JAPANESE CATARRH CURE CURES.

Mr. R. E. Fleming, the well-known and popular Toronto representative of Messrs. Ewing & Sons, Cors. Manufacturers, Montreal, writes: "I have been a constant sufferer from catarrh of a severe and most disagreeable type for eight years, which became worse each winter, in spite of the hundreds of dollars I spent with catarrh specialists and many remedies which only afforded temporary relief. I tried Japanese Catarrh Cure about one year ago, and since completing this treatment have not felt the least symptoms of my former trouble. A few months ago I recommended it to a friend similarly affected, and he is now completely cured also. I can highly recommend it to any person troubled with this most annoying disease." 151

Japanese Catarrh Cure relieves cold in the head in one minute, and is absolutely guaranteed to cure any case of Catarrh of the Nose or Throat or money will be refunded. Sold by all drug gists. Price, 50 cents. A free sample will be sent to any person troubled with catarrh. Enclose 2 cent stamp. Address, The Griffiths & Macpherson Co., 121 Church st., Toronto.

The lecture given in the Presbyterian church on Thursday evening last by Mr. Daniel, a Persian, was highly appreciated by those present. The lecture was interesting and amusing. A charming story by the author of "David Harum" has reached us this week. An unusual subject for romance, the hero, a bank teller, falls in love with the daughter of one of the directors, and the plot deals with difficulties and complications which ensue in an interesting and admirable manner. The story is published by The Poole Printing Company, Limited, Toronto, and is for sale by all newsdealers, at the low price of 15 cents, or will be sent postpaid by the publishers on receipt of price.

The public school reopened on Monday with a large attendance. Principal Slaughter wears a rather pleasant countenance since his return from holidays.

The Advance man spent Sunday last in Shelburne, and found that sprightly little town a nice place to visit. A frost of two weeks ago has injured the farmers prospects in that vicinity to a considerable degree, both wheat and oats suffering.

A friend writing The Advance from Cyprus River, Manitoba, paints the following glowing picture; "I wish you and also a goodly number of the farmers around there could make a trip to this country at the present time you would see some of the finest wheat crops under the sun. I have never seen the country looking more prosperous at any time since coming here and I have been over a great deal of the Province lately. Some say we will have an average of 35 bushels some 40 and some 45 bushels of wheat this year per acre."

Mrs. A. Sherson, who died so suddenly last week, was the fourth daughter of Mr. and Mrs. P. Quigg, West Back Line, Artemesia. Mrs. Sherson was in her usual health up to 3 a. m. Monday, when she was suddenly taken with convulsions, and though two doctors were hastily summoned, she only regained consciousness for a moment, and at ten o'clock passed away. She was of a bright, cheerful disposition, was liked by all and beloved by many. Her husband, who only enjoyed her presence for two and a half short years, has the sympathy of all in his sad bereavement. A cortege of over eighty vehicles left the house, showing the esteem in which the deceased was held.

Complaints have been lodged with The Advance that boys and even boys who consider themselves young men go in bathing in Flesher's pond on Sundays, thus preventing the park around the pond being used as a promenade by young women. Aside from the moral aspect of the question these youngsters should have a little self-respect and cultivate a taste for decency. Some day this taste will be suddenly knocked into their heads by the offenders being prosecuted for indecent exposure, and if the thing continues next Sunday the knocking process is apt to begin inside of two weeks. Let this item be a warning to keep out of trouble.

The last issue of The Weekly Mail and Empire contains its own funeral notice. It is, in truth, the last issue of the weekly in its present form. This week the new Weekly Mail and Empire will appear. It will comprise three eight-page sections, distinguished as the News, Agricultural, and Literary sections. In the endeavour to make it distinctly a home paper, appealing to every member of the family, The Weekly Mail and Empire will retain its excellent news features, and will absorb the Farm and Fireside, strengthening it with a wider and more varied treatment of agricultural and live stock topics, retaining, however, the woman's department by "Kit," the critical talks by "Flaneur" its legal queries answered by Barrister Edward Meek, and its popular children's page. Especial merit is promised for the illustrated short and serial stories, as being worthy features of the Literary section.

Gilbert Coulter, of lot 12, con. 8, S. W. Melancthon, was recently the owner of the oldest goose in Dufferin county. The goose in question was 30 years old last spring, having been hatched on lot 30, con. 1, O S., Melancthon, near Honeywood, in 1869. Every year since 1870 the goose hatched out from 10 to 12 young ones. This year she only brought out three, and it is supposed she was so disappointed over the result that she immediately sat down and died. This aged bird was named "Grandmother," and responded to the call every time she heard the name mentioned.—Free Press.
