New Fish Regulation.

The Ontario Government's bill respecting the fisheries of the province has been made public. It consolidates the act to a large extent but also provides some new rules which are of great importance.

The Lieutenant-Governor in Council may make regulations and may amend regulations for the purpose of carrying into effect the provisions of the act.

The commissioner may at the request of lessees of fishery leases appoint guardians, whose duty it will be to prevent poaching.

All nets shall bear the name of the owner upon them and nets without the name may be confiscated.

Fish companies and fish dealers purchasing fish direct from the lessees, licensees or holders of permits shall keep a record of the different kinds and quantities of fish secured by them.

The Commissioner of Fisheries shall have the power to set apart any suitable provincial waters for the cultivation and propagation of frogs and to make regulations with reference to the capture thereof.

No speckled trout, bass or maskinonge taken or caught in provincial waters shall be exposed for sale in or exported from the province before July 1, 1903.

Sturgeon is removed from the commercial class to the sporting class and no such fish shall be caught without a license and none between April 15 and June 15.

The anglers' limit is fixed as follows: In one day 12 bass, 20 pickerel and 20 maskinonge; 15 lbs. speckled or brook trout, or 50; no speckled trout between Sept. 1 and May 1.

The fish to be caught are to be not less than: bass 10 inches; speckled trout 6 inches, maskinonge 24 inches.

Tourists are limited to 10 lake trout. The limit of salmon trout or white fish is 2 lbs. or 1½ lbs dressed.

The department will give half of the fines to the informant.

There have recently come to light an apron—probably the most exquisite example of needlework extant—that busied the fingers of the hapless Mary, Queen of Scots, during her long imprisonment, and served to divert her mind from her impending doom at the block. The fallen sovereign—all hope gone—centred her interest upon it during the latter part of her long confinement, and created the masterpeice of needlework. Just before her execution she secreted her prized apron under the lining of one of her robes which kept her treasure safe until the garment was ripped apart. Its history has since been fully authenticated through letters written by the ill-starred Queen to a friendly ambassador at Paris, who smuggled the material out of which it was wrought into her dungeon. By strange chance the apron came into the possession of an American, who has refused $50,000 for it, and has also declined $50000 for the priveledge of unravelling a single stitch to learn its secret, which is a mystery to all the experts. Its owner has consented, however, to its reproduction in large size in the June Ladies' Home Journal.

The people of Windsor, in Canada, opposite Detroit, are angry because Philadelphia schoolboys sent a message of sympathy to President Kruger, and they propose to retaliate by sending a message of sympathy to Aguinaldo on May 24, Queen Victoria's birthday. This decision was reached last evening in a meeting of the Board of Education of Windsor. Arrangements were made to solicit subscriptions to defray the expenses of two delegates. Alexander Black, secretary of the Board of Education, said to-day that they would "show the Yankees that two countries can play the sympathy game." He added that they "would throw a lance into the eagle in return for Philadelphia's harpooning of the lion." The resolutions to be delivered to Aguinaldo, if he can be found, will express "admiration for the brave stand the Filipinos have taken against the unjust war waged against them by the Americans."

Geo. Coram of West Luther, had an encounter with a boar last Friday, which gave him as much excitement as many of our soldiers in South Africa get with the typical Boer. After making a reconnaissance in force of the pig pen he decided to dislodge the enemy and drive him from his position. Armed with a stout club he made a flank movement, but the enemy suddenly charged, driving Mr. Coram from his position, inflicting a cut about four inches long and about one and a half inches deep on the left thigh of Mr. Coram. This the enemy accomplished with one of his lance-like tusks. It took several stitches to bring the muscles and flesh together.

The militia orders gazetted the following changes in the staff of the 31st Battalion: Capt. A. D. Galbraith, of Company No. 4, Durham, retires, and is succeeded in command by Second Lieut. O. N. Snider; Second Lieut. J. McD. Telford succeeds Capt. R. McKnight, retired, in command of Company No. 3, Owen Sound; and G. F. McFarland is gazetted as lieutenant of Company No. 6, Flesherton; vice Richardson promoted to captain.—O. S. Times.

Many a schoolgirl is said to be lazy and shiftless when she doesn't deserve the least bit of it. She can't study, easily falls asleep, is nervous and tired all the time. And what can you expect? Her brain is being fed with impure blood and her whole system is suffering from poisoning. Such girls are wonderfully helped and greatly changed, by taking

Ayer's Sarsaparilla

Hundreds of thousands of schoolgirls have taken it during the past 50 years. Many of these girls now have homes of their own. They remember what cured them, and now they give the same medicine to their own children. You can afford to trust a Sarsaparilla that has been tested for half a century.

Stone's Settlement.

From Our Own Correspondent.

Seeding is well under way but will very likely occupy the balance of this month for its completion.

The annual business meeting of the Epworth League was held in the old school house on Thursday evening, when the following officers were elected for the coming year:—President, Miss Bell Harrow; 1st vice president, Miss Flossie Stone; 2nd Vice President Miss Nettie Stone; Secretary, Mr. J. J. Lyness; Treasurer, Norman Fletcher.

Our Sabbath school opened for the summer months on Sunday last, with J. J. Lyness, Superintendent.

Mr. Campbell, P. S. I, visited our school last week, found every thing O.K. and granted the pupils a half holiday.

Mrs. McPhatter of Owen Sound spent a few days visiting old friends and neighbors in this vicinity.

We are glad to report that Mrs. Wm. Patterson is recovering from her recent severe illness.

Friday, last was arbor day in our school the work done in the grounds through the day being inspected in the evening somebody's pigs.

Eugenia

From Our Own Correspondent

Mother Earth has again donned her spring garments and is smiling in her mantel of green.

Artemesia council met at Eugenia on Saturday last. A great many of the ratepayers came out to see them, as it was something unusual for Eugenia to be honored by their visit. Come again, gentlemen; mine host Munshaw can entertain you right royally.

Mr. Thomas Crowe is very sick at present. We hope to see him around again soon.

The friends of Mr. James Hepburn, a young man well known in this neighborhood, received the sad intelligence of his death at Little Current on the 14th of April. The news was received on Thursday last. Great sympathy is felt for his aged mother and sisters. His brother has gone to see after the remains.

Dear mourners dry those weeping eyes;
By faith look up and see
Your brother safe in Jesus arms—
He waits to welcome thee.

Mr. Elijah Paul met with a severe accident recently. While chopping wood he cut his foot very severely. Dr. Carter attended to the wound and he is now getting better.

Mr. Jas. Magee of Salem had a valuable horse die the past week.

Fishing is now the order of the day but on account of the recent cold spell the speckled beauties are rather shy.

Ceylon.

From Our Own Correspondent.

Mrs. McPhatter of Owen Sound, who has been spending a few days with friends here, returned home Monday.

Mr. A. Dove and daughter of Cleveland, Ohio, spent a few days at Mr. T. Chislett's.

Miss M. Chislett of Owen Sound spent Sunday with her parents here.

Mrs. Egan of Hamilton visited with her brother, Mr. J. B. Egan.

We are pleased to learn that Mr. Wm. Wright, who has been seriously ill, is slowly recovering, also Mrs. Geo. Hawke.

Friday was Arbor day at our school, and as a result the school grounds presented a tidy appearance.

Mr. J. Wilson of Toronto returned to his factory on Monday. We believe Mr. Wilson purposes commencing business this week.

The many friends of Mrs. Jas. Phillips, formerly of this place, but now of Toronto, will learn with regret of her sudden death, which occurred at her home on Northcote avenue two weeks ago. Mrs. Phillips was a kind neighbor and a good friend. The deceased was a sister of Mr. Edward Hanley of Osprey.

Markdale

From Our Own Correspondent.

Born—To Mr. and Mrs. F. J. Ritchie, on May 2nd, a son.

The citizens of our town are casting in their mites for the relief of the Ottawa and Hull sufferers. They sent forty dollars last week and the subscription list is still open for signatures.

Mr. Perkins is successor to Mr. Jos. Trelford in the establishment of J. E. Trelford, hardware merchant of this place, and we extend to him the right hand of citizenship.

Mr. Schumaker, proprietor of the Markdale House, has been in Toronto at the hospital. He has had an operation performed and has so far recovered that he was able to return home on Saturday evening.

Messrs. Chas. Ryan and M. K. Beaton have a gang of men here loading square timber. They find some difficulty in securing cars, which is quite a drawback.

Our town is making great preparations for a right royal celebration on the 24th of this month. There will be all kinds of athletic sports, a lacrosse match included.

We are sorry to relate that Mrs. Cunningham, widow of the late William Cunningham, of the suburbs is in a very critical state of health at the time of writing. She has been afflicted with cancer for a number of years, and that coupled with recent complications and being well up in years is fast hastening her final end, which is looked for every day.

Mrs. P. McCullough goes to Georgetown for a prolonged visit, while Mr. McGoes on a European tour. He purposes taking in the Paris exposition and also to visit Rome. We wish him bon-voyage, and a safe return.

Miss A. M. Buskin is home on a visit from Guelph.

The copious showers that we are having at this time of writing (Tuesday) is bringing on vegetation very rapidly.

Mr. Ralph Watson left this morning to take a situation in Hastings. We wish Ralph every success as he is a very steady boy and a good worker.

Willie Jones, of Jones' Falls, brother of Private Noble Jones, now in South Africa, has beaten the soldier in the matter of sustaining a bullet wound. On Friday last he was cleaning a revolver when the weapon discharged and a bullet lodged in his left hand, and has not yet been extracted. He naturally suffers a good deal of pain, but the bullet is imbedded in the bone and an operation has not yet been decided upon.—Sun.
