From Our Own Correspondent

Two young daughters arrived in this vicinity recently, one is staying at the home of Mr. Wm. Nicholls and the other at Mr. H. Nicholls.

Mrs Garton of Toronto is spending a few weeks with Mr. and Miss Strain.

Mr. Wm. Watson, who sold his farm last spring and went out to Manitoba, has purchased a farm there. He arrived here during the week to complete arrangements for taking his family out to their new home; for which they expect to start in a few days. Mr. and Mrs. Watson and their family have many warm friends here who are sorry to see them leave; they will not only be missed as neighbors, but in church and social circles. We join in wishing them abundant prosperity in their distant home.

At the recent election of officers in the E. L. of C. E. the following were elected: Pres. Miss M. Johnson; Vice-Pres. Miss M. Armstrong; Rec-Sec. Miss M. Graham. Treas. Mr. W. Hames; Organist, Miss F. Moore. Conveners of Committies, —Prayer-meeting, Miss M. Hutchinson; Lookout, Miss M. Talbot; Social, Miss H. Gallagher; Musical, Miss Moore. Owing to removals and other causes, this society numbers very few, yet if those left are faithful to God, to their pledge, and to one another, there are enough to make the work a success.

Mrs. R. Strain of Manitoba has been spending a few weeks with friends. It was a real pleasure to very many of her old friends to meet her again; while she lived here she was for some time a successful teacher in the Sunday School, and perhaps there was none at the Inistioge Church on Sunday who more gladly clasped her hand than those grown up boys and girl, who remembered Mrs. Strain as their first Sunday School teacher.

His Life Was Saved

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. Kings New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. 50 cts. and $1, at any Drug Store; every bottle guaranteed.

Canada's Great Show

This great agricultural and live stock exhibition, "The Western Fair," will be held at London, 7th to 16th September. It goes without saying that this will be the biggest and most successful yet, there being no such thing as standing still with this big show. It is expected that the Governor-General and Lady Minto will grace the Exhibition with their presence.

As is usually the case at this time, applications are rapidly coming in, and present indications point to the certainty of even larger throngs of visitors than heretofore, thus insuring the success of the great and only "Western."

The additional buildings and alterations will materially add to the comfort of both exhibitor and visitor. The rearrangement of the buildings now in progress, the new stands and entrances to same, together with the greater conveniences at main entrance and elsewhere on the grounds, will all contribute to the thorough enjoyment of the many thousands who will visit the exhibition.

Intending exhibitors desiring to secure choice positions should make their entries early. The entries close on Sept. 6th, and space and stabling will be allotted in the order entries are received. Secretary J. A Nelles will furnish information, prize lists, programmes etc.

In the attractions there will be no falling off. Better than any previous year is assured. Great Hippodrome, interesting Chariot Races, Roman Standing Races, Champion Sword Contests, etc., Imperial Japs, Carl Dammann troupe, Dunham Family, Bros. Hermanetti, Six Sennets Randell, John J. Barty, Lily Bletsoe, Mabel Howard, as well as speed contests. The grand pyrotechnic display each evening will surpass anything of the kind ever given in London before. The realistic representation of "The British and Americans in Samoa" will be a sight worth seeing, together with all the stage and ring performances under brilliant illumination. Special excursion trains are being arranged for to leave London after the the fire works. This will enable everyone to see the show from start to finish and return home the same night.

One eye at a time

A misfit would hurt your eyes and our reputation.
