Premier Hardy is just now engineering a crusade against the genus tramp and has issued instructions to magistrates throughout Ontario to give all such heavy sentences when brought before them. He has yet to place himself on record as a prosecutor of the perjurers, bribers, thieves and liars who made themselves a feature in some of the recent by-elections where his party was victorious. By his neglect to do this latter he places himself in the position of one willing to batten on crime and unwilling to punish wrongdoers. The records of crime in West Elgin, Waterloo and Ontario are such that no honest government can ignore them and live. If Mr. Hardy's government is not an abettor of these crimes the public should know it, and if it does not clear its own skirts the people will know the truth even though the truth be not proven. This spiriting away of witnesses and handicapping of the truth is eloquent of future trouble for the Hardy government.

With a strange fatuity the Transvaal republic is going headlong to destruction. The Boers have for a long time disclaimed Britain's suzerainty and recent events have made it clear that the republic has been aiming at getting free from the trammels of her chaperone. Events have now gone so far that it is said war is inevitable. Philatelists will do well just now to specialize in Transvaal postage stamps, as after Great Britain gets through licking that country the Boers will have to lick straight British stamps and their own will be good things to have and to hold for a rise.

East Grey Fair

A Success Though Heavily Handicapped—Gate Receipts $145

The directors of East Grey Agricultural Society had cause to look grave on Wednesday morning owing to the rain, but as the day advanced this ceased, although the weather remained very cold, cloudy and threatening, no doubt deterring great numbers from attending. Notwithstanding these drawbacks a goodly crowd gathered after dinner and the program was carried through to the satisfaction of all present. The hall, while somewhat slack in entries from former years, still held a good exhibit of roots, grains, vegetables, ladies' work, etc. The track was in prime condition and speeding events were much enjoyed by the shivering crowd. In the 2.32 trot there were three starters, resulting as follows:

Ella Stanton	1	1	1
Lily Wilkes	2	2	3
Billy Morgan	3	3	2

Ella Stanton is owned by Reid of Owen Sound and is a beautiful traveller.

In the 2.45 trot Billy Morgan took first money, Mabel H second and Rosa Stanton third.

Farmers' trot—James Best first, Wm. Fletcher second.

Walk, trot and go-as-you-please—Geo. Best first, Thomas Betts second.

Special race, single drivers—M. Wilson first, W. Moore second.

Much interest centred in the men's bicycle race, for which there were five entries, and which resulted in Andrew Sproat of Ceylon taking first money, Percy Lawrence second and Minto Wyld third. The race was ten times around the track. Fred Strain dropped out in the fifth round and in the ninth Wyld struck S. Blakeston's wheel and both got a heavy tumble. Blakeston's wheel received some damage.

Soap race—Miss Whittaker 1st, Carrie Rutledge 2nd, M, McAulay 3d, Rita Vanzant 4th, R. D. Addison 5th.

The sawing contest was also an attractive feature. Four pairs contested, Messrs. R. McMullen and Ben Madill being the winners, time 57 seconds for a 20-inch log.

A magnificent lot of live stock was exhibited.

The prize list will be given in full next week.

The actual gate receipts amounted to about $145.

The only outside newspaper men present was Mr. Ramage of the Durham Review and Mr. Irwin of the Durham Chronicle.

Proton Station

From Our Own Correspondent

Mrs. Fogarty of Brampton who has been visiting her son and friends of this place returned home on Monday accompanied by her niece, Miss Maggie Howell.

Mr. G. Fogerty paid a visit to the parental home last week.

Miss Lottie Freeman left last week for Hamilton to attend school. As she was organist in the Sunday school and a member of the choir as well as a general favorate, she will be much missed.

Miss M. Sheanson, who has been spending a few weeks at home, returned to the city last week.

Mr. and Mrs. a Neilson of Manitowaning were the guests of Messrs R. and A. Neilson this week.

Mr Watts of Brampton is spending a few weeks with his sons.

Mrs. R. Clark of Markdale paid our town a flying visit on Tuesday last.

Miss E. Carlyle of Reid's Mills, Ont was the guest of Mrs. H. G. Hunter for a few days last week.

Mr. J. Wright has improved his brick yard by adding to it the latest invention in brick burning. In the early part of the season he erected a round house over the machinery; now he has added a round kiln and is fully prepared to do an all-round job for the public. The new kiln is dome shape with drafts so arranged that the heat is carried first to the top, round the out side, then an under current carries it down the centre to the bottom. Thus no heat is wasted, no brick wasted in buildinr a new kiln, and less fuel is required to run it than the old style, so that it becomes a great expence-saving building. We wish him success in his enterprise.

Mr. F. Freeman has added to his store a new stone cellar.

Mr. Neil McLean has purchased a new thresher which is giving universal satisfaction.

Mr. R Hodgens and Mrs. M. Gardener, both of Proton, were united in wedlock on Tuesday last. We extend our congratulations.

John Livingstone of Listowell died last week, aged 89. He was the last surviving member of the family of Dr. Livingstone, the African explorer, and was two years older than his famous brother. There was a strong family resemblance between the brothers, and they maintained an intimate correspondence until the doctor's death. Mr. Livingstone treasured many letters and personal mementoes sent him by his brother from Africa. The deceased John Livingtone was the eldest son of Neil Livingstone, of Blantyre, Scotland, where he was born on the 15th day of May, 1811. He was married in Scotland in 1834 to Sarah McKenzie, who predeceased him in Listowell nearly nineteen years ago. He came to Canada in 1840, and lived in Lanark for twenty years, engaged in mercantile business. He came to Perth county in 1860, starting a general store in the then small hamlet of Listowel. He was among the largest merchants of the place, and built up a large and prosperous trade. Mr. Livingstone indulged his fondness for travelling for many years, spending his summers among his friends in Scotland, and of late passing the winters with his sons on the Pacific coast, his last trip to the coast being in the winter of 1898.

Miss Irwin has issued a writ against her father, Robt. Irwin, of the 5th line, Mulmur, and will sue to recover $500, which she claims is due her for wages. This is the same lady who figured in a breach of promise case against a gay old Shelburne widower a few years ago. The widower married another lady, and Miss Irwin got judgement against him, but up to the present time she has not realized anything out of the case.

Wm. Harris of Paisley has been convicted of stealing a horse and will serve 23 months for the crime.

A handsome four-volume encyclopedic dictionary and rack was this week placed in the public school. The expense of this was in part defrayed by the entertainment given by the pupils and Inspector Campbell last spring, and another public entertainment is on the tapis to liquidate the balance.

A. Johnson, of Vandeleur, has three thoroughbred Durham cows that together have had seven calves inside of twelve months. The oldest of these cows is five years, and has three sons and two daughters and two grand daughters. She is of the Missie family of Uppermill, Scotland, so highly prized at the present time.

DATE CHANGED—The Directors of Artemesia Agricultural society have changed the date of their exhibition at Priceville from Oct. 10 and 11 to a week earlier, viz.: Wednesday and Thursday, October 4 and 5. Everybody should remember the date. The change was made so that the show would not conflict with that of Dundalk.

Owen Sound fair was a chilly affair for some people last week. The C. P. R. provided a special return train for the people down here "in the bush." It got them aboard at 10.30 and landed them at Flesherton about 2 o'clock next morning, a distance of only 32 miles. The night was cold, there was no fire in the train, and those aboard had a memorable ride, which superinduced a flow of memory back to the old days of the narrow gauge. Nine miles an hour was, however, slow even for those ancient days.

Rev. J. N. Clarry visited Flesherton on Tuesday evening and spoke to the young people at the Methodist church in the interest of the "Young people's Forward movement." As many members of the League were giving systematically they were urged to "Lengthen thy cords and strengthen thy stakes, for thou shalt break forth on the right hand and on the left," much good advice was given the executive at the close of the meeting and it is hoped the givings to the missionary cause will be much increased. The speaker was master of his subject and no doubt enthused many to do their duty in this line, believing, as he does, that a deepening of spiritual life will be the result of "Prayer, study, give."

The W. M. S. of the Flesherton Methodist church has closed a very successful year. "Excelsior" has been the watchword, and while the society did well last year, it has done better this, there being an increase of over seven dollars in finances and seven new members have been added. A good staff of officers has been elected for the next year, which began on Sept. 16th:—Pres., Mrs. W. H. Thurston; 1st Vice-Pres., Mrs. W. Trimble; 2nd Vice-Pres., Mrs. John Dinwoodie; Rec.-Sec, Miss Christoe; Cor.-Sec., Mrs. R. N. Henderson; Treas. Mrs. W. A. Armstrong; Pres. of Systematic Giving, Mrs. Ranton. Mrs. W. A. Armstrong will represent the Auxilliary at Toronto on Oct. 3. Twelve copies of "Outlook" are taken, which does much to increase missionary knowledge, and which should be in every Methodist home.

J. H. Heard & Son's display of farm vehicles at East Grey fair this year would have more that done credit to a national exhibition The exhibit consisted of 1 cutter, 3 buggies, 1 Democrat, 1 lumber wagon and 1 set bob sleighs. These were all finished in very superior style with the best of workmanship. Among the buggies was one which attracted the eyes of all and which we believe to be the handsomest thing we have ever seen in the buggy line. The box was made of timber which may be described as a combination of birdsey and curly maple and made an exceedingly rare and pretty thing. These buggies are all supplied with the latest improvements—roller curtains, lamps and brackets, etc. The other buggies were finished in ash grain and chaste ornamentation. Altogether the Messrs. Heard made a display this year which they may well be proud of, and as well may the village which can produce such workmanship.

A Costly Outing

A party of Markdale young people had a costly outing one day last week. A party of six took a cab intending to visit Eugenia falls. When they arrived at Beattie's Creek, about 2½ miles west of Flesherton, one of the party who is a judge food, decided that a picture of the handsome outfit, and taking in the bridge would be the correct thing. While the picture was in process of manufacture the horses were left without being tied, and a white calf which happened to be possessed of a longing to be included in the picture, sidled up to the equines to get in position. This the horses resented—in fact they decided it was better not to be "took" than to be "tooken" with a white calf, so they bolted and left the calf alone before the camera. Before they ceased running one of the animals had its knee injured and the cab was also seriously damaged. The young men called on our Flesherton liveryman for a rig to take the young ladies home. Eugenia was not visited on this occasion. The injured horse is now under the treatment of a vet. and the cab is undergoing repairs. It is said the outing will cost at least fifty dollars before all expenses are paid, and the only thing to show for it is the picture of a white calf standing on a bridge. These details may not be absolutely correct as it is difficult to get information from the party, but they are approximately so at all events.

Personals

Mrs. Gjerdrum is visiting friends in Owen Sound.

Mrs. W. Armstrong and Miss Meridith spent Saturday and Sunday in Durham.

Miss Lizzie Bellamy returned to Owen Sound on Monday last after visiting with her parents, Mr. and Mrs. C. Bellamy, for some weeks.

Miss Ada Richardson of Toronto is spending some weeks under the parental roof.

Mr. R. Mckee of Owen Sound is visiting friends in and around Flesherton.

Mr. W. Guest of Maine is visiting his brother, Mr. Arthur Guest, with J. H Heard & Son.

Miss Meredith of Durham is the guest this week of her sister, Miss Amy, of the public school staff.

Mr. Alex. Stewart of Teeswater visited with friends here during the past week.

Miss Gertie Vanzant left to-day for Schomberg to attend to her millinery duties there.

Mrs. Geo. Wright of Owen Sound spent a part of last week with her mother, Mrs. Frank Thompson, 3rd line, Artemesia. She returned home on Monday.

Rev. J. N. Charry was the guest of Mr. Thurston while in town this week.

Miss Rankin, milliner with M. Richardson & Co., has returned to her duties with the firm.

A despatch from Collingwood says:—The importance of this part of Ontario as a great fruit-growing district is becoming better known each year This year the crop, especially apples, has been large, and some of the progressive farmers are realizing good round sums from their orchards. Mr. W. W. Cox, one of the most successful growers took a new departure in the way of disposing of his crop. Instead of selling to the buyer he advertised for tenders, and the buyers sought him. On Saturday he disposed of the entire crop of apples as they hang on the trees to an outside buyer. It is estimated that there are over 1600 barrels, which will net Mr. Cox in the neighborhood of $4000. He has no packing or barrels, to supply. Outside of the apple crop, he will sell $7000 worth of plums, pears and small fruits from the same farm.

J. D. McNab of Owen Sound was arrested in Gorrie on Monday on a charge of abducting a married woman. The prisoner had only recently completed a five year sentence in Kingston for defrauding a young woman out of her property. McNab was remanded to jail for a week on the abduction charge.
