KENNEDY'S PAIN KILLER!

Experience has fully demonstrated that no remedy has proved so universally prompt and efficient in releaving Coughs as the Pain Killer. It is besides a safe remedy. Full directions with each bottle.

KENNEDY'S HAIR RESTORATIVE!

Will return any head of hair after becoming grey, to its natural color, and make it more beautiful than at the age of eighteen.

TO THE READER.

These Medicines are prepared with great care, and expressly for family use, and are so admirably adapted to preserve health and remove disease, that no family should be without them. If you doubt this, read the following Certificates:—

ERYSIPELAS CURED.

The testimony of a Sister of Charity as to the Medicine Properties of Kennedy's Liniment and Pain Killer:—

Mr. James Kennedy, Dear Sir,—I shall ever feel grateful I have been made acquainted with your valuable Liniment and Pain Killer, and availed myself of an opportunity to test their remedial virtues. During a period of two years, I had been a subject of much suffering, the result of an erysipelas sore upon one of my legs; the skin upon it became black and blue, it was at times swollen to twice its natural size, and very painful: I tried everything which I thought might relieve me; I consulted four physicians, but derived no benefit from anything which I applied till I commenced taking your medicines, which I am happy to say have entirely cured me. I feel as if it would be impossible to say too much in favour of your excellent medicine; and it will always afford me pleasure to recommend it, particularly to those who may be effectually relieved by its powerful agency.

Sincerely yours, VICTORIA HANLON.

OLD

Doctor Davis!

Physician & Surgeon

OFFICE,

Corner of James and King William Streets,

(Up stairs,)

Directly opposite the Market, entrance on King William Street.

CAN be consulted at all hours, day and evening, on all Chronic Diseases, Diseases of Women and Children, Midwifery, &c., together with those of a private nature. He has devoted over thirty years to the treatment of the above named diseases, and the success, so far, has been without a parallel, as may be seen from the numerous testimonials in his possession.

Private Diseases.

It is well known that this branch of the medical profession has been much neglected from the fact that it is mostly represented by quacks, who invariably practice under an assumed name. Dr. D. has devoted much of his time to the various forms of this disease and by his improved remedies its worst stages are brought under subjection in from four to ten days. The many ills arising from SECRET HABITS in both sexes permanently eradicated.

No Mercury Used.

Patients at a distance can be treated by corresponding with the Doctor, stating the symptoms of their disease, age, length of time afflicted, etc., and receive his celebrated remedies by express, or as otherwise directed securely packed from observation. A reasonable remittance on all such applications will be required.

Dr. Davis' Celebrated Female Pills.

For irregularities, Suppression of the menses Leucorrhœa or Whites, and all female difficulties, have been before the public for the past ten years, and are universally admitted to be the best remedy for which they are recommended of any now in use. Thousands have used them without one single instance of their failing, to have the desired effect. Printed directions accompany each box. Sent by mail to any part of the country on the receipt of one dollar.

The doctor can be consulted at all times with the utmost secrecy, as his office is so arranged that it is impossible for patients to see each other, unless by consent.

No charge for advice when obtained at the office, if by letter, one dollar.

All letters must be addressed (prepaid) to D. DAVIS, M. D., Hamilton, C. W., and to contain a P. O. stamp when an answer is required.

MILTON

FOUNDRY!

THE SUBSCRIBER HAVING LEASED this Foundry for the present year begs to announce to the Public that he is manufacturing largely the various IMPLEMENTS enumerated below.

THE

KIRBY

HARVESTER!

is a

COMBIN'D REAPER & MOWER

of the most approved construction. Being almost entirely of IRON, very compact, simple and of great strength, it must be durable. The Guards can be removed with ease, being BOLTED to a Wrought Iron Finger Board. If any should break they can be replaced whilst the machine is in the field, in a few minutes. In ten minutes it can be changed from a Mower to a Reaper, and the Reel can be used for both operations.

ONE IMPORTANT FEATURE.

It has NO SIDE DRAUGHT, and the weight of both Driver and the Raker bears immediately over the driving wheel. It will pass with ease through any ordinary gate, and it has taken more prizes since it has been in operation than any other machine in the United States, and take the first Prize at the County Show last Fall, in Milton, which was open for Combined Machines to the Province, and for which the St. Georges Machine competed, which took the First Prize at the Provincial Show. Several were in operation in the vicinity of Milton during the Harvest. References can be given with regard to the excellence of their operation,

of the

SEPARATORS AND HORSE POWERS

The extraordinary success of of those Machines during the last season, needs no comment. They have been in operation in various parts of the County, and Thrashers are unqualified in their praise. They will Thrash more and clean better than any other machine in the Province. The SHOE is warranted not to choke, no matter how much grain is put through. Enquire of the Farmers in whose barns they have been, and of the thrashers who have purchased them,

THE

CULTIVATOR

has been

Still Further Improved

and is now a most efficient implement, easy of draught, and will cultivate to a depth of six inches.

THE BLADES

cross each other to such an extent, that it is able for thistles or other noxious weeds being effectually cut up.

PLOUGHS!

Every useful variety of

PLOUGH PATTERNS

always on hand, but our efforts have been more especially directed to the development of the celebrated

"MODELAND PLOUGH."

Our Iron Headed Metallic Standard Modeland Plough, stands confessedly unequalled by any other in the Province. We would call attention to the fact, that an Inferior Plough to this,

MANUFACTURED AT THIS FOUNDRY!

took the

Second Prize!

A Bronze Medal, at the
