The richness and elegance we display will compare favorably with anything in the country and should do credit to a much larger and more pretentious place than Dundalk.

OUR MILLINER

Our Milliner, who comes very highly recommended, received her long and varied experience in the foremost cities of Ontario, being at one time employed as head trimmer in the wholesale establishment of John C. Green & Co., London. She is an expert, a trimmer of grade A, a unique designer, and a veritable artist in her calling. Her skill and ingenuity will enable her to turn out work which will agreeably surprise and astonish the fashionable ladies of Dundalk, Flesherton and surrounding country who will here find conceptions whose beauty and originality are not one iota behind those coming from the hands of the best city experts. With her quota of rich and elegant new creations the competition in the many towns on this C.P.R. line will easily pass to Miss Wells.

Our Millinery Stock consists of the Choicest fancies designed by leading modistes of the world's fashion centres. Select productions from our own milliner in harmony with the correct styles for the season. Untrimmed Hats, and Sailor Hats, Millinery Ribbons in profusion, including Two Tones, Rich Faffles, Satin Brilliants, Gros Grains, Moires, Taffettas, Cheques, etc. Millinery Trimmings—A beautiful assortment that embraces every conceivable fancy in Straw Braids, Chiffons, Nets, Melines, etc. Flowers and Feathers—A great variety of patterns in Flowers, all new ideas, so perfect in manufacture as to be hardly distinguished from the natural bloom; also Ostrich Goods and Ospreys.

A CORDIAL INVITATION we extend to the people of Flesherton, Priceville and adjoining country to visit us when in Dundalk. We will be pleased to show you through and quote you prices whether you buy or not.

Mrs. Jas Ashdown of Flesherton Station has issued a writ against the township for $1000, for alleged damages received on 3rd Jan. last on the road between this village and the station. The council endeavored to come to some arrangement with Mrs. Ashdown but were unable to do so and the case will probably have to be decided. The members of council do not think the lady has a good claim.

Prof. Welch, phrenologist, gave several lectures in the town hall during the past week. On Friday evening the hall was well filled. On Sunday afternoon the Professor preached at the Station and in the evening occupied the pulpit of the Methodist church. As a reader of character he is considered very expert and we can with confidence recommend him to our readers. He will visit Eugenia Thursday and Friday of this week and from there we understand goes to Markdale and Owen Sound.

Mr. Earnest Armstrong, who has been attending the O. S. high school, pays that institution a very high compliment. He thinks no high school in the province can compare with it in general efficiency. As he has also attended the London high school, which ranks very high, he should be in a position to judge.

Mr. W. Strain of this place received last Thursday a letter from his son Edward in the Phillipines, which is one of the greatest curiosities we have yet seen in the postal line. The letter was written at Cooloon after one of the February battles. Writing paper and envelopes were not to be had, so the writer went searching for paper and discovered two sheets of what was apparently a station ledger, which he utilized. After the letter had been penciled another difficulty presented itself—there were no envelopes to be had for love or money, but the writer solved the difficulty by taking two pieces of a cartridge box, placing the letter between and tying all up nicely with a heavy piece of packing twine. The address was put on in pencil and it was sent off from the battle field on its long journey, arriving here, as we have said, on Thursday last after a six weeks' voyage, with "Postage due, 2 cents," marked on it by one of Uncle Sam's little rubber stamps. This curiosity now reposes calmly in our philatelic museum and is very highly prized indeed. This curious letter also contained a railway ticket, good from Manilla to Caloocan, and also, thanks to Mr. Strain's generosity, keeps the cartridge-box envelope company.

The Manitoba Free Press of March 23 gives the following account of a wedding which will interest many of our readers: On Tuesday evening, the 21st inst., the residence of Mr. S. Elliot, 184 Jarvis street, was the scene of a pretty wedding in which Mr. Edward Ford of the firm of Elliott & Co., Main street, and Miss May Phillips, also of this city, were the contracting parties, the ceremony being performed by the Rev. H. Wigle of Zion church. The bride was assisted by Miss May Phillips, niece of the bride, who made a charming little maid of honor. Mr. Fred Ford, brother of the groom, acted as best man and the bride was given away by her brother, Mr. Ernest Philips. The bride was tastefully attired in a dress of light gray material trimmed with white satin and chiffon, while the dresses of the bridesmaid and maid of honor were made to harmonize with that of the bride, and each carried a beautiful bouquet of flowers. Only immediate relatives of the contracting parties were present. After the ceremony all sat down to a sumptuous repast, after which the evening was spent in games and other amusements. The newly wedded couple were the recipients of many beautiful presents, including a very handsom log cabin album quilt from the bride's friends at Maxwell, Ont., which attested to the esteem in which they are held by their many friends. They are taking up their residence on Grove street."

Parents who are desirous of having their children pass at the promotion next June should see to it that they attend regularly after Easter. There will be no promotion examination for one year after midsummer. Any who fail will have to remain for another year in the department he or she is now in. This may seem unfair, but too many promotions make too many classes and thus the greatest good to the greatest number is prevented.

GOOD - BOOTS!!

For the past two seasons, owing to the steady advance in the price of leather, manufacturers were at their wits end to keep boots at old prices, and in nine cases out of ten the quality suffered. Only the most reliable dealers maintained their reputation by charging a higher price and keeping up the quality. We have been very careful this season in insisting on the quality being right, and we believe we have as fine a stock of boots and shoes for the spring trade as it is possible to get by buying in large quantities direct from the manufacturer's and paying spot cash we are still able to sell good boots as cheap or cheaper than you buy inferior goods for.
