## A Satisfactory Store

The sale epidemic has corrupted the Clothing Business. Coats, Suits and Trousers are marked double their worth and then reduced to half. If some advertisers were compelled to establish the truth of their statements it would ruin them since it would force them to be honest.

HONEST VALUES !

It is easy to distinguish between our honest values and these false values. That's what has made our business grow. People buy at this store because they know they get the most for their money here and certain of satisfaction.

The success of a store depends upon what it does. Not on what it promises to do.
