FRENCH MEET SUCCESS.

War Office Reports Defeat of Germans In Attack on Dinant.

PARIS, Aug. 17.—The following official statement was issued last night:

"A forward movement developed to-day all along the front from Rechicort (Rixingen), in Lorraine, eleven miles southwest of Saarsbourg to Sainte Marie Aux Mines. We carried the latter and advanced into the region of Saint Blaise.

"The French troops, who accepted Donan Saturday, continued to advance, their progress being especially rapid in the Schirmeck Valley. We have taken 1,000 prisoners in addition to the 500 on Friday. Large quantities of equipment were abandoned by the Germans; we have also captured this. We pushed as far as Lorquinheight, capturing a convoy belonging to a cavalry division consisting of 19 automobiles and lorries.

"The Germans attacked Dinant. Their forces consisted of a guard division and the first cavalry division, supported by several battalions of infantry and machine gun companies. When these forces appeared on the left bank, the French attacked with great vigor and dash. The Germans soon gave way and re-crossed the Meuse in great disorder. Many who failed to reach the bridge slipped down the steep bank and fell into the swiftly-flowing river and were drowned.

"Profiting by the disorder, a French light cavalry regiment followed over the river and pursued the Germans for many miles. This regiment put to flight and drove before it greatly superior forces of German cavalry.

"The Russian mobilization has been carried out with remarkable rapidity. The army is now ready to assume the offensive, which soon will make itself felt. Already in Galicia Russian cavalry has crossed the frontier, driving back the Austrians."

GREECE AND TURKEY NEXT.

War Looms Up In the Levant—Russia Makes Demand.

COPENHAGEN, Aug. 17.—Russia has demanded that the Turkish Government shall grant free passage to the Russian fleet through the Dardanelles.

And Greece, Too.

LONDON, Aug. 17.—A Reuter despatch from Rome says that the Paris correspondent of The Tribuna hears that Greece has decided to demand explanations from Constantinople regarding the concentration of Turkish troops on the frontier. Unless the reply is satisfactory, Greece will mobilize forthwith.

Outrage Says Turkish Envoy.

WASHINGTON, Aug. 17. — The Ambassador to the United States from Turkey yesterday intimated that his Government yet may become involved in the struggle in Europe between the entente and alliance. The intimation was made when the Turkish Ambassador said that if Great Britain insists on Turkey yielding the two German cruisers, Goeben and Breslau, which have taken refuge in the Dardanelles, Turkey might forcibly resist.

The Ambassador said Great Britain "has outraged, not only Turkish sentiment, but that of the whole Islamic world," by her seizure of two Turkish dreadnoughts in English shipyards, and thereby has forfeited any appeal to international law in the matter of the German warships.

"There is every reason to believe that Turkish dreadnoughts, the Sultan Osman and the Rechaide, in construction for Turkey in British shipyards, have been seized," said the Ambassador. "If this is true, then Great Britain and her allies will have lost the right to make representations to Turkey."

U. S. Gunboat Saluted.

ST. CATHARINES, Aug. 17. — A striking incident occurred on Saturday afternoon, when the U. S. gunboat Dubuque was passing the headquarters of the 19th Regiment, doing guard duty on the Welland Canal. The guard of that division was drawn up facing the American craft and saluted it by presenting arms, while the marines aboard the gunboat stood at attention on the forward deck.

German Wounded Reach Moscow.

LONDON, Aug. 17. — German wounded are beginning to arrive at Moscow, says a Reuter despatch from St. Petersburg, and they are being well cared for.

HOUSE OPENS TO-DAY

Debates In Emergency Session Will Probably Be Short.

HORSE COMBINE BROKEN

Unpatriotic Dealers In Parts of Ontario Endeavor to Hold Up Government on Price of Mounts, But Fail — Col. Hughes Issues a Statement Regarding the Protection of Explosives.

OTTAWA, Aug. 18.—The fourth session of the present Parliament will be opened this afternoon by H. R. H. the Governor-General. Their Royal Highnesses the Duchess of Connaught and the Princess Patricia will occupy seats near the throne but the floor of the Senate will not be surrendered as usual to the wives and daughters of Senators and members. The Senators will occupy their seats and the desks will not be removed for the opening ceremonial as it is intended to proceed at once with the work of the session. On this account a number of social functions which usually accompany the opening of Parliament, including the drawing room and state dinner, will be dispensed with.

The House of Commons, however, will not get down to business as quickly as had been anticipated. It was stated at the Prime Minister's office yesterday afternoon that the debate upon the address in reply to the speech from the throne would not be proceeded with until to-morrow. When the Commons return from hearing the speech from the throne this afternoon, Sir Robert Borden will lay upon the table of the House, copies of all orders in council and other documents respecting the war, including the correspondence with the Imperial Government and then move that the vice-regal speech be taken into consideration on the following day.

How long the debate on the address may continue will depend to some extent upon how much of the Government's legislative program is forecast in the Premier's speech. Should his statement to the House be a general one, not anticipating the specific proposals of the Government, the debate is not likely to be prolonged.

Some discussion, however, may be expected when the financial proposals of the Government come before the House for discussion. The Government, it is understood, will ask for wide powers on many subjects, including authority to regulate the prices of all food products and some of the Liberal members are contending that Parliament should be kept pretty constantly in session during the war, instead of being asked to delegate extraordinary powers to the Government. The best of good feeling seems to prevail among the members now here, party lines being for the time obliterated.

Col. Sam Hughes issued a statement last night expressing the hope "that the public would recognize the urgent importance of thoroughly guarding and protecting at the present time all stores of arms, ammunition and other munitions of war and the necessity of placing a sufficient guard for that purpose at all points where attack might be apprehended."

The horse dealers combine has been broken. Several carloads of horses for artillery purposes arrived in Ottawa yesterday and prices dropped at once to $140. The best prices given were $165.

The Militia Department found itself up against a combine on the part of many farmers and dealers, and the prices demanded for horses ranged all the way to $450. Toronto was the worst centre of the combine.

The Department is now in a position to control the situation, and will not pay over a certain figure, but the action of the Ontario farmers and horse dealers has delayed mobilization of the artillery and rendered the work more difficult. The difficulties, however, are now over.

It is announced for the information of all concerned that a despatch has been received from the War Office requesting that the widest publicity be given to the following army order:

"His Majesty the King has been graciously pleased to approve pardons being granted to soldiers who were in a state of desertion from the regular forces on Aug. 5, 1914, and who surrender themselves in the United Kingdom on or before Sept. 4, 1914, at any station abroad where there are regular forces on or before Oct. 4, 1914. They will forfeit all service prior to date of surrender, but such service may subsequently be restored under the conditions laid down in the King's regulations for restoration of service forfeited under section 79 of the Army Act. Deserters who enlist between Aug. 5 and Oct. 4, 1914, both days inclusive, in any colonial corps, which may have been or may be placed at the disposal of the Imperial Government for the war will be granted a free pardon and at the expiration of their service in such corps will not be claimed for further service in the regular forces of the United Kingdom. They will, however, forfeit all service rendered in the regular forces of the United Kingdom prior to the date of such enlistment. The provisions of this order will not be applied to men who have fraudulently or improperly enlisted."

Pope Eager For News.

ROME, Aug. 18.—(Via Paris.)—Notwithstanding his weakness, the Pope has insisted upon receiving from the papal secretary of state, Cardinal Merry Del Val, a complete report on the war situation, the latest news from the field and the possible developments. The pontiff has expressed his most ardent desire to do anything in his power to check the bloodshed.
