A Flesherton Invention

Mr. Thos. Blakeley of this town has an invention on hand which promises to be a good thing, in a new roller-bearing that he has been experimenting on for some. Early last fall he got out his caveat and placed his application for Canadian and United States patents in the hands of patent solicitors in Toronto. This firm delayed the matter for a long time until Mr. Blakeley got suspicious and placed his interests in the hands of Lawyer Wright, who served a writ for damages upon the firm in question. In the meantime it has been learned that someone else has patented his idea in the United States, or made application for the same, and the Cleveland bicycle people are using the invention in this year's make of bicycle. It is believed that someone in the Toronto patent solicitor's office "leaked," and had not Mr. Blakeley taken the precaution to secure his own caveat he might have been done out of the whole thing. As it is he is having a little legal fight, but fancies he has rather the whip hand. The Cleveland people have been served with a notice demanding a royalty on the invention and in the meantime have ceased advertising it. Lawyer Wright has the matter in hand and will bring Mr. Blakeley out on top if such a thing is possible. The invention consists of a small roller to run between the balls in the bearing, which the inventor claims does away with every particle of friction. Under the old system of balls touching each other there was always more or less friction. Mr. Blakeley has a model of his invention on exhibition. We have refrained from referring to it heretofore in order that the inventor's prospects might not be damaged.

Robbed the Grave

A startling incident, of which Mr. John Oliver of Philadelphia was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50cts. a bottle. Every bottle guaranteed at any Drug Store.

Two Townships Mulcted

M. Justice Rose has just delivered judgment in cases affecting the townships of Artemesia and Euphrasia.

McIntyre v. Artemesia was a case with which all our readers are familiar. The judge holds that there was negligence on the part of the township authorities and he gives a verdict in favor of the plaintiff for $300 and costs.

Hawkins v. Euphrasia was an action brought by Mr. Hawkins, of Artemesia, for damages on account of the fact that he had been thrown from his rig while driving over a cross-way from which one leg had been burnt out or decayed. The Judge holds also that the Euphrasia authorities were negligent in not repairing the road, and awards Mr. Hawkins, who was very seriously injured, $1,000 and costs.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." You will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or lungs. Price 50 cents and $1.00 at any Drug Store; every bottle guaranteed.

Important to Athletes.

Mr. Mack White, the well-known trainer of the Toronto Lacrosse Club and Osgoode Hall Football Club, writes: I consider Griffiths' Menthol Liniment unequalled for athletes or those training. I have used it with the best success, and can heartily recommend it for stiffness, soreness, sprains and all forms of swelling and inflammation. All druggists, 25 cts. 22

Catarrh Cured After Fifteen Years' Suffering.

JAPANESE CATARRH CURE CURES.

Mr. John Crow, 421 Keefer Street, Vancouver, B.C., writes: "After receiving invaluable benefit from Japanese Catarrh Cure, I consider it my duty to add my testimony for the benefit of fellow sufferers. I had been a great sufferer from catarrh for fifteen years; and during that time I tried almost every remedy I ever heard of for this trouble, and a score of doctors; but the result was only temporary relief, and in each case the catarrh returned. I used six boxes of Japanese Catarrh Cure over one year ago, and since that time have been comparatively free from catarrh."

Japanese Catarrh Cure is the only permanent cure for catarrh yet discovered; the first application relieves, and six boxes are guaranteed to cure the worst case of catarrh, or money will be refunded. We will also be pleased to send a sample to any person troubled with this disease. Address, The Griffiths & Macpherson Co., 121 Church St., Toronto. Sold by all druggists. Price, 50 cents; six for $2.50, with guarantee. 117

Paterson's exact majority over "orator" Davis was 32. Let us see. We believe in the ordinary course of events there is no other election coming off before next January that John can take a run at. He will therefore likely be "at home" to callers for a few months, unless some of the Euphrasia councillors should resign in order to let him at it again.

On Sunday night Mr. Alexander Stewart (Uncle Sandy as he is known) while coming from church met with a very serious accident. As he was crossing the street at Sproule's corner a cutter driven by a young man dashed against him, knocking him down and cracking some of his ribs. He is under the doctor's care. Just here it would be appropriate to remark that there is too much careless driving through the streets on Sunday evenings.

Mr. Archibald William Wood, a bachelor in the prime of life, died on Sunday morning last after a short illness of two days of inflammation of the bowels, aged 37 years. Mr. Wood was in the village on Thursday last and on Friday was taken ill. On Sunday morning his body lay cold in death. The young man lived on the homestead about three miles south-east of this village. His mother died a couple of months ago. He leaves behind an aged father, several sisters, and one brother, Mr. Johnston L. Wood, teacher in the Portlaw school, all of whom have the sympathy of many friends. The funeral took place to Flesherton on Tuesday.

A happy event took place at the residence of Mr. Wm. Speers, on the 12th ult., at the hour of 7 o'clock, when his daughter, Jessie, was united in the holy bonds of matrimony to Thos. Benjamin White. The bridegroom's brother, Wesley, acted as best man and the bride's sister, Sarah, was bridesmaid. The presents received by the happy couple were numerous and beautiful. After the ceremony the guests were invited to partake of a bountiful repast. The elements, which had been most tempestuous all day, calmed down just before the two young people were made man and wife, denoting that while the passage through life is a stormy one, yet their's at least was to be a happy exception.—Com.

The following taken from the Dominion Presbyterian speaks volumes for the labours of Rev. P. Fleming, of Maxwell, formerly of St. Paul's Presbyterian church, Thornbury:—"Scarce could any more encouraging reports come from any field than those from the Maxwell, etc, churches for the past year, under the fostering care of Rev. P. Fleming. Three active Christian Endeavor Societies are holding up the pastor's hands, and he is being further encouraged in his uniting labours by growing congregations, and a deepening interest in spiritual things. This charge which has for some time been on the Augmentation Fund hopes under the able ministry of Mr. Fleming, to become self-sustaining."

Mr. Wm. Strain recived last week some relics from the seat of war in the Philippines, consisting of a hat taken from a dead insurgent's head and several mauser bullets. The latter are brass shells filled with lead, and are for that reason very deadly, causing blood poisoning. No civilized nation uses this class of projectile, owing to its poisonous nature. Mr. Strain prizes his relics. A letter received from his son at the same time states that the young soldier was still unscathed, although he had been in a number of battles where bullets rattled around him like hail, and had carried many wounded men from the field. On one occasion he and a comrade were carrying a wounded soldier from the field when a bullet passed between them. Just at present there is little or no fighting being done, but the hot, rainy season is just commencing, which will propably decimate the American army more than the insurgents' bullets have.

Mr. John Inkster, of Feversham, died on Friday. The remains were interred in the Presbyterian burial ground on Monday.

The following item, taken from the Toledo Blade of March 31st, will be of interest to many of our readers:—Yesterday evening at the home of the bride's brother-in-law and sister, Mr. and Mrs. A. Allen, occurred the marriage of Miss Cassie E. Blakley and Mr. William Currie, the Rev. Heber Hastkins, of Grace Episcopal church, officiating. Until recently, Mrs. Currie has been a resident of Toronto, Can. Mr. Currie occupies a position of trust in the city health office.

The entertainment given by the Methodist Mission Band last week was not as largely attended as the promoters hoped for. The little people did their parts very well. A quartette by Misses Edna Pedlar, Ella Barnhouse, Belle Ranton and Mabel Boyd, entitled "Give" was well rendered, as was a recitation by Miss Lily Boyd, also solos by Mss Ruby Trimble and Miss Essie Barnhouse. Mrs. Blackburn and Miss Christoe gave a duet and Miss Zilla Trimble a violin solo. Mrs. Trimble and Misses Tena Smith and Ida Gjerdrum each gave a reading. The collection amounted to $4 35 and was in aid of the "Herbie Bellamy Home" in Kanazawa, Japan. Mrs. Thurston, president of the Band, presided and addressed the audience on the work and success of the Band, and also gave the story of the little hero whose name is borne by the "Home" in far Japan.

Direct Importers--Manufacturers

The ladies would undoubtedly consider it a pleasure to visit the most fashionable centres such as Paris, London, or New York to select their millinery. But that is not necessary because by calling at our millinery parlors you will find a brilliant display of the choicest and daintiest productions from Paris, London and New York. We keep closely in touch with the newest and latest developments of the fashion world; that's why this store is always in advance of the millinery market, a fact highly appreciated by fashionable dressers, who come here regularly to get correct ideas of millinery styles and novelties. The handiwork of our expert milliner, Miss Harndon, is finding great favor among the ladies of taste and refinement. The dainty conceits, the original conceptions, surpass anything of the kind current in this store. Buying and selling as we do, make our prices so reasonable and moderate as to be within reach of all, while there is variety enough to satisfy every fancy. Come as early as you can. Choose before the best things are picked over. McFarland & Richards.

Mrs. J. D. Clark and two little sons of London are the guests of Mrs. J. W. Armstrong.

Mr. and Mrs. A. N. LeGard visited friends at Heathcote one day recently, and while away Mr. LeGard received a kick from a young horse. He is able to attend to his business, however.

Mr. R. Wright and family of the Orange Valley have removed to the station, where Mr. Wright purposes working in the foundry.

Lieut. Wm. Ramage of Egremont and Mrs. Ramage were visiting friends in this section this week.

Miss Annie Richardson is spending a few weeks with her parents, Mr. and Mrs. M. Richardson.

Mr. Charley and Miss Mabel Munshaw visited the family of Mr. W. Elder at Arnott during the past week.

Mr. R. Wright, mathematical master in Hagersville high school, spent Easter holidays with his parents here.

Mr. W. W. Trimble, who has been confined to the house most of the winter, has so far recovered as to be able to attend church.

The Advance regrets very much to announce that Mr. W. Elder of Arnott is very low and confined to his bed. We trust that with the balmy air of spring he will again recuperate.

We regret to learn that Mr. Will Harris, son of License Inspector Harris, is seriously ill in Toronto. The exact cause of his trouble we have been unable to learn, more than a relapse from an attack of la grippe from which he was recovering. Though still in danger his friends and relatives are hopeful.—Durham Chronicle.

Mr. Wm. McWhinney, who has occupied successfully the position of teacher in Maxwell school for nearly three years gave us a brief call on Monday, as he was passing through to Walkerton, where he has been engaged as first assistant in the Model School. We have an exalted opinion of Mr. McWhinney as a teacher, and feel confident that the people of Walkerton have made a good choice in selecting him. He speaks very highly of the moral and intellectual character of the people of Maxwell, and will no doubt make frequent visits there to see "the people generally."—Chronicle.

For the past two seasons, owing to the steady advance in the price of leather, manufacturers were at their wits end to keep boots at old prices, and in nine cases out of ten the quality suffered. Only the most reliable dealers maintained their reputation by charging a higher price and keeping up the quality. We have been very careful this season in insisting on the quality being right, and we believe we have as fine a stock of boots and shoes for the spring trade as it is possible to get by buying in large quantities direct from the manufacturer's and paying spot cash we are still able to sell good boots as cheap or cheaper than you buy inferior goods for.
