Tarlac, the supposed capital of the mystical Philipino government, has been captured, but neither Aguinaldo or the government were present on the occasion. Their whereabouts is a mystery, but it is not likely to remain so very long.

The Farmers' Binder Twine Co. of Brantford last year paid a dividend of 60 per cent. and this year another of 100 per cent. This concern was brought into being in order to cheapen twine for the farmers, but in this it did not succeed, and only resulted in making of itself a gold mine for the shareholders. One hundred dollars a year income on one hundred invested is an abnormal yield. We would not mind bying a few of these shares at par.

Mr. Bourassa, M. P. who kicked over the traces and resigned because parliament was not consulted in the grant to defray expences of the Transvaal contingent, thought to attract considerable attention by his heroic attempt to prevent the constitution from being fractured, but not many outside his own costituency take much notice of the assumed Royal Bengal "Tagger" who is only a singed tabby at best.—Chesley Enterprise.

The acquital of Anderson, accused of robbing the Molson's bank in Winnipeg, must have been extremely discouraging to financial institutions in Canada. It appears to be impossible in this country to secure a conviction for a bank robbery. The detectives are foolishly in the habit of attempting to fasten many of these crimes upon respectable employes of the banks themselves, and this the "respectable" portion of humanity resent indignantly, even though the money be all but found upon the accused's person. The general public do not appear to take into consideration for a moment that many a good man has fallen from grace for less than $60,000. In the Anderson case, however, everybody should be happy. The jury says Anderson did not take this money, the bank recovered its $60,000, the detective gets $5,000 for recovering the money, and lawyers, jury, etc., get their good wage from the public chest. Everybody should be as happy as a clam—unless it be the detective whose word has been discredited.

Discovered by a Woman

Another great discovery has been made, and that too by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs Luther Lutz. Thus writes W.C. Hamnick & Co., of Shelby, N. C. Sold by all Druggist at 50 cents and $1,00. Every bottle guaranteed.

Mr. Abram Mitchell and son, formerly of Bruce Mines and latterly of the Michigan Sault, went to the Transvaal a couple of years ago to engage in mining for an American Company. Word has been received that both father and son have been compelled to enter the Boer army and fight the British. Mr. Mitchell has laid the matter before the Washington authorities, asking for release. Mr. Mitchell is well known in Owen Sound, having married a Miss Minnie Chisholm here in 1877. His wife was a niece of the late Jno. Chisholm, with whom she lived for many years.—Sun

GLORIOUS NEWS

Comes from Mr. C. Cargile, of Washita, It.T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofulo which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by all Druggists, every bottle guaranteed.

Mrs. Wm. Leach of Duntroon, one of the early settlers of Nottawassga, died recently at the age of 90.

The infant daughter of Mr. and Mrs. Wesley Bell, of the 6th con. of Tecumseth, upset a small vessel of boiling water in her home and was severely scalded. The little one suffered intense agony until evening, when death came to her relief. The child was seventeen months old.

Miss Strachan, teacher of the Elmwood school, threw up her situation without a moment's warning and departed for her home in Teeswater. The trustees and people cannot explain her conduct, but we have no doubt that her magnificent salary of $175 was scarcely sufficient to prevent her from becoming homesick. Perhaps she came to the decision that the section would be unable to produce so much money.

Mr. Mark Wilson, butcher, had an extremely narrow escape from a serious accident while out shooting one day last week. When firing at a partridge the shell, which contained smokeless powder, burst the gun barrel, broke the stock, blew off the connecting steel between the two barrels and made a general wreck of what was a first class gun. Three of Mr. Wilson's fingers were burst open on the ends, but otherwise he escaped injury. The moral seems to be: Don't use smokeless powder.

A movement is on foot to secure a subscription in this county to cover insurance on the lives of three men of the 31st battalion who have gone with the Canadian contingent to South Africa. Several newspapers in the county are receiving contributions, and at the request of Warden Gordon The Advance is pleased to accept any small or large contribution for this purpose, from five cents up, when the same will be duly acknowledged in these columns.

OVER $1,000.00

Spent during 25 years on Catarrh Remedies and Specialists by a wealthy mill-owner of Port Eslington, B.C. At last cured by

Japanese Catarrh Cure.

Mr. Joseph Little, the well-known mill-owner of Port Eslington, B.C., formerly of Vancouver, writes: "Japanese Catarrh Cure has completely cured me of catarrh, which had troubled me for twenty-five years. I have at different times spent over one thousand dollars with different specialists in Toronto, Buffalo and San Francisco, besides trying all other remedies, but the result was only temporary relief. Hearing of the remarkable cure throughout the West by Japanese Catarrh Cure, I purchased six boxes while in Vancouver about two years ago, and since completing this treatment have not felt the slightest symptoms of my former trouble. I feel that I cannot say too much in its favor; the first application gave great relief. We now keep a supply in the Mill for outs, etc. and find it superior to any other remedy for healing.

If you have tried all other remedies without success, and are at all skeptical as to the merits of Japanese Catarrh Cure, enclose 4 cents in stamps, and we will mail you free a trial quantity sufficient for nearly two weeks' treatment. Price, 50 cents, or six for $2.50, with guarantee to cure or money refunded. By all druggists, or by mail post-paid. Address, The Griffiths & Macpherson Co., 121 Church Street, Toronto. 147

Mr. Mack White, the well-known trainer of the Toronto Lacrosse Club and Osgoode Hall Football Club, writes: I consider Griffiths' Menthol Liniment unequalled for athletes or those training.
