From Our Own Correspondent

The garden party held on the grounds of the Methodist parsonage a week ago last Friday afternoon was a success, notwithstanding the unfavorable circumstances under which it took place. As usual in abundance of good things was provided for the nourishment of the inner man. In the evening an interesting program was given in the church. Very suitable addresses were delivered by Rev. J. Ward of Flesherton, Rev. J. Matheson of Priceville and Editor Irwin of Durham. Miss Maud Irwin gave two recitations in a very clever manner. The Durham Methodist choir furnished excellent music for the occasion. The chair was very ably occupied by Mr. M. Richardson. Proceeds $20.

On Monday afternoon of last week a fine barn was raised on the farm lately purchased by Mr. Dougald McLachlan of Collingwood. The framework rests on a substantial stone wall. As is customary after the bents had been put together captains were called for and the choice fell on Messrs. Findlay McPhail and Michael Henry who picked out their men very rapidly and soon the bents began to assume a perpendicular position. As soon as the last bent was raised the fun began. The plates went up like magic, and the rafters were pulled up as if they were pike poles. The race was very exciting from start to finish and the result is still in dispute, as both sides claim the victory. The timber went together perfectly and Mr. John Maher, the contractor, deserves credit for his excellent workmanship. There were no accidents to mar the entertainment which took place in the evening at the residence of Mr John McLachlan's where the young people enjoyed themselves for a while in dancing.

The Priceville Methodist Stone Settlement Sunday shool intend holding a picnic in Mr. Henry Parson's bush next Friday afternoon.

Mr. A. McCabe brought another consignment of cattle, numbering 34 head, from Toronto last week to his farm near this burg. He has over 80 head on the farm at present.

The stove which caused so much trouble to its owner has been fixed at last; nothing less than a trip to the foundry, however, would put the obstreperous piece of furniture in proper condition. The owner of the stove gravely informed us the other day that his plow lines were not all broken to pieces as we reported. There was only a small portion broken off the end of one of them. Our informant must have stretched matters a little.

Mr. Alex McMillan of the south line was the first to cut oats this harvest in this neighborhood. There is every prospect of an abundant yield of all kinds of grain except fall wheat.

Miss Bessie Hall of Rochester is visiting her sister, Mrs. M. Williams.

Miss Katie McArthur of Toronto spent Sunday with her parents. She returned to the city on Monday.

Miss Gertie McLeod spent a week or so of her holidays visiting friends in Toronto and Galt.

Miss Maggie Parslow of Toronto visited at Mr. and Mrs. John Parslow's last week.

Misses Lena and Katie McIntyre of Toronto came home for the holidays last week. The former returned to Toronto this week.

Mr. J. Hogarth, who was visiting friends on this side of Guelph last week reports that the crops are almost a failure in that part of the province.

Miss Walters and Miss Glass of Hamilton are visiting with the former's mother, Mrs. Wm. Walters.

Born—On Aug. 1, to Mr. and Mrs. John Parslow, a son.

Born—On Aug. 6th, to Mr. and Mrs. W. J. Blakeston, a son.

ASTHMA PERMANENTLY CURED.

A Well-known Canadian Notary Public Suffered for 25 Years—Permanently Cured by Clarke's Kola Compound.

R. D. Pitt, Esq., Kamloops, writes: "I had suffered for at least 25 years from the great oppressiveness of asthma and shortness of breath. I had during these years consulted many physicians and tried all the remedies, until the doctor told me I might get temporary relief, but I would be always troubled. I tried Dr. Clarke's Kola Compound, and after taking the first bottle I became greatly relieved, and three bottles have completely cured me. I can now breathe as freely as ever, and asthma does no trouble me in the least. I feel it my duty to bear testimony to the marvellous effect this remedy has had in my case, and would save all suffering from this disease to try Clarke's Kola Compound, as only those who have suffered all these years as I have can appreciate what a blessing this remedy has been to sufferers from asthma." Three bottles of Clarke's Kola Compound are guaranteed to cure. A free sample will be sent to any person troubled with asthma. Address The Griffins & Macpherson Co. 121 Church street, Toronto, and Vancouver, B. C., sole Canadian agents. Sold by all druggists. When writing for sample mention this paper.

Clarke's Kola Compound is the only permanent cure for asthma; is now successfully used throughout the leading hospitals in England and Canada.

Mr. Legate of the So-Ho Foundry has added a large iron planer to his already well equipped shop, and is now prepared to do any class of work.

The evidence of McFarland & Company's leadership in business is the fact that they do by far the largest business of any firm in Grey County. Their business at Markdale has outgrown their large premises and they are busily erecting a very large addition. In about two months they hope to have it completed. Call on them if you want goods at closest prices.

Mr. J. Blackburn has received a positive demonstration of that saying "One soweth and another reapeth". Two weeks ago a party of boys, who consider themselves young men, entered his garden and helped themselves we do not like to say stole) to the largest part of his cherries. Our sympathies [would not have been deeply stirred had we heard that the boys were "indisposed."

Mrs. E. A Lindsay, who left this village last spring, has been visiting her many friends here for two weeks with a little babe, three months old. The baby had not been well, and on Saturday was taken worse and at six o'clock its short life closed. Much sympathy is expressed for Mr. and Mrs. Lindsay in the loss of their first-born. The remains were taken to Shelburne and interred there.

Rev. A. E. Harrison, who, on account of illness, recently resigned the pastorate of the Presbyterian church at Dundalk, rapidly sank with consumption and died at the home of his brother-in-law, Bolton, on Monday last, aged 36 years. Dundalk and Ventry was Mr. Harrison's only pastorate, having been called there seven or eight years ago. He was known as a zealous pastor and an evangelical preacher, but his work is early done.

On the 28th ult. Mr and Mrs. Fawcett left this village, where they have resided for the past thirteen years, to take up their abode with their son on the old homestead near Heathcote. Mr. and Mrs. Fawcett will be much missed in the Methodist Church where they were regular attendants, notwithstanding Mr. Fawcett's increased feebleness, for the old gentleman is over eighty years of age. Mrs. Fawcett will be especially missed in meetings of the W. M. S. of which she was a member since its organization six years ago. The Aux. presented her with a beautifully bound copy of the Methodist Hymn Book, which was much appreciated.

Mrs. Maria Pearson, who on Sunday, 30th ult., died, at her home 1½ miles north of this village, was born in County Armagh, Ireland in 1826 She came to this country in 1846, and settled in Artemesia in 1856, where she has resided nearly fifty years. Her husband preceded her eight years ago, also a daughter three years ago, and Miss Mary Pearson, who died in China in the summer of 97. Mrs. Pearson suffered acutely from rheumatism during the last few years of her life, and was confined to her bed since January last. The funeral sermon was preached by Rev. Mr. Thom, from II Cor., V Chap. and 1st verse, and the remains were laid at rest in Irwin's cemetery on Tues. Aug. 1st.

The Sentinel, Toronto, the official organ of the Orange Association, has completed twenty five year's continuous publication, and in honor of the event issued on the 27th July a special edition of sixteen pages. Among the special articles are "Canada's Progress for Twenty-five Years," by Nicholas Flood Davin, M.P.; "The Developement of Imperialism," by J. Castell Hopkins; "Progress of Education During the last Quarter Century," by James L. Hughes, Inspector Public Schools, Toronto; "Home Rule or Union," by Prof. Goldwin Smith; "Twenty five Years of Protestant Progress," by H. C. Hocken; "History of Orangeism in Canada," by W.J. Wright, Brockville; "Progress of Orangeism in the United States," by Robt. W. Johnston, Troy, N. Y., Supreme Grand Secretary; also biographical sketches and photogravures of many prominent members of the Order.

The home of Mr. and Mrs. P. Holman was the scene of a happy gathering on Tuesday, the occasion being the re-union of their family, which has not occurred before for a period of twenty-two years. There were present the following: Mr. and Mrs. Henry Stone and children, of Stone's Settlement; Mrs. R. Strain and daughter Pearl, of Boissevain, Manitoba; Mr. and Mrs. Henry Holman and family, of the Fourth Line; Mr. and Mrs. John Chard and family, of this vicinity, and George V. Holman, of Grand Rapids, Mich. Only one member of the family was absent, namely, Rev. D. A. Holman, of Big Prairie, Mich., who was unavoidably detained by illness. As yet, the family circle is an unbroken one, all the members being still alive, but not all enjoying the best of health.

A Man Named Smith

But he had sense enough to take Shiloh's Cough and Consumption Cure, and to-day there isn't a healthier man in Canada. 25cts., 50cts. and $1,00 a bottle. To The Public

Wednesday, Aug. 16th, being Flesherton's civic holiday, all places of business will be closed.

—The following paragraph has been started on the rounds again. It is warm but the principle involved is all right:—"If you expect to conquer in a battle of to-day you have to blow you trumpet in a firm determined way. If you toot your whistle only, and lay aside your horn, there is not a living soul will know that you were ever born. The man who owns his acre is the man who plows all day, and the man who keeps a humming is the man who's there to stay. But the man who advertises with a sort of sudden jerk is the man who blames the printer man because it doesn't work. The man who gets the business uses lots of printer's ink—not a clatter, not a splatter, but an ad that makes you think—and plans his advertising as he plans his store and stock, and the future of his business is as solid as a rock."
