What is to be done with the caterpillar pest? is a pertinent query in this county at present. Our forests appear to be doomed to total destruction if these pests continue their depredations a few years longer. Orchards can be kept free from them by proper care but the forest trees cannot be protected. Of course their inroads for this year are about over, as they will shortly pass into the butterfly stage, but the hosts of this year augur bad for next. At the present time hundreds of acres of forest trees have been totally denuded of foliage and appear as they would in fall after the leaves have disappeared. Around Eugenia and the Beaver valley and eastward to Feversham this is especially the case, also northward through the centre of the county. Over in Nottawasaga the worm has not yet appeared in serious numbers. Spraying and killing in various ways will protect the orchard and shade trees, but will the scientists please inform us how to keep the hosts from our forest trees and keep them from utter destruction?

The Money Some Men Make.

First Man: "Hello Bill, what are you driving at these days, you seem to be on the jump all the time and walk as though you had important business on hand."

Second Man: "Well, the fact is, Jack, a little prosperity puts the drive in a man. I have struck a position at last, after a year of hard luck, which is panning out first-rate."

First Man: "Well, what's your luck, for I am doing mighty little these days. But what have you struck?"

Second Man: "I have taken a book agency from The Brandley-Garretson Co., (Limited) of Brantford, Ont. They have been at me for months to canvass, but I laughted at the idea, and at last they made me a good offer, so I thought I'd give it a trial. I have been at the work now two months, and I like it first-rate, and am going to stick to it."

First Man: Say Bill, do you think I could do the work, for I saw the advertisement of this firm yesterday, for more men."

Second Man: "I don't see why you could not, but write and get them to make you an offer."

First Man: "Thanks old man, I will, and I'll let you know how it turns out."

The next division court will be held in Flesherton on Wednesday, June 28. By the way, we see by the date card that the authorities are only giving us five courts here this year, whereas the statute we believe calls for six. Are we to understand by this that division court business in Dundalk and Flesherton is on the wane—that litigation is lessening—or that the judges consider matters here too hot to attend to during dog days? After the June session the next court will not be held until Sep. 27, and that will be at Dundalk.

They want 50,000 lbs. wool for their wholesale house, Toronto.

Fitzsimmons got "done up" by Jeffries on Friday last, and the fight was repeated in the north end on Sunday evening after church, when a little English man punished a pugilist from Feversham in regulation Jeffries style, only it was done in one round. No money changed hands in this case, however, not even a constable's fee!

The Advance man took a trip down into Nottawasaga township during the past week. The prospects for grain and fruits down there were never better than this year. Fall wheat, unlike other parts of the province, appears to be a full crop in Nottawasaga. We saw some fields well headed out. Vegetation appears to be fully two weeks ahead of what it is up here.

A wedding was celebrated at the residence of Mr. Patrick Quigg, Artemesia, on Wednesday, 7th inst., when his daughter Jane was united in wedlock to Major Ernest Wurts, son of Mr. Joel Wurts. The ceremony was performed by Rev. L. W. Thom. The bridegroom was supported by Mr. Fred Wurts, and the bride by her sister, Miss Emma. After a tasty wedding repast had been partaken of the happy couple left Flesherton station to spend the honeymoon among friends.

Our village fathers are laying a nice 6 foot sidewalk from Dr. Christoes' corner to the Methodist church. This is badly needed, but a sidewalk of similar width down across the historic Boyne to the end of the present sidwalk is as badly needed. This appears to be the fashionable promenade and when gentlemen meet the ladies they have no room to lift their hats and elbow their way past at the same time, without danger of falling into a ditch. We old fellows when we get in to be police trustees are too prone to neglect the rights and convenience of the younger generation.

A literary paper has been started in the E. L. of C. E. in this town, which is edited by Miss Ida Irwin. The first number appeared on Monday evening, and was much appreciated. Some of the subjects dealt with were Paul's missionary journeys, and the necessity of the League doing missionary work, punctuality, spirituality in the League, sociability with sister societies, etc. The music rendered by the quartette club of the league was a pleasing feature of the evening's proceedings. We hope the "Mirror" may prosper, as it will be a power for good in the society.

We have a practical joker in town and his latest joke was a strong one. The gentleman's wife is fond of plants, and one day this spring he took home a nice bulb. The lady planted it in a pot, placed it in a bay window and attended to it assiduously. It threw up several tender, slender shoots, but no flowers appeared. One day recently The Advance man was called in to name the bulb, if possible. He squeezed one of the shoots and smelled it then let the lady get a whiff of the odor and the cat was out of the bag. It was nothing but a common, plebeian potato onion! We drop the curtain.

Farmers' Institute

The annual meeting of Centre Grey Farmers' Institute was held in the Town Hall, Flesherton, with President Irwin in the chair. There were about 75 present in the afternoon. The election of officers resulted as follows: President, John Irwin; Vice President, J. M. Davis; Secretary, J. I. Graham; Directors Geo. Badger, R. Carruthers, R. Buchanan, H. Douglas, D. W. Clinton, Wm. Inkster, Jas. H. Corbett, Wm. Hendry. Auditors—Jos Buchanan, John Boland. Regular meetings will be held this year at Flesherton and Thornbury, with supplementary meetings at Priceville, Dundalk, Maxwell and Kimberley. After the business was transacted Miss Rose of the Ontario Agricultural College treated her hearers to a practical lecture on bread and butter making, more particularly the latter, and gave her hearers, among whom were a number of ladies, many valuable hints on the care of cream and milk. The lady is a pleasant speaker and convinced her hearers that she was thoroughly up in her business. Should she ever return there will be a large audience to greet her. The institute is in a flourishing condition, due largely to the efforts of the energetic secretary, who considers his duty a labor of love and attend to it thoroughly.

Notice to the Farmers

We desire to inform the farmers of this section that it is absolutely necessary to have all male lambs castrated, otherwise they will be unable to sell at any fair price. It will pay farmers to attend to this matter.
