HILL BROS, MARKDALE

The best reason for using paint outside is because of the fact that it protects your property against the wear and tear of the weather.

Of course it improves the appearance too, and adds much to market value if you wish to sell, but the chief reason is that the building that is kept painted keeps in good condition.

We are Agents for Sherwin-Williams Paints and Varnishes. The makers of these paints have studied the principals of paint protection for years and so every Sherwin-Williams product wears well, and looks well.

There is economy in using good paint, so come and talk to us about — Sherwin-Williams Paint (Prepared) SWP for your buildings—S-W Porch Floor Paint for verandahs and porch floors—S-W Wagon Paint for wagons and implements—S-W Buggy Paint for buggies, automobiles, porch furniture, boats, canoes, etc.

We haven't space here to tell you about all the different Sherwin-Williams products. Just remember that there is a special S-W finish for every kind of surface. Come and see us about your painting needs.
