# A MESSAGE FOR THOSE WHO SUFFER

### MRS. E. J. TALBOT TELLS THEM TO FIND A CURE IN DODD'S KIDNEY PILLS.

**She Had Rheumatism, Lumbago and Neuralgia and Found the Remedy She Was Looking for in Dodd's Kidney Pills.**

Hamilton, Ont., Mar. 17 (Special) —"I know there are a lot of people who suffer and do not know what will cure them. Dodd's Kidney Pills will."

These are the words of Mrs. E. J. Talbot who resides at 293 Wellington street north, this city. And Mrs. Talbot speaks out of her own experience.

"Last July I was very sick," Mrs. Talbot continues. "My heart bothered me, my limbs were heavy, and I had a dragging sensation across the loins. Rheumatism, lumbago and neuralgia added to my sufferings, and the doctor I called in did not help me much.

"I finally decided to try Dodd's Kidney Pills. I have used seven boxes and I am so much stronger and better that I feel I must recommend them to others."

Mrs. Talbot's complication of troubles all came from sick kidneys. That's why Dodd's Kidney Pills cured them. For Dodd's Kidney Pills are no cureall. They simply cure kidney disease of any kind. They never fail to do that.

### A SIMPLE PRESERVATIVE.

**Egyptians Lashed Boards Together to Keep Out Dampness.**

There were weather compensations" in Pyramid times. Prof. Flinders Petrie, the celebrated Egyptologist, has made some most interesting discoveries in an extensive cemetery, some thirty odd miles south of Cairo.

Noticeable in the cemetery was the wonderful preservation of materials. Thus, the linen is quite fresh and strong, and in some instances the pieces were as white as if they had just left the loom. The coffins, all wood, of acacia or shittim, were quite sound, and many of the tombs still had the original beams in position. This is quite remarkable as the cemetery dates from the earliest age down to the time of the Pyramids.

The remains of the houses of the period were found used in the construction of the coffins and the specimens showed that the ancients of this period cut tie holes in the edges of the planks and lashed them together in such a manner that they could slide over one another during the change in climatic temperature.

### Enquiring His Way.

A lawyer, driving through a village, stopped at a cottage to inquire his way. The lady of the house told him he must keep straight on for some time, then turn to the right; but said that she herself was going to pass the road he must take, and if he would wait a few moments she would show him the way. "Well," he said, "bad company is better than none. Make haste." Ofter jogging on five or six miles the gentleman asked if he had not come to the road he must take. "Oh, yes," said she, "we have passed it two or three miles back; but, as I agree that bad company is better than none, I kept you along with me."

# Headache Over the Eyes? Look For Nasal Catarrh

**Catarrh Never Stops in One Place — It Spreads Rapidly—Often Ruins Health Completely.**

In this changeable climate it is the little colds that drift into Catarrh. Unless the inflammation is checked it passes rapidly from the throat or nose to the bronchial tubes and then to the lungs. You can't make new lungs any more than you can make new fingers or toes, but you can cure Catarrh.

The surest cure consists of breathing in the healing balsamic essences of CATARRHOZONE, which is simply a medicated vapor so full of rich curative properties that every trace of Catarrh vanishes before it.

"The soothing piney vapor of Catarrhozone is the most powerful medicine I ever used," writes Mrs. Edmond J. Christine, of Saskatoon. "Every breath drawn through the Inhaler sends a grateful feeling through the air passages of the nose and throat. Catarrhozone cured me of frightful headaches over the eyes, relieved me of a stuffy feeling in the nose, and an irritable hacking cough that had been the bane of my life for a year. My general health is greatly improved, my appetite and digestion are considerably better than before. Catarrhozone has been the means of giving me such health as I always desired, but never possessed."

Even though catarrh has a firm hold on you, and affects your throat, nose or ears, you can thoroughly cure it with Catarrhozone. Large size, guaranteed, costs $1.00; smaller size 50c.; sample size 25c. All storekeepers and druggists, or The Catarrhozone Co., Buffalo, N. Y., and Kingston, Canada.

Young Briggs—I asked your daughter a very important question last night, sir, and she referred me to you. Old Blunt—Want to marry her, eh? Well, you won't! If she'd really wanted you she wouldn't have bothered about me at all.

**PILES CURED IN 6 TO 14 DAYS**
Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. 50c.

### Next to Them.

"I'm sure," said the guest he had unexpectedly brought home to dinner that evening, "that I have put you out."

"Not at all," she replied sweetly. "Not at all. We gave you just what we were going to have ourselves. Just our ordinary dinner, you know."

"I wish I could believe that, but I still feel that I have put you to a great deal of trouble and annoyance. If so I am sorry that I allowed your husband to persuade me to come."

"I don't want you to feel that way at all. We were delighted to have you with us. We love to have our friends drop in and take pot luck with us."

And when he got outside he looked back at the house and muttered: "Liars! I smelled corn beef and cabbage when I entered that home, and what I got was mutton chops and green peas."

"What is the worst thing about riches?" asked a school teacher of a pupil. "Their scarcity," replied the pupil, and was immediately rewarded full marks.

# Dizzy Headaches Cured in One Night

**If Troubled With Head-Fullness, Ringing Noises, Specks Before the Eyes, the Stomach is at Fault.**

**Quick Relief and Certain Cure Came From Dr. Hamilton's Pills.**

"I had terrible pains in my head. My appetite faded away, and when I did eat anything it disagreed and made me very sick for hours after each meal. The pains in my stomach and the dizzy headaches I had to endure almost set one wild. Sometimes attacks came on so severely that I had to go to bed. I would feel so worn, depressed and utterly miserable that for hours I wouldn't speak to my family. My system was poisoned with wastes and nothing helped me till I used Dr. Hamilton's Pills. Without this grand system-cleaning remedy I would still be sick, but each day brought me better health and spirits. I was cured and made strong, ruddy and healthy, and will always use and recommend Dr. Hamilton's Pills."

"MRS. B. C. CURRAN,
Westport P. O."

Thousands who are in an ailing, low state of health need nothing else but Dr. Hamilton's Pills. 25c. per box, or five boxes for $1.00, at all druggists and storekeepers, or the Catarrhozone Company, Buffalo, N. Y., and Kingston, Ont.

### HOW THE SAP RISES.

**Organized Marvels of Mechanical Construction.**

How the raw sap travels from the absorbing roots beneath the ground to the topmost twig of an oak or elm tree, more than 100 feet above, and to nearly four or five times that height in the case of some of the mammoth gum trees (eucalyptus) of the Tasmanian forests, and in the gigantic Wellingtonia of California, has long puzzled the physicist to explain, says the Strand Magazine. The old idea that capillarity is the factor at work, the fluid being conveyed up the trunk and branches after the manner of oil through the wick of a lamp, becomes an altogether inadequate explanation. Especially is this so when we realize that, in some of the internal tissues of the stem, the pressure exerted reaches from eight to twenty atmospheres, or in other words from 120 to 300 pounds to the square inch—a force greater than that in the boiler of a normal railway engine.

This mighty pressure scattered more or less irregularly through the tissues of the tree, drives the sap to the buds and forces them open, expands their leaves, and is continually at work wherever the process of building new structures is going on. It is obvious, therefore, that the engineering arrangements for the conducting and controlling of this powerful stream of life-giving sap must be very perfectly organized. Indeed, they are more than that; they present marvels of mechanical construction which are not only astonishing on account of their perfection, but are so minute that man can only penetrate the mysteries and beauty of their structure by means of high-power microscopes and careful chemical investigations. Even then he is left baffled and wondering.

### TREES THAT SHOW ANGER.

**A Species in Idaho Which Shakes and Emits Unpleasant Odor.**

In Idaho there exists a species of the acacia tree which is entitled to be classed as one of the wonders of plant life. When full grown it closes its leaves together in coils each day at sunset and curls its twigs to the shape of pigtails. When the tree has thus settled itself for its night's sleep, it is said that if touched it will flutter as if agitated or impatient at the disturbance. The oftener, it is averred, the foliage is molested, the more violent will become the shaking of the branches. Finally, it is further alleged, if the shaking is continued, the tree will at length emit a nauseating odor quite sufficient to induce a headache in the case of the person disturbing the tree.

In Idaho it is called the "angry tree," and it is said that it was discovered by men who on making camp for the night placed one end of a canvas covering over one of the sensitive bushes, using it for a support. Immediately the tree began to jerk its branches sharply. The motion continued, with increasing "nervousness," until at last came a sickening odor that drove the tired campers to a more friendly location.

### ZAM-BUK DOES CURE PILES.

Mrs. C. Hanson, wife of the proprietor of the Commercial Hotel, Poplar, B.C., suffered from piles for years. Went to doctor after doctor in vain. Finally went to Spokane and had an operation. Twelve months afterwards she was as bad again. She says, "One day I read about Zam-Buk and thought I would try it. The first one or two boxes gave me more ease than anything else I had tried, so I went on with the treatment. In a short time I began to feel altogether different and better, and I saw that Zam-Buk was going to cure me. Well, I went on using it, and by the time I had used six boxes I was delighted to find myself entirely cured." 50c. all druggists and stores.

**Minard's Liniment Cures Distemper.**

### AN INTERMITTENT SPRING.

**The Water Comes and Goes Like a Thief in the Night.**

Near the village of Alcham, in a secluded valley of the North Downs, England, within a few miles of busy Dover, is an intermittent spring of water that is at present in full force and activity. It has long periods of quiescence, for, according to tradition, it appears only every seventh year. As a matter of fact, however, it has appeared with more or less regularity any time within the last four years. It comes like a thief in the night, and in a few hours turns a fertile bottom into a generous lake that overflows the highway and makes of it a raging torrent. After keeping above ground for a few hundred yards it disappears as mysteriously as it came, and its subsequent course is not visible. A countryman whose house borders Dillingore, as the stream is called, told me it gave no warning of its approach, says a writer. I asked him if he had ever seen any water bubbling up, and he said: "No; the place will be dry overnight, and full of water in the morning, and that's all we know about it." He had no idea whether a wet winter such as this which followed a wet summer had anything to do with it. A similar spring exists near Croydon, in the Caterham Valley, known as the Woe waters, from the belief that its appearance presaged plague, famine, or war. Dillingore must be the overflow of a large subterranean reservoir in the chalk, which is fed by the natural drainage of the surrounding heights.

# Cure Your Sore Throat Nerviline Will Do It

**Blessed Relief Comes Quick, You Get Comfort, Every Pain Disappears.**

"Experience has taught me that the quickest way to cure a sore throat is with Nerviline," writes Mrs. Enoch P. Maclean. "My children always seem to get wet feet and stay out in the cold, and in consequence I have to keep a good household remedy handy. I rub in Nerviline almost every hour, give the children say twenty drops in hot sweetened water, and make them gargle with it. I have yet to see the cold this won't break up quickly."

From the La Have Islands, N .S., Mrs. John Walfield writes:—"We have been using Nerviline for about nine years, and find it excellent. When we find any of us getting a cold we take Nerviline in hot water. It is a sure relief for it, and is also an instant relief for internal pains of any kind."

The remarkable pain-subduing power of Nerviline and its ability to check colds, influenza and sore throat is unequalled. Every home should have Nerviline handy on the shelf for sudden illness at night, like cramps or internal pains. Large family size, 50c.; trial size 25c., at all storekeepers or druggists, or The Catarrhozone Co., Buffalo, N. Y.

### JAP LEGEND OF CATS.

**Demons That Devour Old Women and Take Their Shape.**

"Legends about wicked cats are of a different character from those about dogs, which protected mankind; the Japanese 'nekomata,' or bewitching cat, with her forked tail being an exceedingly dangerous demon, who devours old women and assumes their shape," writes Mr. Lawson in the Referee. "In the seventeenth century she is spoken of as an animal of darkness, a domestic tiger, and the Japanese place a sword at the side of a corpse in order to prevent the cat from walking over it or causing it to revive and change into a terrible demon.

"In the legends of the nineteenth century, however, the cat plays a good part instead of that of an evil demon, and in these tales she sacrifices her life on behalf of her master and is rewarded by burial in a Buddhist churchyard, with masses read for her soul.

"There is also an old tradition among Japanese sailors, which survives to this day, according to which a three colored tomcat (white, black and brown) is an excellent charm against evil spirits. He knows when a storm is coming and climbs upon the mast, where he drives away the demons; and the sailors of Dai Nippon do not care what price they pay for such a cat and make great sacrifices in order to have one as a mascot on board ship."
