Chard—Bond

A very pretty wedding was solemnized at the home of the bride's parents, Mr. and Mrs. Bond of Shirley street, Toronto at half-past two o'clock Thursday afternoon of last week, when Miss Rosia Georgina was united in marriage with Mr. John Wilbert Chard, of Markdale, formerly of Flesherton. The ceremony was performed by Rev. Dr. German, of Toronto. She bride entered the drawing room, which was prettily decorated with ferns, palms and roses, escorted by her father. The was gowned in ivory satin, trimmed with lace and pearls, crrrying a boquet of roses and lily of the valley and wore a bridal veil with a wreath of lily of the valley and also wore the groom's gift, a gold bracelet. Miss Ethel Bond, sister of the bride, acted as briesmaid, being gowned in pink satin with pearl trimmings, and carrying a bouquet of pink roses, and wore the groom's gift, a pearl and brilliant pendant. When the Crocker Land expedition, under Mr. MacMillan, reaches its headquarters at Flagler Bay, Ellesmere Land, the governments of the United States and of Canada will receive regular weather reports by wireless telegraphy from that place, which is more than a thousand miles north of the arctic circle. It is expected that the reports will prove of great value as warnings of storms and temperature changes. From a bluff a thousand feet above the sea, the operator at Flagler Bay will send the messages some hundreds of miles southward to a post of the Hudson Bay Company which is now the most northerly wireless station in the world. The operator there will relay them to another post of the company on the southern shore of Hudson Bay, and thence they will go to Ottawa. By means of this service the expedition itself will never be long out of touch with civilization.

A BUMPER WHEAT CROP

THOUSANDS OF MEN REQUIRED

This Year's Harvest promises to be the largest in

THE HISTORY OF CANADA

According to present indications the wheat crop of 1913 will be the greatest ever harvested in Manitoba, Saskatchewan or Alberta, thus requiring the farm laborer of the East to assist in harvesting the world's greatest bread basket.

The Governments of the respective Provinces state that many thousand men will be required for this year's harvest. These will have to be principally recruited from Ontario, and the prosperity of Canada depends on securing labor promptly. The Canadian Pacific, on which Company will fall practically the entire task of transporting the men to the West, is already making special arrangements for this year. Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run and special trains operated, making the trip in about thirty-six hours and avoiding any change of cars or transfers. This will be a day shorter than any other route. Dates, rates and conditions will be announced in a few days.

Strayed
