Rev. Mr. Mahan occupied the pulpit here Sunday. Mr. Mahan's many friends were pleased to see him.—Master Lloyd Kinnear returned to his home in Toronto on Tuesday.—Mrs. Bassett of the Sault was the guest of Miss Cairns recently.

Our school has reopened with a good attendance. We welcome Miss Johnston back to her duties.

The Flesherton band serenaded our village one evening recently and rendered some very nice music which was much appreciated by our citizens. We hope the band may find it convenient to visit us again. We will try to use them well.

Glorious News

Comes from Dr. . C. Cargile, of Washita, I.T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofulo which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by all Druggists, every bottle guaranteed.

Quite a number of young people spent Sunday in Honeywood.

Our little burg is not without its romances, two of which happened last week. The first was that of Mr. Ollie Graham, who has been doing some photographing in this vicinity and had the misfortune to have his horse run away. The second was that of Mr. Fleming, whose horse stumbled and fell, causing slight damages to the vehicle. We are happy to state both parties escaped very fortunately.

The Rev. Father from Dundalk passed through our village last week.

We are informed that Mr. John Fleming who has been visiting his parents here, has secured a situation in the Queen City.

What we would like to know: If the town Fathers are going to repair our sidewalk this season! Which became of the engine shipped to one of our popular citizens lately? When that shed will be rebuilt? If the boys will be allowed to ride ladies' bicycles providing the girls take those belonging to the boys? Why Fred requires a sidwalk west? Who will ask for the sidewalks north? When a lady's hair pin became fashionable as a gents scarf pin?

FEW MEN ORIGINAL
Did you ever notice how few people are original in things they say and do? For instance, one man makes a fortune out of a simple thing; immediately hundreds of others try it. This is human nature. While it is gratifying to be the "first man" to bring out an idea, the great mass must be content to follow their leaders. There is one line that is always original, however, and that is the business of Bradley-Garretson Co., Limited, of Branford, Ont., because they continually bring out publications to suit the times and season, thus their agents are kept steadily at it and make big money. In fact, no other occupation is more honorable, healthful, lucrative, or offers half as many opportunities for promotion. It is a life school. Many men and women in Canada to day, testify to the truthfulness of his claim, in fact, it is conceded on all hands, that one year's experience with this Firm is worth more to any young man or woman, than two or three years at College, from an educational point of view, and financially, it is all that can be desired.

WONDERFUL ASTHMA RECOVERIES.
Clarke's Kola Compound Officially Tested by the British Columbia Government, at the Home for Incurables, Kamloops, B. C., the Medical Superintendent Pronounced Long-standing Cases Cured.
Many temporary relief asthma remedies have during the past few years been placed before the public, but until the introduction to the medical profession of Clarke's Kola Compound, nothing has been found to have any effect on preventing future attacks. The Medical Superintendent for the Home for Incurables in Kamloops, B. C., has had probably the best chance in Canada to thoroughly test this wonderful remedy for asthma. He reports that on the three cases of asthma where Clarke's Kola Compound has been tried, in not a single instance did it fail to cure, and in one particular case a lady had been confined to her bed most of the time for nearly a year previous to taking this remedy and was then three bottles have completely cured her. Over one year has now passed, and there has not been the slightest indication of asthma returning. These facts of Clarke's Kola Compound are guaranteed to cure any case of asthma. Over 5,000 cases have already been cured in Canada by this remedy. Sold by all druggists. Free sample bottle sent to any person. Mention this paper. Address the directors K. Mansfield Co., 121 Church street, Toronto, or Vancouver, B. C., sole Canadian agents.

From the Philipines

The following are cullings from letters received by Mr. Wm. Strain from his son in the Phillipines subsequently to those recently published in our columns. The young man is now on the high seas and is expected to land at San Francisco about Sept. 20.—ED. ADVANCE.

Manila, June 10th, 1899.—I have after a long period of four months, been privileged to come back to Manila again. It seems almost like an age since we started to fight the niggers. The outbreak started on the night of Feb. the 4th. I came out on the lines on the Sunday morning of the 5th. So you might say I have been out on the lines ever since, except when I came in now and again to get some clean clothes. I am commencing to think that a bullet can not hit me. I have been in so many engagements and have not been struck yet. Two or three of the medical corps so far have been struck with bullets, two doctors and one of the hospital boys. That is a pretty fair percentage of the hospital staff to get struck with bullets. At San Fernando the insurgents attacked the Montana and Kansas regiments. They soon got out after them, and before the insurgents knew it, the two regiments flanked them. I can say I never saw such a slaughter of human beings before in all my life as I saw after the Americans got through with them. The niggers were lying around pretty thick. I saw two fellows who had such gashes in their heads that when we put them on the litters their brains oozed out. They were terribly shot up. The ambulance men seemed to be working half the afternoon carting wounded Americans and Filipinos to the train to go to Manila Hospital, after the fight had taken place. The Montana regiment is pretty well knocked out. They have had to do a terrible lot of the fighting, and being exposed so much to the weather. A great number of them are sick, so I have had to do duty in the regimental hospital. The night I came in the doctor sent in over one hundred sick soldiers of the Montana regiment, then of course other regiments sent in a lot of their sick, so in all it made quite a big train load. On the same train a lot of Chinamen were being sent to town on a discharge. The regiments are hiring Macabebe, the friendly tribe to the Americans and deadly enemies to the Filipinos. This is done more to reward them for not taking up arms against the Americans.

This war has been a great help to the Chinamen. They have been able to get lots of work and about ten times the amount of wages now than what they ever got before for a day's work. They got lots of good stuff to eat and had a chance to do lots of looting. It was comical to see the Chinamen steering for the train, everyone of them had about all he could carry of stuff, which they had picked up here and there. The soldiers, of course, took the best accommodation, which were box cars, and made John Chinaman get up on top of the cars. So here is when the fun started. John found great trouble at first getting himself and cargo up on the top of the cars, so of course the mischievous boys were willing to help John all they could, so some of the boys would help John up part way and nobly let him drop, or else pull off his slippers as he was getting up nearly to his place on top. Of course John wanted all his belongings. It was comical to see the slippers, hat and his bed of loot going up after him. Some times the boys would put a little too much strength to the article (whatever it may be) and of course the stuff would land over on the other side of the car. The fun kept up all along the line until we got to town. Every station we stopped at we would meet Chinamen waiting for the train with their load of loot wanting to go to town. Of course the boys would run and pull John's stuff off his back and throw it up on top of the car into a bunch of Chinamen already up there. He would object at first to the handling of his stuff so roughly, but in all cases he had to give way to a stronger hand. It made very little difference to our boys whether it was dishes or something else, they all met the same fate.

Since I came into town I have had a little time to wander about somewhat. Everything seems quite new again to me, on account of being away for so long. In the Philipino market you can buy mostly everything that is sold in a market, such as meat, fish, fruit, and lunch in Philipino style, etc. The Filipinos eat with their fingers, and many of them wish to sample a dish by using their fingers before buying it, and they all want to be waited on at once. So, if you go around some of these stands in the Filipino market or else to a Chinese eating house, you will see a crowd around the tables where the dishes are served, all standing there talking at once, running their fingers in this dish and that dish, and asking for a cents worth of this and a cents worth of that, and some of them who don't think they get enough for their money, will then commence to abuse the owner of the stand by calling him all kinds of names and may be in a fit of anger put their hand into the dish of eatables and grab up a handful. The owner, if he has a chance, will try to grab back what the customer has taken, and of course if it is captured, it goes back on the dish again.

This last while back it has been very hot. To be out much in the heat of the day makes a person feel pretty well over heated. It seems quite odd, these natives and Chinamen can work out all day in the sun, many of them without hats on, without giving them any trouble. I would rather go two days without eating than have to go out and do one day's work here. In fact I could not stand it to work here all day in the heat of the sun. It is so hot it would almost kill a person.

"Looking back I see I never saw before."
This is the exclamation of satisfied customers.
We have fitted successfully stubborn cases that others have failed in.

A Gathered Lily

"Is it well with the child? She answered, It is well."—II Kings 4:26.

Through dark clouds of grief appaling
Strains of sweetest music falling
Tell us that the Lord is calling
From His glorious throne:
And while hearts bereaved are aching,
Faith renewed in strength awaking,
Sweet the loving Saviour taking
To Himself His own.
He is not in blindness smiting,
But in gentleness inviting
Those in whom He is delighting
To behold His face.
"Little ones", earth's sorrows leaving
And in him alone believing,
He is in His love receiving
To His dwelling place.
Faith in Him restrains our weeping;
Though the outward form is sleeping,
In His kind and watchful keeping
In the silent grave;
She is in His presence dwelling,
Tasting joy all joys excelling.
And she is his praises telling
Who is strong to save.
In that place of His designing
She behold the glory shining,
Where all kinds of bliss combining
Make a home most fair.
In His book He hath enrolled her:
In His arms He doth enfold her:
Soon her loved ones will behold her
And be happy the e.

From Our Own Correspondent

We are glad to hear that Mr. Hendrick, our night operator, who went to the hospital last week, will soon be around again.

We are also glad to learn that Miss Laura Piper is still improving.

Mr. Townsend of Durham was in town on Monday.

Inspector Campbell visited our school on Monday and found everything in good order, also a good attendance.

Miss Mary Chislett has accepted a position in Owen Sound.

Miss G. Cruikock of Toronto is visiting the Misses Cook.

A number of cows were put in pound this week, and several gardens completely destroyed.

Mrs. Ashdown's case is coming off next week and a number of witnesses are called for here.

Insitioge

From Our Own Correspondent.

Mrs. Chas. Earlston, of Buffolo, who has been spending the summer with her parents at Insitioge and friends in that vicinity, will leave for her home on the 16th.

Since the Insitioge news last appeared in The Advance a sad gloom has been cast over this community by the death of Mrs J. W. Tait of Vancouver, better known to her friends as Miss Mary Johnson. Over six years ago she went to Winnipeg and a few years ago from thence to Vancouver where a little over a year ago she was married to her now sorrowing husband. The news of her death a week ago came to her parents and friends here like a thunderbolt. Her father, Mr. C. Johnson made, immediate arrangements for having the body brought home for burial, which arrived at Dundalk by steamboat Express on Sunday evening. On Monday a very large number of relatives, friends and acquaintances gathered at the parents home where the Rev. Mr. Campbell predeched an appropriate sermon from the words "We all do fade as a leaf after which the large funeral proceeded to Flesherton cemetery where in a beautiful casket covered with flowers the body was laid to rest. We join in heartfelt sympathy for the bereaved young husband and friends who while they sorely mourn do not mourn as those without hope of a happy re union hy-and-by.

Mr. and Mrs. J. Agnew of Mulmur, Mr. and Mrs. R. Ladlow, Mr. and Mrs. W. Fawcett of Alliston and Mr. and Mrs. Geo. Rutherford from Shelburne were among those from a distance who attended Mrs. Tait's funeral.

Miss M Norval is spending a few week with Georgetown friends.

Miss Bertha Johnson who has spent a few weeks with her parents here will return to Buffalo this week.

Mr. T. Stephens drives a handsome new buggy. Of course he does not often go driving alone.

Miss Smith of Collingwood is visiting her friend Mr. T. McQuay.
