The Advance

PUBLISHED WEEKLY AT THE OFFICE, SYDENHAM STREET, FLESHERTON, ONT., BY W. H. THURSTON.

$1 per annum strictly in advance

Advertising Rates:
One Column, 1 year, $35; half col., 1 year, $20
quarter col., one year, $15.

Transient advertisement charged at the rate 8 cents per line for first insertion and 3 cent each subsequent insertion.

Following the time honored custom of the country journals The Advance will not issue a paper next week. The office will, however, be open as usual for the transaction of all business in our line.

Federal elections this coming fall appears to be a part of the settled program The World says: "It has been expected for some time past that if the senate rejected the redistribution bill the Government would pass the Senate resolution of which it has given notice in the House, but not in the Senate for concurrence. This, it is regarded as certain, will be refused, and then the Government would feel justified in asking His Excellency for a dissolution and appeal to the electorate as against the senate, hoping to get a snap judgment on the cry of Senate reform."

The most important event of the past week in Canadian politics was the rejection of the Redistribution Bill by the Senate. Politics is like a game of checkers, anyway. In this case the Reformers made a move and forced the Senate to "jump" and take a man in order that they might have an opportunity to sweep the board—or in other plain words, to sweep the Senate out of existence. This appears to be a life and death struggle, but as the Globe points out, there is no necessity of keeping up the fight, as, within four years, if the present death rate continues, there will be a Reform majority in the Senate and its "Reform will be brought about in a natural manner. Mr. Laurier and his party should take matters calmly and wait patiently. He should be a little wary, too, about making Senate Reform a plank in the elections, because, should he be again returned to power he may suddenly discover that this reformation along the lines at present indicated is not so desirable an object as he once thought it.

When The Whistle Blows

It is a signal that the train is coming, and if you don't get off the track will run over and kill you. When you cough, it is a signal that consumption is coming, and you better look out. The way to stop consumption is to stop the cough. The way to stop the cough is to take Shiloh's Cough and Consumption Cure. 25 cts., 50 cts. and $1.00 a bottle. Money refunded if it fails to cure.

Catarrh Cured After Fifteen Years' Suffering.

JAPANESE CATARRH CURE CURES.

Mr. John Crow, 181 Keefer Street, Vancouver, B.C., writes: "After receiving invaluable benefit from Japanese Catarrh Cure, I consider it my duty to add my testimony for the benefit of fellow sufferers. I had been a great sufferer from catarrh for fifteen years; and during that time I tried almost every remedy I ever heard of for this trouble, and a score of doctors; but the result was only temporary relief and in each case the catarrh returned. I used six boxes of Japanese Catarrh Cure over one year ago, and since that time have been completely free from catarrh."

Japanese Catarrh Cure is the only permanent cure for catarrh yet discovered; the first application relieves, and six boxes are guaranteed to cure the worst case of catarrh, or money will be refunded. We will also be pleased to send a sample to any person troubled with this disease. Address, The Griffiths & McPherson Co., 121 Church St., Toronto. Sold by all druggists. Principal Slaughter of Flesherton school has great reason to glory in the success which attended his pupils at the recent examinations. For the Entrance he had a class of thirteen, of which twelve were successful. The thirteenth had only been in the class three months and was not expected to pass. This school sent up four Leaving pupils and all four passed with flying colors Sixteen successful out of seventeen pupils is a record any teacher might well be proud of, and The Advance doffs its cap to Mr. Slaughter. Had it not been for Flesherton the percentage which passed here would have been small.

Mrs. R. J. McKee died in Owen Sound on Saturday last at the age of 38 years. Deceased was formerly a Miss Martha Thompson, second daughter of the late Frank Thompson of the 3rd line. She was a woman beloved by all who knew her, and had been an invalid for some years. The remains were brought down on the morning train on Monday and interred in Flesherton cemetery, when a large cortege followed the remains to the place of interment, where Rev. Mr. Darroch conducted a short service, and many friends were given an opportunity of taking a last loving look at the features of their old school mate and friend. The deceased left no family, and only a husband is left to mourn her departure, for whom much sympathy is expressed.

Sudden Death

Residents of this township were shocked on Monday evening to learn of the sudden death of Mr. Silas Phillips of the Collingwood gravel road. Mr. Philips was in his ordinary health on Saturday forenoon and worked in the hayfield. He felt somewhat indisposed in the afternoon and on Sunday evening was taken seriously ill, the disease developed into inflammation of the brain, rendering the patient delerious, from which he did not recover until death intervened at 7 p.m. Monday Deceased was in his 55th year. He one of the most pleasant men to meet of our acquaintance jolly and apparently healthy and happy. He leaves a wife and family who are the recipients of much sympathy in their terribly sudden bereavement. The funeral took place to Maxwell cemetery on Tuesday afternoon at 3 o'clock.
