County Council

The following is condensation of business transacted at the county council last week. In it will be found the most important business done and such matter as will prove of interest to the majority of our readers :

Mr. Watson presented a report from the Education Committee dealing with the matter of the formation of a new school section in Euphrasia which had been referred back to it at the last meeting. It recommended that in reference to the appeal of E. W. Hill and others against the refusal of the township council of Euphrasia to alter the boundaries of school sections 5 and 7 and form a new school sections, an arbitration be granted and that no action to be taken upon a petiton from the trustees of union school section No. 5 Euphrasia and Collingwood appealing against the action of arbitrators in regard to the boundaries of their school section, and in reference to a letter from the trusties of school section No. 5 Euphrasia against the formation of a new school section. Judge Creasor, Public School Inspector Grier, of East Grey, and County Commissioner Mc Donald were recomended as arbitrators. The report was unanimously adopted.

Mr. Richardson anounced that in connection with the special committee appointed at the last session with a view todevising some better and more equitable system of road construction and maintenance he had invited Mr. A. W. Campbell, provincial road commissoner, to deliver an address to the council on the subject.

Mr. Watson was granted permission to reintroduce by-law 572 appointing Judge Creasor, Inspector Grier and Mr. John Mcdonald arbitrators in connection with with the formation of a new school section in Euphrasia, and the by-law was given its second reading.

Another big batch of accounts was presented including accounts from Commissioners Willscroft and Meinnon of $14.60 and $15 for inspecting repairs on bridges on the town line of Holland and Glenelg and and from John McCann, John Morson and Alex. McMillan amounting to $159.35 for the same ; from the township treasurer of Keppel of $53.15 for examination and conveying lunatics to the asylum ; and from R. Mc Dowall $103.50 for survey, plan, and inspection for the steel bridge over Pottawatamie river.

The rules of orderof business were then suspended, and Provincial Road Inspector Campbell, who was present, was invited to address the council. At the conclusion of his address a neatly expressed vote of thanks was proposed by Mr. Richardson and seconded by Mr. Frost and carried by a standing vote. Mr. Campbell suitably acknowledged the courtesy.

The committee recommended that action in the matter of confirming by-law 5 of the township of Derby closing the original road allowance between lots 15 and 16 concessions 9 and 10 be deferred until the January session for further information. The report was adopted without discussion.

By-law 573 to guarantee the $5000 debentures of the village of Dundalk was introduced by Mr. Preston and received its final reading.

The school inspector's report showed that 221 pupils tried the entrance examinations and that 136 passed ; 121 tried the junior leaving examinations and 72 passed. North Grey showed a decrease in the number writing on these examinations, while the South had an increase of 15.

A communication was read from the York county council stating that body was pleased to learn that Grey county was seriously considering the matter of good roads and inviting members of this council to meet the special committee there.

In committee it was decided to recommend Mr. Richardson of Flesherton as a delegate to the good roads love feast in York county.

An arbitration committee was appointed to decide matters between union school sections in Normanby, composed of Messrs. McColman, Watson and the Warden. This matter has been before the council for about ten years.
